BALTIMORE COUNTY, MARYLAND
NOTICE OF INTENT TO ASSIGN PROJECTS

In the near future the Professional Services Selection Committee will recommend consulting assignments for the following projects:

PROJECT 89-1: BRIDGE INSPECTION AND RATING
Professional services are required for the inspection and rating of 49 bridges located throughout the County.
Of the 49 bridges, 38 are concrete culvert and slab types. The remaining structures include nine steel bridges (seven of which are foot bridges) and two timber bridges.
Thirty-eight of the 49 bridges were subjected to previous inspections/ratings. In this group, 28 have lengths less than 20 feet and the other ten are foot bridges with lengths greater than 20 feet. The balance of 11 bridges (concrete culverts and slabs are either recent replacements or additions to Baltimore County's inventory. Prior inspection/rating reports are not available for these 11 structures.
Bridge inspection and rating shall be in accordance with the latest edition of the AASHTO Manual for Maintenance Inspection of Bridges.
This project will utilize Baltimore County funding only.

PROJECT 89-2: WOODLAWN FIRE STATION REPLACEMENT
Professional services are required by the Baltimore County Fire Department for the design of a new Woodlawn Fire Station to replace the present facility. The existing station is located on the south side of Windsor Mill Road between Rutherford Drive and Cresson Avenue.
The scope of services will initially require a study to determine the feasibility of fully accommodating a new station configuration on the existing site or if some additional property will be required. Following acceptance of the site feasibility study, schematic design, design development, construction documents and cost estimates for approximately 12,000 square feet of new building space will be required. The total programmed space will be utilized to include: three equipment bays; kitchen/dining area; physical fitness facilities; locker/toilet facilities; Chief's room/office; watch room; Fire Prevention office; storage and mechanical areas.
Removal of the existing Woodlawn Fire Station from the site will be required.
This project will utilize Baltimore County funding only.

PROJECT 89-3: ON-CALL SOLID WASTE ENGINEERING SERVICES
Professional services are required for performing solid waste engineering study and design projects pertaining to Baltimore County owned landfills. These assignments will be implemented on as "as-required" basis through the utilization of an "on-call" form of agreement. Typical projects will include: (1) projecting leachate generation and subsurface movement; (2) evaluating on-site leachate treatment facilities; (3) generating/processing ground water permit applications; (4) providing monitors well installations/implementation, including perparing specifications, contracting for well drilling services and performing construction inspection (5) specifying materials for leachate collection and liner systems and (6) designing sediment control facilities.
The project will utilize Baltimore County funding only.

PROJECT 89-4: ON-CALL LANDSCAPE ARCHITECTURAL DESIGN SERVICES
Professional on-call services are required for landscape architectural planning and design pertaining to public works oriented projects. Typical assignments may include (1) landscape plans/design specifically adopted to enhance waterfront buildings/facilities. including the utilization of naturalized grasses and plantings compatible with waterfront environments; (2) streetscape design/revitalization; (3) planting/buffering plans for highways and public buildings; (4) wetlands delineation, assessment, restoration and (5) erosion/sediment control/stormwater management.
To be considered for award, all firms currently prequalified must submit a separate Baltimore County DPW 102 in response to each project of interest. Any firm not currently prequalified can do so by filing a Baltimore County DPW Form 101. DPW Form 102 submittals must be received by the Chief of the Bureau of Engineering, Roonm 219, County Office Building, 111 W. Chesapeake Avenue, Towson, Maryland 21204 not later than 4:00 P.M. Local Time on Monday, March 20, 1989. Late submittals will not be considered. Copies of Baltimore County's DPW Form 101 (for prequalification) and DPW Form 102 can be requested through the above address or by calling (301) 887-3793.

STATE AVIATION ADMINISTRATION
MARYLAND DEPARTMENT OF TRANSPORTATION
NOTICE TO CONTRACTORS
CONTRACT NO. SAA-CO-89-003
SATELLITE PARKING LOT D
BALTIMORE/WASHINGTON INTERNATIONAL AIRPORT
PROJECT CLASSIFICATION "B"

Sealed bids for the State Aviation Administration project marked Satellite Parking Lot D at Baltimore/Washington International Airport as embraced in Contract No. SAA-CO-89-003 will be received at the Office of Planning and Engineering of the State Aviation Administration, Lower Level, Pier A, Baltimore/Washington International Airport, Maryland 21240, until 11:00 a.m., local time, March 14, 1989, and at 11:15 a.m., on this date and place they will be publicly opened and read aloud. Positively no bids will be received after 11:00 a.m.
The work to be done under this Contract includes the furnishing of all labor, materials, equipment, tools, and all associated work necessary for the construction of a new 900-car surface parking lot and toll plaza at Baltimore/Washington International Airport, Anne Arundel County, Maryland. Two add alternates are included in the project. Add-Alternate No. 1 includes furnishing and installing the cashier's booths and associated appurtenances. Add-Alternate No. 2 includes miscellaneous pavement repairs in an existing adjacent parking lot. The Contract will be awarded on a unit price basis. To be considered responsive, a bidder must bid on the base bid and each of both Add Alternates. The State Aviation Administration reserves the right to award the Contract to the lowest bidder based on the lowest total bid price of whichever combination of base bid and add alternates, or any exclusions thereof, is most favorable to the State. The work includes, but is not necessarily limited to: paving, grading, drainage, lighting, signing, landscaping, pavement marking, and sediment and erosion control during construction, all completed in accordance with the Contract Drawings and as described in the Specifications.
Plans, Specifications and other Contract Documents may be examined without charge at the Office for Planning and Engineering of the State Aviation Administration at the Lower Level, Pier A, Baltimore/Washington International Airport, and copies thereof may be obtained at the Office of Planning and Engineering upon payment of the sum of $50.00 in the form of a check made payable to "The State Aviation Administration." This payment will not be refunded.
A site inspection and pre-bid meeting will be held on February 23, 1989, at 10:00 a.m., for interested bidders. Please assemble in the Assembly Room of the State Aviation Administration, Central Terminal, Third Floor, Baltimore/Washington International Airport, Maryland 21240.
The Bid (Section O) must be accompan
