—Civil Defense

(Continued from page 13)

plan we would pick and go from where the seven-year planning program had been halted."

There are two standard signals that have been adopted in most communities. They are the Attention of Alert Signal which is a three to five-minute steady blast on sirens, whistles, horns or other devices. Residents are encouraged to turn on their radios and televisions because the local government would broadcast important information.

The Attack Warning Signal will be sounded only in case of enemy attack. It is a three- to five-minute sound on the sirens or a series of short blasts or whistles, horns, or other devices, repeated as deemed necessary. This signal means that an actual enemy attack against the United States has been detected and that protective action should be taken immediately.

Every Monday afternoon at one o'clock, the Civil Defense warning signals are tested to ensure their use in time of an emergency.

Both Dr. Saini and McMahon agree that any evacuation of the residents would take three days with complete cooperation from both state and local governments. Yet, in the event of a nuclear attack on Baltimore today, there would be nothing to do to protect those that might survive.

"The best defense against nuclear war is limiting the number and use of nuclear weapons worldwide. It is not enough for the super powers to scale down when there is a chance that a smaller nation might explode a nuclear weapon somewhere else in the world," McMahon said.

He added, "It seems at present that the chances for nuclear war between the U.S. and the Soviet Union are slim because of the great destruction involved for both nations. This country must, as long as there is only one nuclear weapon on earth, be prepared to defend the U.S. properly."

Dr. Saini stated, "I think that the residents of Baltimore should concern themselves with the threat of nuclear war and the effects thereof. More attention should be focused on prevention of nuclear war rather than winning a nuclear war. The chances of winning such a war is slim if not impossible."

"Let's not wait until the "Day After" to start being concerned about nuclear war. Our only chance is controlling the 'day before,'" Dr. Saini said with a sigh.

—Veneral disease

Continued from page 1

currences of gonorrhea the disease is showing an increasing resistance to treatment.

"The dosage of penicillin we used in the 1950's was lower than that used in the 60's. The more often penicillin is used the more likely it is to induce the evolution of resistance" said Bill Palm principal health educator of the Division of Sexually Transmitted Diseases.

The bacteria that cause gonorrhea are thousands of years old and were recorded in the medical history of the ancient Egyptians and Chinese.

"It has been passed from person to person and generation to generation through direct sexual contact," said Palm.

One cannot contract the disease by shaking hands or from toilet seats as is sometimes supposed.

Palm cites gonorrhea as the main priority in Baltimore City where an average of 20 000 cases are reported each year.

"The main problem is pelvic inflammatory disease (PID) in women. About 20 percent of the untreated gonorrhea in women is the result of an infection spread from the womb to the fallopian tubes " said Palm.

The victims of PID usually are unaware that they have the disease until they typically end up in an emergency room with abdominal pains and fever.

"They may feel like they have appendicitis " says Palm.

When gonorrhea has advanced to this stage it can cause sterility because of tube blockage. If tubes are only partially blocked tubal pregnancies can be caused with possible hemorrhagina. Ectopic pregnancies (tubal pregnancies) are on the increase according to Palm.

Because the female organs are internal women are less likely to spot discharges "which are very often not noticeable".

As a preventive measure Palm suggests that women have their gynecologists test for gonorrhea during checkups.

Men are more fortunate in this instance said Palm because they are quickly tipped off by a puss-like discharge and painful urination in the early stages of the disease.

Still he said 10 percent of the male population have asymptomatic gonorrhea and display none of the usual symptoms.

Although gonorrhea is easily cured Palm said there are cases of complications that lead to arthritis and possible heart infections. A Baltimore woman died from gonorrhea just five years ago he said.

Treatment of gonorrhea involves administering penicillin and antibiotics either by pill or injection.

"Some types are resistant to penicillin but so far for every type of (gonorrhea) bacteria that's come uP we've found treatment.' said the health expert.

How does one avoid contracting gonorrhea short of celibacy?

"Having good communications and a stable relationship is very helpful. Having multiple sexual partners - or having a partner who does - increases your risk. When you sexually encounter someone new you're encountering new risks " said Palm who also recommends the use of condoms.

"They are not foolproof but they do reduce the risks."

Graphs prepared by the Division of Sexually Transmitted Diseases show that the average age of clinic visitors is 20. Most of the males treated are between the ages of 15 to 22. Most of the females are ages 15 to 19.

