NOTICE OF PUBLIC HEARING
RE: BALTIMORE REGION LABOR MOBILITY PROJECT

I. Notice is hereby given that a public hearing will be held by the Regional Planning Council (RPC) at 2225 N. Charles Street, Baltimore, Maryland 21218 from 2:00 to 3:00 p.m. on Monday, December 5, 1988 for the purpose of considering the above project for which financial assistance is being sought from the Urban Mass Transportation Administration, per the UMT Act of 1964, as amended, generally described as follows:
A. Description of Project — RPC and the Human Development Institute, Inc. (HDI) will work cooperatively on this project. The Human Development Institute proposes to lease or purchase one or more passenger vans to provide transportation for graduates of their job training to employment sites in the suburbs. It is hoped that this "seed van" service will foster further carpool and vanpool formation. The Regional Planning Council will provide marketing and route planning services to aid in achieving the desired "reverse-commute" service.
B. Cost of Project— The project is estimated to cost a total of $150,000 of which $120,000 would be a federal grant and $30,000 would be provided out of general and special State of Maryland monies, local government monies, and HDI funds.
C. The project will operate in the Baltimore metropolitan area. The project does not involve any environmental or relocation considerations. The project meets regional objectives to promote commuter transportation alternatives and labor mobility options.
II. At the hearing, the RPC and HDI will afford an opportunity for comments from interested persons or agencies to be heard with respect to the social, economic and related aspects of the project. Interested persons may submit orally or in writing evidence and recommendations to said project.
III. A copy of the application for a federal grant for the proposed project is currently available for public inspection at the Offices of the Transportation Planning Division of the Regional Planning Council, 2225 N. Charles Street, Baltimore, Maryland 21218. Questions concerning this proposal may be directed to Mr. Brian K. Betlyon, RPC, 554-5635.
