

Q (Mr. Storm) When was this house built?

A I don't know the year.

Q About how long ago? A. 10 or 12 years ago.

Q Who built it? A. My brother Frank.

Q Now Mr. Fox, what is the present condition of that house?

A Well, some of the window sash are rotted out. The condition generally is all right I think excepting for some details like that, but it seems to me it is just a house, she don't have to have a house as nice as that to live in. It isn't quite in keeping with her income I don't think. People live in far less nicer houses than that, it seems to me. I do myself.

Q What about the size of the house for her family? Is it too large or too small?

A She can live in a smaller house.

Q What kind of furnace does it have?

A It has a Sears-Roebuck hot air furnace.

Q How many rooms in this house?

A There are five rooms and sort of a reception hall. I think that's right.

Q Now what is your view about the sale of this property? Do you think it would be to the best interests of the infant that it be sold?

A Being acquainted with her circumstances, I think there is no doubt that everyone will benefit by the transaction, it seems to me, because I know she can live in a house not quite so nice.

Q What is your sister's income?

A I don't know about that. I really don't know. In the neighborhood of \$30 or \$40 per month.

Q That is a pension because of her husband being a service man?

A You are referring to the pension, of course. She has no other income.

Q Is she working? A. No.

Q Do you know anything about the payments on the mortgage?
