Espy aids in Farm Bill

Rep. Mike Espy's (D-MISS.) provision to create outreach programs and provide additional technical assistance and education for minority farm families was added to the 1990 Farm Bill early this morning.

"With this amendment, we've simply planted our first seed as we attempt to end the blight of our minority farm families." Mr. Espy, said. "Our minority farm families — Black, American Indian, Hispanic and Alaskan — are having a tough time surviving. The number of Black farms are dwindling and all of our disadvantaged farmers face discriminatory hurdles."

Mr. Espy noted that in 1959 there were 272,541 Black farmers in the United States.

The amendment authorizes $10 million in outreach, education and technical assistance to socially disadvantaged or minority farmers. One section of the amendment calls for awarding 50 percent of the funds to community based organizations to provide special programs for minority farmers. Another section of the amendment calls for awarding the other half of the $10 million to 1890 Historically Black Land Grant Colleges, Indian Tribal Community Colleges, Hispanic Serving Institutions of Higher Education and to Alaska Cooperative Colleges.