Palm attributes the dramatic rise in incidences of gonorrhea to the increased resistance of the disease to penicillin and the change in the sexual behavior of women particularly at the younger ages. NEXT WEEK: THE SYPHILIS SCARE AND ITS LONG-RANGE EFFECTS

Portfolio day scheduled at Md. Institute

The 1983 Portfolio Day to be held on Saturday, Dec. 10 at the Maryland Institute, College of Art will provide students interested in pursuing the study of art with an opportunity to meet with representatives from more than 35 of the nation's leading art colleges.

From 12:00 noon to 1:00 p.m., tours of the Maryland Institute will be offered and portfolio reviews are scheduled from 1:00 to 5:00 p.m.

Registration and the events of Portfolio Day will take place at the institute's Fox Building, across the street from the school's main building at 1300 West Mount Royal Avenue.

Students—parents, art teachers and friends are welcome too—may take advantage of Portfolio Day to discuss their artwork with art college representatives and to obtain information about art programs, careers in art, admissions procedures and financial aid. Portfolio Day is particularly valuable and convenient because it helps prospective students avoid the expense and time required for visits to individual schools.

For further details, contact: Admissions Office, Maryland Institute, College of Art, (301) 669-9200, extension 222 or 223.

STATE OF MARYLAND

DEPARTMENT OF TRANSPORTATION
STATE HIGHWAY ADMINISTRATION

NOTICE TO CONTRACTORS

Secretary's Office

SEALED BIDS for projects listed below will be received by the State Highway Administration at its offices, 707 N. Calvert Street, Baltimore, Maryland 21201 until 12 Noon on the 15th day of DECEMBER, 1983, which time and place they will be publicly opened and read. The Maryland Department of Transportation (MDOT) hereby notifies all bidders that in regard to any contract entered into pursuant to this advertisement, minority business enterprises will be afforded full opportunity to submit bids in response to this notice and will not be subjected to discrimination on the basis of race, color, sex or national origin in consideration for an award.

On Federally assisted projects, the bidders's attention is called to the Standard Federal Equal Employment Opportunity Construction Contract Specifications (Executive Order 11246) which is a part of the contract proposal. All of these activities shall be done in accordance with Title VI of the 1964 Civil Rights Act, as amended.

FEDERAL AID PROJECTS

It is the goal of MDOT that minority business enterprises participate in all Federal - Aid contracts. Each contract will contain specific participation goals for women and minority business enterprises.

BALTIMORE & HARFORD COUNTIES — CONTRACT NO. AW.-735-501-476; FAP N. HES - 0005(73)
COST OF PLANS - $30.00 PROJECT CLASSIFICATION - B

BIDS & PROPOSALS

SECTION I
INVITATION FOR BIDS
CONTRACT NUMBER 8-170-S
CALIFORNIA RUN WASTEWATER PUMPING STATION
FORCE MAIN AND INTERCEPTING SEWERS
FEDERAL GRANT PROJECT NUMBER C - 340709 - 02
ST. MARY'S COUNTY METROPOLITAN COMMISSION, OWNER

Sealed bids in duplicate, addressed to the Chairman of the St. Mary's County Metropolitan Commission, and marked for "Bid Construction of Contract Number 8-170-S, California Run Wastewater Pumping Station, Force Main and Intercepting Sewers" will be received at the office of the St. Mary's County Metropolitan Commission at 1918 Shangri-La Drive, North, Suite 109, Lexington Park, Maryland 20653, until 2 p.m. (E.S.T.) on December 20, 1983, and then and there the bids will be publicly opened and read.

Contract No. 8-170-S consists, in general, of the construction of a three level reinforced concrete and masonry Wastewater Pumping Station and all incidentals complete, including but not limited to clearing and grubbing, entrance road, site work, excavation and backfill, control of groundwater and surface runoff, soil erosion and sediment control, reinforced concrete work, brick and block masonry, electrical-mechanical equipment, heating and ventilation, instrumentation, interior and exterior piping, and all related work to provide a complete, and operational station and construction of approximately 861 L.F. of 10-inch D.I.P. Force Main and 2843 L.F. of 10-, 15- and 18-inch gravity sewers with manholes and other appurtenances.

