Repairing of roof on house, repairing of window and transom, repairing one room replace porch, use old material & new to finish, to pain new work, hauling & freight, $173.50.

John W.Carey

Harry N. Keller.

March 27, 1914.

Mr. D. Princeton Buckey, and the Court for Fredk. Co., Md.

Find enclosed estimate so requested Mr. Keller & I went to the Thomas farm this morning & carefully went over the ruins and both figured carefully & have agreed with each other as to the cost of damages of each of the mentioned places, and both agree that the figures just and right so far as we know.

John W. Carey

Henry N. Keller.

Buckeystown Md., April 1 1914.

Mr. J. H. Allnutt.

Damages caused by wind storm on March the 1 1914.

Dear sir--I estimate the damage to buildings on the william Null Farm near Adamstown Md., as follows--

Damage to Dwelling House	203.20.	
,, Wagon shed door	30.35	233.55.
Barn roof, #1 heart cypress shingles as it would be impossible to fix roof just as it was before the storm struck it, I will figure 10 per cent of the cost of a new roof for South side of building, which would be	16.80	
Cost to repair barn doors	5.18	23.68
	Total	$257.23

To roof south side of Barn with #1 heart Cypress shingles 6 x 20 will cost	168.00
With # 1 best quality galvanized iron with snow guards will cost	173.40
To roof south side of wash house with # 1 heart cypress shingles, 6 x20 will cost	17.40
With #1 best galvanized iron snow guards	19.95

Hoping this will be satisfactory I am very respectfully,

N. R. Schaeffer.

OPINION AND COURT'S ORDER.

The evidence offered orally before the Court upon the question raised by the petition exceptions of John H. Allnutt, the purchaser of the property reported sold in these proceedings, showed substantial damage to have been sustained by some of the buildings on the premises from a storm which occurred subsequent to the sale. upon
