No. 8010 Equity.

1. 2 & 3 they correctly describe the land. Augustine Wagner had a 2/3 interest in the property mentioned in Exhibit #1. the other 1/3 being owned by his wife Margaret S. It is about 2 acres & dwelling and outbuildings & is worth for his interest about $250= I notice in this deed that the grantees name is spelled Augustus and the same thing is in Exhibit #2, this is not correct. his name was Augustin and this is the land he owned - he lived on land in Exhibit #2. this land mentioned in Exhibit #2. about 1 3/4 acres had his shop on it. & is worth about $100= Exhibit #3. is mountain land about 10. acres & is worth probably $50= This land is not susceptible of division or partition amongst the parties without loss and injury and it would be to the best interest and advantage of all the parties especially the infant defendants that the same be sold & the proceeds divided :- It would have to be rented, would soon lapse into bad repair & would rent for a very small sum & the Mountain land is unproductive. I would certainly say sell it and divide the proceeds.
