BALTIMORE COUNTY, MARYLAND
NOTICE OF INTENT TO ASSIGN PROJECTS

In the near future the Professional Services Selection Committee will recommend consulting assignments for the following projects:

Project 88-29 - SEWAGE FLOW MONITORING

Professional Services are required to perform in-line flow measurements within the Sanitary Sewer Conveyance System for the purpose of determining both wet and dry weather flows over an (18) month period.

The scope of services shall include: (1) furnishing, installing, and maintaining an appropriate number of portable pressure and velocity sensitive devices in order to monitor as many as eighty-four (84) locations in Baltimore County for sewage flows; (2) providing a report, including all tabulations/calculations to show derived high, low and average total sewage flows in millions of gallons per day (mgd) for each monitoring site.

Sewage flow determinations at each monitoring site will be based on the measurement technique known as "Continuity Equation Methodology." Accordingly, experience in this method of flow measurement shall be required.

PROJECT 88-30 - DOUBLE ROCK PARK STREAM BANK STABILIZATION

Professional services are required in order to provide stream bank stabilization and enhancement at Double Rock Park located in the northeastern area of Baltimore County.

The scope of services shall include: (1) the design of bank erosion stabilization systems utilizing innovative techniques featuring native and/or natural materials and (2) the preparation of construction drawings, specifications and cost estimates.

To be considered for award, all firms currently prequalified must submit a separate Baltimore County DPW Form 102 in response to each project of interest. Any firm not currently prequalified can do so by filling a Baltimore County DPW form 101. DPW Form 102 submittals must be received by the Chief of the Bureau of Engineering, Room 219, County Office Building, 111 W. Chesapeake Avenue, Towson, Maryland 21204 not later than 4:00 P.M. Local Time on Monday, January 23, 1989. Late submittals will not be considered. Copies of Baltimore County's DPW Form 101 (for prequalification) and DPW Form 102 can be requested through the above address or by calling (301) 887-3793.

Total capital and planning portion of the MTA's Program of Projects is estimated to cost $11,673,730. The federal government is requested to provide $8,171,611 (70%) of this amount. The 30% state share is estimated at $3,502,119.

The capital and planning portion of the Program of Projects included:

1. Replacement of up to fifty-five, 40-foot, urban diesel buses. All or a portion of these buses may be equipped with wheelchair lifts.
2. Bus system enhancements.
3. Bus tools and equipment.
4. Rail system enhancements.
5. Rail tools and equipment.
6. Replacement of support vehicles.
7. Planning funds for design/evaluation of future bus/rail enhancements.

If funds remain after the completion of any of the above projects, these funds may be applied to contingency projects involving further bus/rail enhancements. Federal operating assistance in the amount of $9,112,936 is also requested for the period July 1, 1988 through June 30, 1989.

Application No. 2
Suburban Transit Program — Phase III

The MTA is requesting federal capital assistance under Section 3 of the Urban Mass Transportation Act of 1964, as amended, for the purchase of buses and associated equipment, and facilities construction as part of Phase III of the MTA's Suburban Transit Program. The buses and associated equipment will be used to expand service in Howard County and will be the subject of a separate public hearing to be held by Howard County. Funds for facilities construction will be used to supplement approved funds for park-n-ride lots and transit centers. Total estimated cost of the project is $4,133,332. The federal share (75%) is $4,099,999 and the state share (25%) is $1,033,333.

Application No. 3
Purchase of Alternative Fuel Buses

The MTA is requesting federal capital assistance under Section 3 of the Urban Mass Transportation Act of 1964, as amended, for the purchase, testing and evaluation of up to ten dual-fuel buses powered by diesel and compressed natural gas, and associated capital improvements. This application is made in response to U.S. DOT's Alternative Fuels Initiative. The buses will be used in fixed route service throughout the Baltimore Metropolitan area. Total estimated cost of the project is $3,000,000. The Federal Share (75%) is $2,250,000 and the State Share (25%) is $750,000.

Application No. 4
Purchase of Commuter Buses

The MTA is requesting federal capital assistance under Section 3 of the Urban Mass Transportation Act of 1964, as amended, for the purchase of up to twenty commuter buses and associated equipment. All or a portion of these buses may be equipped with wheelchair lifts. This application is made as part of the Urban Mass Transportation Administration's Competitive Services Demonstration program. Total estimated cost of the project is $3,700,000. The Federal Share (75%) is $2,775,000 and the State Share (25%) is $925,000.

At the hearing, the MTA will accept testimony for the record from interested private operators, the general public and agencies who wish to be heard with respect to the social, economic, and environmental aspects of these projects. The MTA will also accept written comments regarding these grant applications through February 7, 1989.

The MTA will provide an interpreter to assist hearing-impaired persons in understanding the proceedings. Inquiries regarding the hearing and/or the applications should be directed to: Alan Winn, Director of Management Analysis and Programs, MTA, 300 West Lexington Street, Baltimore, MD 21201-3415. Telephone: (301) 333-3378, TTY: (301) 539-3497.

Copies of these grant applications will be available for public inspection during normal business hours beginning December 29, 1988.
