You can help us raise the colorectal cancer cure rate.

"If everyone over 50 had checkups for colorectal cancer, the cure rate could be as high as 75%," says Dr. LaSalle D. Leffall, Jr., past president, American Cancer Society. "You can't cure it if you don't know you have it." But if it's detected early, the cure rate for colorectal cancer is very high. Your doctor can perform the digital/rectal proctoscopic exams, and you take care of the simple stool blood test at home.
Since men and women are equally affected by this disease we urge everyone over 50 to get regular checkups.
The warning signs for colorectal cancer are a change in bowel habits and blood in the stool.
People with a family history of colon or rectal cancer or ulcerative colitis are at higher risk and are urged to be doubly cautious.

Checkup Guidelines for men and women over 50 without symptoms:
• digital exam annually
• stool blood test annually
• proctoscopy every 3 to 5 years after 2 negative tests 1 year apart

No one faces cancer alone.

Panama Blacks, the victims

By Helen Glover Cook
AFRO Staff Writer

News concerning deposed Panamanian Dictator, Antonio Manuel Noriega, has saturated the media making many Blacks curious about the connection between the events in Panama and their lives at home. There is definitely one area of Panamanian life that is familiar to Blacks of both nations — racism.

Mr. Lionel Duncan, a native of Panama and a one-time schoolmate of General Noriega, who is now employed as Director of Telecommunications at Morgan State University.

He reflected on the conditions under which Panamanian Blacks are treated.

Lionel Duncan was born in the Panama Canal Zone 51 years ago to a Panamanian mother and a Jamaican father who worked for an American company that administered the Canal.

At the time Duncan was born the ownership of Canal Zone territory was in dispute between Panama and the United States. Those born within the territory were considered American Citizens and English was the language spoken in the Canal Zone's homes and schools.

Duncan's parents thought that he would benefit from learning to speak fluently in the native Spanish language, so he was sent to school in Panama City.

There was only one secondary school in Panama and its students were drawn from the educated and elite families of Panama. Panama had no University until Duncan and Noriega reached the American equivalent of the 12th grade of their studies at the Institute Nacional in the late forties.

Duncan said, "I remember Noriega as getting excellent grades in the pre-engineering curriculum. He came to the Institute from a small

The City Council vacancy made by the recent death of Councilman Willie Myers has raised the ire of many 6th District Blacks who would like to see an end to the control imposed by its all White-dominated power base.

Community leaders within the district feel as though the suggestion of The Stonewall Democratic Organization — a group traditionally holding the power within the 6th District — to fill the vacancy with State Central Committee member, Edward L. Reisinger excludes Blacks from exercising political control within their communities.

Mrs. Madelyn Murphy, a candidate for the 6th district in the 1983 elections said, "The Stonewall Democratic organization is clearly a racist group that I feel plays dirty politics.

"When I ran in the 1983 election I received an honest turnout of over 10,000 votes. Their candidate received votes totaling over 12,000. I think those votes were the result of doctoring the voting rolls."

Mrs. Murphy continued, "I called for a federal investigation of the polls and procedures back in 1967, of course I did not receive any response. I must say that this district has many people who are not homeowners.

"The majority of people that would be registered today here would be gone by the time of the next election because the district has a lot of renters who are transients.

"Our district is fast becoming gentrified. There are many plans for building in the area. I have asked the mayor to give me the plans for the district and he has either forgotten or is ignoring my request," said Mrs. Murphy.

Richmond is bracing itself for one of the most exciting weekends in the city's history as Inauguration 1990 approaches.

Gov. L. Douglas Wilder

Between 25-35 thousand people are expected to flow into the city. Richmond may reap an estimated $15 million from the weekend of ceremonies and festivities.

"We're looking forward to it!" said Ron Davis, Executive Vice President of the Metropolitan Richmond Convention and Visitors' Bureau.

The historical event has really worked to "get our name out there," Davis said.

At least 12,000 people are expected to watch the first Black Governor in the nation sworn in. Retired U.S. Supreme Court Justice Lewis F. Powell, Jr., of Richmond will swear in L. Douglas Wilder as Virginia's 66th Governor.

Supt. Hunter, how's he doing, and will he remain?

Sandra Edwards, social worker: "I think he needs to tighten up, especially on truancy. There are many days during the week when I see kids just walking around."

Deborah Bowman, student: "No, I don't think he's doing a good job because the system isn't making sure kids are reading and doing math very well. The teachers aren't doing such a great job either."

Krista Broome, Baltimore Gas and Electric: "I want to see him give us days off and delayed openings when it snows like the county schools."
