Stop excusing your life away.
Everyone has an excuse for not seeing their doctor about colorectal cancer. However, every year 50,000 men and women die of colorectal cancer in this country alone. Two out of three of these people might be saved by early detection and treatment. Two out of three.
So what is your excuse? Today you have a new, simple, practical way of providing your doctor with a stool specimen on which he can perform the guaiac test. This may detect signs of colorectal cancer in its early stages before symptoms appear. While two out of three people can be saved. Ask your doctor about a guaiac test, and stop excusing your life away.
