No. 8013. Equity.

in this cause if you know?-
Ans:- I am a stock holder & if the Board is still in existence a Director. I was at one time Secretary of the Company
3rd Look at the Book now shown you?
State what the same is if you know?
Ans. I look at the Book of said Company containing the Certificate of Incorporation under the Laws of Delaware, the By Laws of the Company & the minutes of the Board of the meetings.
4th. In whose handwriting are the minutes entered up in said book?
Ans. So far as entered up they are in my handwriting.
5th Do you know the present Stockholders and the number of Shares held by them?-
Ans- My recollection, as refreshed by the entries in this book, are that there were $5000.00 of stock issued in the name of Marshall Fout: $5000.00 to Upton A. Sharatts $3000.00 to Gilmore P. Holmes $3000.00 to Daniel M. Sheehan $1000.00 to Fred Drew and I think $4700.00 to myself and $300 to William M. Pyle of Wilmington Delaware. I cannot be exact as to the last two figures. The amount of stock issued to William M. Pyle was for the purpose of making him a Director locally for Delaware to comply with the Delaware Incorporation Laws the understanding being that he was mere fiction so far as participation in the management of the Company or in any profits arising therefrom. So far as I know there has been no change in the stock-holders except by assignments in the cases of Mr Fout and the fact of Dr Sharatts Death vested his stock in his wife.
6th. What consideration was given for this stock by the various parties to whom it was issued?-
Ans:- Dr Sharatts, Mr. Fout & myself for our stock deeded to the Builders Supply Company the property in Frederick City known as the Cannon Hill property together with all machinery & appliances and the good-will of the firm formerly operating the Crushers plant there under the name of "Cannon Hill Quarries". I think that Messrs Sheehan and Drew each gave this check for the amount of stock issued. This I am not certain of this as I have no recollection of seeing either check. There was at the time the stock was issued there was talk of Mrs Holmes giving note for the amount of his stock. I do not know positively whether that was done as I have no definite recollection of seeing the note or notes that day & I have not seen them since. The stock of Wm M. Pyle was
