BIRTHDAY TRIBUTE

CREW — A Birthday Tribute in memory of our dear son and brother, **RALPH E. CREW,** on his birthday, January 30, who passed away October 15, 1971:
We do not need a special day,
To bring you to our mind,
The days we do not think of you,
Are very hard to find.
If all this world was ours to give,
We'd give it yes, and more.
To see the face of our loved one,
On this, his birthday morn.

MOTHER — SISTERS and GRANDMOTHER

SIDNEY — A Birthday Tribute in memory of my dear mother, **WILHELMENIA C. SIDNEY,** on her Birthday, February 1, who passed away March 28, 1982:
God saw the road was getting rough,
The hills were hard to climb;
He gently closed her loving eyes,
And whispered 'Peace be thine'.
Her weary hours, her days of pain,
Her weary nights are passed.
Her ever-patient, worn-out frame,
He found sweet rest at last.

Daughter,
PERRILEE WATERS SON, GRANDSON,
TWO GREAT-GRANDSONS, GRANDDAUGHTER and GREAT-GREAT GRANDCHILDREN.

POSITION ANNOUNCEMENTS
The Maryland Department of Natural Resources, Estuarine Fisheries Program, has two position vacancies for Natural Resource Biologist (fisheries option). Successful candidates for these positions will participate in Chesapeake Bay stock assessment projects directed at striped bass and anadromous alosids (American and hickory shad and alewife and blueback herring). Duties will include the collection of field samples, laboratory and data analysis, and report writing. Candidates for the positions must possess the following qualifications:
1. A minimum of a bachelor's degree in Fisheries or Marine Science or in a related field with strong fisheries orientation.
2. One to three years of fisheries related experience.
a. Pertinent volunteer and/or part-time experience is acceptable.
b. Applicants may substitute graduate education in a natural resources discipline for experience at a rate of one year education (full time) for one year of experience.
In addition, it is desirable that applicants possess:
1. A master's degree in Fisheries Science or related field.
2. An understanding of stock assessment methodologies.
3. A good quantitative background which includes courses in population dynamics or applied statistical methods.
4. A degree of computer literacy.
5. Familiarity with Chesapeake Bay fisheries.
Both positions are contractual for one year with a possibility for renewal. Salaries range from $17,840 to $20,673 depending upon experience.
Interested parties must submit a current curriculum vitae and cover letter by 16 February 1989 to:
Mr. Harley Speir

ANNE ARUNDEL COUNTY CAREER OPPORTUNITIES

CIVIL ENGINEER I
Announcement #89-006
Graduation from an accredited four-year college or university with major course work in civil engineering and completion of special courses as these may be required by the assigned work area; or an equivalent combination of acceptable education and experience. Preference will be given to applicants with knowledge and experience in design and/or review of residential and commercial building/grading permit plans including subdivision regulations for Anne Arundel County. NOTE: Minimum educational requirements refer to Bachelor's Degree in Engineering in the area of assignment from an accredited college or university. Acceptable equivalent experience in lieu of the degree requirements must be at the Professional Engineering level as evidenced by a P.E. license issued by the State of Maryland.
Salary: $27,177-$35,660.

CIVIL ENGINEER IV
Announcement #89-007
Graduation from an accredited four-year college or university with major course work in civil engineering, including or supplemented by instruction in the area of engineering specialization; two (2) or more years supervisory and administrative experience in civil engineering, preferably in the area of engineering specialization, registration as a Professional Engineer in the State of Maryland; or an equivalent combination of acceptable education and experience. Preference will be given to applicants who demonstrate a knowledge of and experience in the field of residential and commercial development inspection, procedures and design. NOTE: Minimum educational requirements refer to a Bachelor's Degree in Engineering in the area of assignment from an accredited college or university. Acceptable equivalent experience in lieu of the degree requirements must be at the Professional Engineering level as evidenced by a P.E. license issued by the State of Maryland.
Salary: $33,940-$44,506.

UTILITIES ELECTRICAL TECHNICIAN
Announcement #89-010
Graduation from high or vocational school, completion of a four-year electrical apprenticeship program; possession of a master electricians license or ability to obtain the license within twelve (12) months; two (2) or more years experience in the repair, inspection, adjustment, reconstruction and rehabilitation of electrical and electronic controls and equipment; possession of a valid Class D motor vehicle operator's license issued by the State of Maryland; or an equivalent combination of acceptable education and experience. Preference will be given to individuals possessing thorough knowledge of industrial electrical work; two (2) or more years experience in troubleshooting preventive maintenance motor control repair and variable frequency drives; and emergency power equipment. Experience with solid state controls is desirable.
Salary: $25,238-$31,517

UTILITIES ENGINEER II
Announcement #89-011
Graduation from an accredited four-year college or university with major course work in civil or sanitary engineering; at least two (2) years experience in wastewater treatment, collection systems technology operations and maintenance. The duties of this position will include organizational planning; infiltration/inflow analysis; contact management; training and supervision of field and office personnel; and administration of a computer-based data management system. Registration as a Professional Engineer is preferred. NOTE: Minimum educational requirements refer to a Bachelor's degree in engineering in the area of assignment from an accredited college or university. Acceptable equivalent experience in lieu of the degree requirements must be at the Professional Engineering level as evidenced by a P.E. license issued by the State of Maryland.
Salary: $29,267-$38,402

UTILITIES TRAINING AND SAFETY COORDINATOR
Announcement #89-012
Graduation from an accredited four-year college or university, with major course work in a technical field such as industrial engineering, and at least two (2) years experience in the field of safety, employee training, engineering, or in water/wastewater utility; or an equivalent combination of acceptable education and experience. Preference will be given to applicants with experience in coordinating and/or providing technical training in a public utility, and in designing and implementing special conferences, training events, and organizational development activities.
Salary: $29,267-$38,402.
