Copies of the proposed service changes are available for public inspection from 8:30 a.m. to 5 p.m. Monday through Friday at MTA headquarters, 4th floor, 300 W. Lexington St., Baltimore, MD 21201-3415 until December 16, 1988.

The proposed service changes are for bus lines that serve Anne Arundel County, Baltimore County, and one bus line that operates only within Baltimore City.

Service Changes Proposed for Anne Arundel County

The MTA proposes to revise bus service on the following bus lines in Anne Arundel County: Nos. 14, 17 and 230. The 3. Elimination of all service on the No. 16 line is also proposed; however, a new express service is proposed to operate between downtown Baltimore and Pioneer City in Severn, Md., serving N.S.A. and Fort Meade.

No. 14

The MTA proposes the following changes on the No. 14 line:

1. Eliminate all service in Annapolis between Church Circle and Spa Road and Hilltop Lane.
2. Adjust service level to Anne Arundel Community College.
3. Use Aquahart Road as a connector road between Ritchie Highway and Crain Highway in Glen Burnie, instead of Fifth Avenue.
4. Eliminate the two p.m. express trips and the a.m. peak trip that operates via Jumpers Hole Road, Old Annapolis Road, to Furnace Branch Road.

No. 16

Although the No. 16 line would be eliminated, new service would serve the primary destination of the line in a more efficient and effective manner.

No. 17

The MTA proposes to:

1. Eliminate all service through Green Haven.
2. Eliminate all service to Long Point and Gibson Island on the No. 17 line and cut the line back to the Valleybrook Apartments located at Old Annapolis Boulevard and Faywood Avenue. During the peak periods, selected trips would be extended to Mountain Road and Route 100.
3. Eliminate all Harundale Mall trips.

No. 63

The MTA proposes the elimination of all No. 63 line service on Saturdays.

No. 64

The MTA proposes a new branch on the No. 64 to serve the residential area along Belle Grove Road from Ritchie Highway to Hoffman Avenue in Pumphrey. This area is now served by the No. 16 (proposed to be eliminated).

No. 210

The MTA proposes to eliminate all service along the College Parkway branch of the No. 210 line.

No. 230

The MTA proposes to change the route of the No. 230 line and to provide additional trips to Parkway Center during the peak periods. Service is proposed to operate each weekday, with two round trips proposed for Saturday between downtown Baltimore and Westinghouse.

No. 240

A new express service is proposed to operate from Baltimore to serve N.S.A., Fort Meade and Pioneer City. This new line is designed to replace the No. 16 line and offer a more direct route to the destinations noted above.

Service Changes Proposed For Baltimore County

The MTA proposes to eliminate service on the 8B, 8D, 8E, 18 Lutherville park and ride, and the Oliver Beach branch of the No. 35 line. To serve the areas these lines now serve, the revision of the Nos. 9, 11, 23 Express and 35 Franklin Square Hospital service is proposed. The No. 15A line is proposed for revision on Saturdays and a realignment of the No. 20 line in Westview is proposed.

No. 8B

The elimination of all service on the 8B is proposed. From Hunt Valley to Towson, the route duplicates the No. 9 line.

No. 8D

The MTA proposes to discontinue the 8D line. One No. 9 line trip will be scheduled to leave Towson State University and serve as a feeder line to the regular No. 8 line at York Road and Chesapeake Avenue. This trip will serve Providence, Hampton, Valley Crest and Springlake.

No. 8E

The discontinuation of this line is proposed. Patrons who now use this service in the off-peak direction will be able to ride the No. 8 line to Towson and transfer to the No. 9 line that is proposed to be added to serve Valley Crest and Springlake.

No. 9

The MTA proposes to increase service levels on this line to handle additional ridership that can be anticipated as a result of the discontinuation of the Nos. 8B, 8D and 8E.

No. 11

The MTA proposes to operate three No. 11 line express trips from the Lutherville Park 'N' Ride lot to downtown Baltimore. These trips will replace both the No. 8B line service and the No. 18 Lutherville Park 'N' Ride service.

No. 15A

The MTA proposes cutting all No. 15A service back to Overlea on Saturdays. The line will essentially function as a shuttle service between Perry Hall, White Marsh Mall and Overlea. Riders can transfer to the No. 15 line service at the Overlea bus loop.

No. 18

The MTA proposes to discontinue the branch of the No. 18 line which begins at the Lutherville Park 'N' Ride lot and operates to downtown.

No. 20

The MTA proposes to extend the No. 20 line service from its terminus in Westview to Rolling Road and Security Boulevard.

No. 23

To replace an express line that is proposed to be discontinued, the MTA proposes to add service to the No. 23 express and extend this service to Oliver Beach.

No. 35

MTA proposes to extend the No. 23 express service to Oliver Beach. From Oliver Beach, the No. 23 express is proposed to follow the regular route of the No. 35 line to Eastern Avenue and Martin Boulevard. Service will then follow Eastern Avenue to the Middle River bus loop and resume the regular route of the No. 23 Express.

In addition, the MTA proposes to extend selected No. 35 line trips from Franklin Square Hospital to Kings Court.

By proposing the discontinuation of the Oliver Beach branch of the No. 35 line, a segment of Pulaski Highway from Rossville Boulevard to 66th Street and the Chesaco Park area would be without service. The MTA therefore proposes to reroute selected trips from Franklin Square Hospital to cover these areas.

No. 47

All service on the No. 47 line is proposed to be eliminated. Service on this line operates from Cheswold in northwest Baltimore near the county line.
