Shafer is concerned she is entitled to have the interest of her said husband only sold for the payment of the same; that the sale of her husbands interest in said real estate will much more than pay the debt due said Shafer; that the other Mortgages exhibited in the bill of Complaint are subsequent to the Mortgage marked Exhibit A.; that she signed none of them except the one marked Exhibit A., and that therefore her interest is not liable to be sold even for the payment of the debt due said Shafer who is a Respondent in this cause, And is in no event liable to be sold upon a bill filed by the Complainants in the cause This Respondent Martha M. Main further answering says, that the object of the Complainants who are sisters of her said husband in making her a party to the bill filed in this cause is simply an attempt to force a sale of her interest in said real estate upon which they have no lien, with the view of reaping indirectly some benefit from the sale of her interest therein, and that it would be grossly unjust and unequitable to decree a forced sale of her interest therein at the instance of Complainants who have no legal or equitable claim or demand against her, and that the most that the Complainants can be entitled to is a sale of the interest in said real estate which her husband had therein on the day when Complainants Mortgage was recorded, and she prays that she may be hence dismissed with her reasonable costs.

The Respondents having fully answered said bill pray to be hence dismissed &c.
