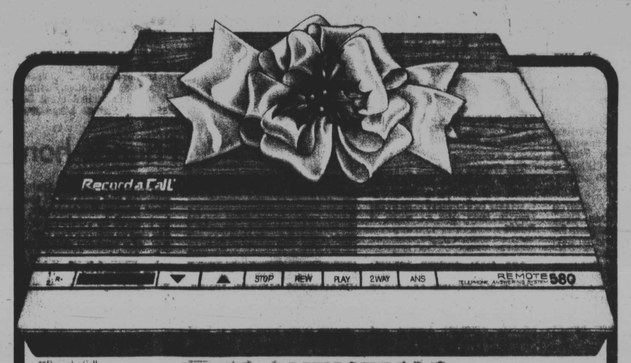
FRANKLIN UNIFORM



**Record-a-Call Remote VOX 580

THIS CHRISTMAS, TRIM SOMEONE'S TIME ON THE PHONE.

*TeleHelper answer and record unit

Do you know people who are never home? And when they are, can't be interrupted? Then give them a gift that answers the phone for them. That way, they can make that tennis date. Take that cooking class. Enjoy their privacy. Without ever missing an important call.

Your Bell PhoneCenter has two terrific models.

The Record-a-Call* telephone answering machine records 30 minutes of messages. The outgoing announcement can be 30 minutes as well. And the people who receive this can receive their messages from any phone, anywhere.

The TeleHelper* answer and record unit plays a 20-second outgoing announcement and records twenty 30-second incoming messages.

Or trim someone's time looking up phone numbers with the Touch-a-matic S* telephone. It remembers 12 local and long distance numbers for fast, accurate, one-button dialing. When the receiver's picked up, the first two numbers light for quick identification. And it's available in wall and desk models.

They're all ingenious gifts to give. All genuine Bell quality. But if you can't make up your mind, just choose a gift certificate.

So stop by a PhoneCenter soon. There's one close to home or work. And help people trim something besides a tree this Christmas.
