No. 8962. Equity.

fully appear from a Copy of the order appointing said receivers hereto attached and marked "Exhibit "B"; and that said receivers have duly qualified as such.

6. That there is a large amount of property belonging to the defendant and situated within the County of Frederick State of Maryland which property will be subject to seizure by way of attachment and be liable to waste unless ancillary receiver is appointed out of this honorable Court: that it will be to the interest and advantage of all persons to have local receivership of the state of Delaware.

Wherefore the Complainants pray:

2. That all persons may be enjoined from interfering in any way with the possession and operation of said property by such receiver.

3. That out of the revenues coming into the hands of such ancillary receiver, after the payment of all just debts and expenses, the indebtedness due to the Complainants and others who may become parties to this proceeding may be paid.

4. That Complainants may have such other and further relief as they are entitled to in the premises.

To which end Complainants pray that process may issue to appear and answer the exigencies of this bill.