A pre-bid conference will be held on December 6, 1983, at 10 A.M. (Local Time), in the offices of the Metropolitan Commission to answer any questions concerning the plans or specifications. All potential bidders are invited to attend.

Contract documents may be examined in the office of the St. Mary's County Metropolitan Commission and at Kiddie Consultants, Inc., 1020 Cromwell Bridge Road, Baltimore, Maryland 21204, Monday through Friday, 9 A.M. to 3 P.M., local time and copies may be obtained from either office upon the payment of $50.00 (not refundable) by check made payable to Kidde Consultants Inc.

Individual prints of each Drawing are available at $1.00 per print (not refundable). Individual copies of the Specifications may be obtained upon payment (not refundable) of $25.00.

Contract Documents and Drawings will be mailed by Kiddie Consultants, Inc. to those requesting this service for an additional $15.00 per set or if partial sets are requested to be mailed, the cost of $10.00 for handling and postage will be charged.

A bid bond in the amount of five (5) percent of the total bid must accompany each proposal.

Attention of bidders is called to the minimum wage rates, as predetermined for this project by the Secretary of the U.S. Department of Labor as set forth in the Specifications.

Any Contract or Contracts awarded under this Invitation for Bids are expected to be funded in part by a grant from the United States Environmental Protection Agency. Neither the United States nor any of its departments, agencies or employees is or will be a party to this Invitation of Bids or any resulting contract. This procurement will be subject to regulations contained in the FEDERAL REGISTER (Volume 40, Number 243, Part II, Title 40 Chapter 1, Subchapter B, Part 35, December 17, 1975.

NONDISCRIMINATION IN EMPLOYMENT

BIDDERS ON THIS WORK WILL BE REQUIRED TO COMPLY WITH THE PRESIDENT'S EXECUTIVE ORDER NO. 11246. THE REQUIREMENTS FOR BIDDERS AND CONTRACTORS UNDER THIS ORDER ARE EXPLAINED IN THE SPECIFICATIONS.

NOTICE OF REQUIREMENT FOR CERTIFICATION OF NONSEGREGATED FACILITIES

bidders and offerors are cautioned as follows: By signing this bid or offer, the bidder will be deemed to have signed and agreed to the provisions of the "Certification of Nonsegregated Facilities" in this solicitation. The certification provides that the bidder or offeror does not maintain or provide for his employees facilities which are segregated on a basis of race, creed, color, or national origin, whether such facilities are segregated by directive or on a de facto basis. The certification also provides that he will not maintain such segregated facilities. Failure of a bidder or offeror to agree to the Certification of Nonsegregated Facilities will render this bid or offer nonresponsive to the terms of solicitations involving awards of contracts exceeding $10,000 which are not exempt from the provisions of the Equal Opportunity clause.

AN AFFIRMATIVE ACTION EQUAL OPPORTUNITY EMPLOYER

CITY OF BALTIMORE
CONSULTANTS EVALUATION BOARD
PUBLIC NOTICE

The Baltimore City Consultants Evaluation Board has been requested by the Division of Waste Water Engineering to certify the qualifications of firms to perform professional services for the following project:

PROJECT #333/GWYNNS FALLS RELIEF INTERCEPTOR SEWER (DICKEYVILLE HISTORIC DISTRICT)

The Division of Waste Water Engineering requires the services of a qualified landscape architect to prepare designs and contract documents for landscaping along the alignment of the Gwynns Falls Relief Interceptor through the Dickeyville Historic District.

The scope of work shall include landscaping plans and accompanying construction contract specifications for the restoration and replacement of vegetation along the alignment and will be developed in cooperation and consultation with the Dickeyville Association and the commission for Historic and Architectural Preservation (CHAP) and reviewed by CHAP prior to construction.

The estimated construction cost of the proposed improvements is $100.000.00.

It is the policy of the City of Baltimore that maximum opportunity be extended to Minority Owned Businesses to participate in the performance of contracts under the City Procurement Program. The goal shall be that fifteen percent (15%) of the dollar amount of applicable contracts for professional services acquired by the City be awarded to Minority Business Enterprises. THIS MINORITY ENTERPRISE MUST BE SHOWN ON APPLICATION.

