would be $700 =

I think it would be to the interest and advantage of all the parties to have the property sold, and especially to the advantage of the infants to sell it and divide the proceeds according to their respective interests.

Exhibit "Deed and Exhibit "Contract" filed with Examiner.

George T. Baker a witness of lawful age produced on the part of the Plaintiff being duly sworn deposes and says:—

My name is George T. Baker I am 39 years old and live near McKaig. Frederick County. Maryland. I know all the parties to this suit and the real estate mentioned in these proceedings very well. I live about one mile from the real estate.

This property is in a general delapidated condition the fences are all down and the buildings are out of repair, and the annual rental of $40= per year is and adequate rental value for the property.

In my opinion this property is worth $750= and if that price can be realized for it. It would be to the interest and advantage of all the parties of interest. It would be especially to the interest of the infant as she gets no benefit from the property.

To the Gen. Int. Nothing more
