IN MEMORIAM

MATTHEWS - In loving memory of our mother and grandmother, VASHTI MURPHY MATTHEWS, who passed away November 26, 1981:
Peace, perfect, peace
In this dark world of sin;
The blood of Jesus whispered,
'Peace within'.
Peace, perfect, peace
by thronging duties pressed.
To do the will of Jesus,
This is rest.
Peace, perfect, peace
With sorrow's surging round
On Jesus' bosom, naught but calm is found.
It is enough;
Earth's struggles soon shall cease,
And Jesus call us to Heaven's Perfect peace.
CHILDREN and GRANDCHILDREN

CARDS OF THANKS

BROWN - The family of the late, EDWARD LEE BROWN, wishes to express heartfelt thanks to it's friends for the many cards and kindnesses shown during their time of great sorrow.

Command and Control, Communication System Engineers
Radar Systems Engineers

IBM will be in Washington, D.C. on Saturday, December 3 to meet talented C³ & Radar Engineers

Call collect (607) 751-5326 this Tuesday or Wednesday 3 PM-7 PM for a preliminary briefing and to schedule interview.

IBM Federal Systems Division in Owego, New York has immediate openings for system engineers and software system engineers in its Electronic Systems organization.
You will be talking to technical management in the IBM operation that designs and develops systems supporting Strategic Command, Control and Communications (C³) and Radar capabilities.
We'd like to meet engineers who have the following qualifications:

Command and Control System Software Engineers

To develop command and control system software architectures. Should have at least 5 years of broad C³ systems experience in WWMCCS or related application program and data base design. Must have knowledge of secure SW systems, intelligent workstations, C³I automated message handling, federated networks of information processing systems, and data base file transfer/update processes.

Communication System Engineers

To develop communication systems architecture, including cost and performance. Must have 5 or more years of experience designing and developing strategic military communication systems including use of satellites, radio, and common carrier landlines for special purpose networks; data transmission protocols and formats, including TCP/IP and X.25; communication technical control systems; COMSEC systems.

Radar Systems Engineers

Apply radar systems expertise to the definition, specification, design evaluation, and integration of airborne multimode radars into advanced avionics systems. A minimum of 5 years in radar systems design required. Must be heavily experienced in radar systems engineering in order to specify radar systems to meet requirements for operating in terrain-following, terrain-avoidance, ground map, weather detection, and air-to-air and air-to-ground beacon modes. Responsibilities will require customer/subcontractor liaison.

Added Attractions

IBM offers an opportunity to work with many of the top scientists and engineers in your field. Salaries are fully commensurate with credentials. Benefits are notably comprehensive.
Owego, located in upstate New York, not far from Binghamton and Syracuse, offers ready access to city, suburban and rural living with a wide range of cultural opportunities.

Contact Us Promptly

If unable to phone, or meet us in Washington, please send confidential detailed resume to: Ms. Deborah A. Matthews, Employment Representative, IBM Corporation, Dept. AA-1125, Route 17C, Owego, NY 13827.