Firms desiring to be considered for such professional services should address a "Letter of Interest" to:

Executive Secretary
Consultants Evaluation Board
Room 300 Municipal Building
Baltimore, Maryland 21202
(301) 396-3350

Upon receipt of "letter of interest," each respondent will be sent an application questionnaire to be completed and submitted along with SEVEN COPIES (EIGHT IN ALL), for consideration. Out of State Corporations must submit the name of your Resident Corporate Agent with the application. Architectural firms applying must also submit copies of your Maryland State Certificate of Authorization. Completed applications will be accepted by the Consultants Evaluation Board until the close of business on DECEMBER 16, 1983.

GEORGE G. PERDIKAKIS
EXECUTIVE SECRETARY

CITY OF BALTIMORE
DEPARTMENT OF PUBLIC WORKS
BUREAU OF HIGHWAYS
INTERSTATE DIVISION FOR BALTIMORE CITY
NOTICE OF LETTING

Federal Aid Project No. IX 191(13)
State Highway Administration No. BC 311-94-815
City of Baltimore Contract No. 3R8

Sealed bids or proposals in duplicate addressed to the Board of Estimates of the Mayor and City Council of Baltimore, and marked "Grading Curbing Paving Drainage and Utility Adjustments, Fremont Street from Pier 3 to Concord Street" City of Baltimore Contract No. 3R8 will be received at the Office of the Board of Estimates, Room 204 City Hall, Baltimore, Maryland until 11:00 A.M. December 14, 1983. Positively no bids will be received after 11:00 a.m., Eastern Standard Time, and at 12:00 noon on said date they will be publicly opened by the Board of Estimates in Room 215 in said City Hall.

Baltimore City hereby notifies all Bidders that will affirmatively insure that in any Contract entered into pursuant to this advertisement, Minority Business Enterprise will be afforded full opportunity to submit bids in response to this invitation and will not be discriminated against on the grounds of race, color or national origin in consideration for an award. Also the Bidder's attention is called to the Standard Federal Equal Employment Opportunity Construction Contract Specifications (Executive Order 11246) which is a part of the Contract Proposal. All of these activities shall be done in accordance with Title VI of the 1964 Civil Rights Act as amended. It is the goal of the Interstate Division and the Bureau of Highways for Baltimore City that Minority Business Enterprises participate in all Federal-Aid Contracts. Each contract will contain specific participation goals for Minority Business Enterprises and one for Women Business Enterprises. THE CONTRACTOR SUBMITTING THE LOW BID ON THIS CONTRACT WILL SUBMIT AN AFFIRMATIVE ACTION PROGRAM (WITH ALL APPROPRIATE DOCUMENTS) AS STATED IN THE PROPOSAL.

Plans and Contract Documents may be examined without charge at the office of the Bureau of Highways, Third Floor, Municipal Office Building, Baltimore, Maryland and copies thereof may be obtained on and after November 21, 1983 and necessary copies thereof may be obtained on payment of Fifty Dollars ($50.00) for each copy which payment will not be refunded. Each bid must be accompanied by a Certified Check of the Bidder or Bank Cashier's Check or a Bank Treasurer's Check drawn on a solvent Clearinghouse made payable to the Mayor and City Council of Baltimore or a Bid Bond executed on the form as provided in the Bid or Proposal for an amount which is determined by multiplying the Total Bid submitted by two percent and rounding the result to the next highest Five Hundred Dollars ($500.00).

The successful Bidder will be required to give Bond in the amount of the Contract Price.

The Board of Estimates reserves the right to reject any and all bids and or waive technical defects if in its judgment the interest of the Mayor and City Council of Baltimore may so require.

Bids when filed shall be irrevocable.

Attention of Bidders is called to the Minimum Wage Rates to be paid on this project.

All Contractors and Sub-Contractors desiring to bid on, or sub-contract for work under the jurisdiction of the Department of Public Works must be prequalified with the Contractors Qualification Committee, City of Baltimore 1100 Municipal Building, Baltimore Maryland 21202. The Cost Classification Range for this work shall be $1 000 000 to $1 500 000. Contractors whose capacity rating does not meet the lower limit of the Qualification Range may obtain Plans and Proposals marked Not For Bidding Purposes". Prime Contractors whose capacity rating is equal to or greater than the lower limit of the Qualification Range must also have a capacity rating equal to or greater than the bid they are submitting. Bids submitted in an amount that exceeds a firm's capacity rating established by the Board of Estimates shall not be considered.
