7th Int. State whether said real estate is susceptible of division among said heirs at law without loss and injury and whether or not it would be to the interest and advantage of all the parties to have the same sold and the proceeds divided? Give your reasons for your answer?
Ans. It can not be divided among said parties without loss and injury because there are too many of them and there is but one set of buildings on the farm. I think it would be best for all concerned to have it sold and the proceeds divided.
