No. 6477 Equity.

Conveyed to Luther Ginton by uncle Martin in his life time, by deed a Copy of which is now shown me marked Exhibit No. 8.

I do not think this real Estate can be divided among the parties interested without loss and injury to them, because it is not susceptible of partition owing to its smallness. The most valuable property is the House and lot where my uncle died in Burkittsville which contains but about one half acre of land. I think it would be to the interest and advantage of all the parties interested that the whole property be sold and the proceeds divided among the parties entitled.
