NO. 8173 Equity.

Sworn and examined Viva Voce before and Says as follows:-

My name is Wm. N. Tyler, my age 57. years I reside at Rocky Springs in Frederick County, Md. I know the parties to this Suit. Mrs. Mary E. Broadrup and her infant son Charles Easterday Broadrup.

I knew Charles Broadrup in his lifetime for many years. He is dead. He died on or about March 19th 1907. I was with him for some months during his last illness and helped to take care of him. I knew him and his family very intimately and lived within a mile and a half of them for years.

Mr. Broadrup died intestate. Survived by his wife Mary E. Broadrup and one child an infant son Charles Easterday Broadrup who is about three years of age, and who is only heir at law.

Charles Broadrup died seized and possessed of a number of tracts of land situated in Frederick County, which are correctly described and referred to in the Bill of Complaint, except the Kilbourn Sheet, Exhibit No. 11. Omitted only an undivided interest and I am not sure that Mr. Broadrup owned that at the time of his death. Oliver Feldstraud is in possession of the property at present; and the Thompson property described in Exhibit No. 16. which according to my information and belief Mr. Broadrup Conveyed away in his lifetime although the deed may not be on record.

The Home property 36¾ acres and situated at Charleville is worth in my judgment $3000.- It is improved with stone dwelling and other out Buildings

The 69 acres shown by Exhibit No. 2. in Mountain land. This adjoins M. A. N. Burkhart's land.

I am not acquainted with the 4 acres Omitted by Exhibit No. 3. and called the Distillery tract

Mr. Broadrup may have also disposed of the property in Exhibit No. 5. in his life time. It is in the possession of H. H. Staley at this time I think.

The land shown by Exhibit No 6. in Mountain land near Fishing Creek.

I am uncertain as to the location of the land described in Exhibit No. 7. but Samuel Early John T. Gaver Could probably tell about it.

I am uncertain also as to the Cauliflower property described in Exhibit No 12. The Mountain land owned by Mr. Broadrup
