No. 8013 Equity.

12th. What employees besides Mr. Allen? —
Ans. I may have received some information from Miss Callimanopulos. Some from Mrs Drew & Mr Graham, and from the books and papers of the Company
13th. Then we are to understand from your answer that practically, all of your Testimony is based on hearsay? —
Ans. No. I inferred a good deal of it from the Books & the Bills. Some of it, hearsay or information, from others.
14th. But all of your knowledge of the affairs of this company was derived from the Books & Papers of this Company & from statements made by parties connected with or interested in the same company? —
Ans. Yes —

Genl. Int. To the General Interrogatory,
Ans. Nothing more.
Walter A. Johnston.

(1 day 50 miles)

Gilmore Schley, a witness of lawful age produced on the part of the Plaintiff being first duly sworn deposes and says as follows —
1st State your name, age residence and occupation?
Ans. Gilmore Schley. I am 50 years of age. I reside in Frederick Md. I am a Sawmill Manufacturer
2nd State if you have recently examined any of the personal property machinery of the Builders Supply Co. on Cannon Hill in Frederick, Maryland?
Ans. I was over there and looked at the Drill. and I found that the Drill was sitting on the ground in need of water and I picked a board up & set it on a board with the aid of a Colored man named Park or who was with me at the time. and from the appearance of the Drill, on the outside it looked as tho it was in very bad shape. I did not look particularly at the machinery, but it looked to me from the outside that it was in very bad shape everything.
State if you can tell the cause of this Drill and machinery of the Company being in bad shape?
Ans. No more than neglect and want of attention.
4th What other machinery & articles did you notice other than the Drill? —
Ans. The Tripod was not there. There were several trenches lying there on the floor. which I picked up and laid beside the Drill. I also some grate bars lying there on the floor, out of the boilers. I did not pay any attention to machinery. I was looking at the Drill
