LEGAL NOTICE

NOTICE TO PUBLIC HEARING
RE: BALTIMORE REGION LABOR MOBILITY PROJECT
I. Notice is hereby given that a public hearing will be held by the Regional Planning Council (RPC) at the Mass Transit Administration headquarters, 4th floor conference room, 300 West Lexington Street, Baltimore, Maryland 21201 from 2:00 to 3:00 p.m. on Monday, January 30, 1989. The hearing location is readily accessible to the handicapped and can be reached by auto, MTA bus or Baltimore METRO. The purpose of this hearing is to consider the above project for which financial assistance is being sought from the Urban Mass Transportation Administration, per the UMT Act of 1964, as amended, generally described as follows:
A. Description of Project — RPC and the Human Development Institute, Inc. (HDI) will work cooperatively on this project. The Human Development Institute proposes to lease or purchase one or more passenger vans to provide transportation for graduates of their job training to employment sites in the suburbs. It is hoped that this "seed van" service will foster further carpool and vanpool formation. The Regional Planning Council will provide marketing and route-planning services to aid in achieving the desired "reverse-commute" service.
B. Cost of project—The project is estimated to cost a total of $152,000, of which $120,000 would be a federal grant and $32,000 would be provided out of general and special State of Maryland monies, local government monies, and HDI funds.
C. The project will operate in the Baltimore metropolitan area. The project does not involve any environmental or relocation considerations. The project meets regional objectives to promote commuter transportation alternatives and labor mobility options.
II. At the hearing, the RPC and HDI will afford an opportunity for comments from interested persons or agencies to be heard with respect to the social, economic and related aspects of the project. Interested persons may submit orally or in writing views and recommendations to this project. An interpreter for the hearing impaired will be provided for any persons requesting this service. Please do so by calling the number noted at the end of this notice by 4:00 p.m. on January 25, 1989.
III. A copy of the application for a federal grant for the proposed project is currently available for public inspection at the Offices of the Transportation Planning Division of the Regional Planning Council, 2225 N. Charles Street, Baltimore, Maryland 21218 and at branches of the Enoch Pratt Library, Baltimore County Public Library, and Howard County Public Library. Questions concerning this proposal may be directed to Mr. Brian K. Bettyon, RPC, 554-5635.
