ROCKVILLE, MD.

RAILROAD MEETING.

The meeting of the citizens of this county, to be held at the Court-House, this afternoon, at 4 o'clock, for the purpose of adopting the most advisable means of pressing upon Congress the justice and general advantage of granting to the Metropolitan Railroad company the right of continuing their road through the District of Columbia, is one of such infinite importance to our county as should enlist the most strenuous exertions to accomplish that object. It is to be hoped, therefore, that the meeting will be as imposing as possible, and that strong resolutions will be passed expressive of the feelings of the people of this county on the subject.

From present appearances, all that is needed is, for the efficient men of the county to concentrate their efforts and present the solicitude of the community in its true light. The time may soon be lost when there is a chance of success. Let the present opportunity be seized, therefore, and pressed with all the energy the enterprise deserves, and the effort will, in all probability, be crowned with complete success.

MARYLAND LEGISLATURE.—The constitutional term of this body expires to-morrow. We believe it may be said with entire truth, that there has never been a more working body of men brought together in our legislative councils, than the present Legislature of the State. A very large amount of business has been done, but there will remain unbone a great many things which private rights and public justice alike require action upon. But two days of the session remain, and it is impossible for the work now before the Legislature to be completed in that time. Experience has shown that a biennial session of sixty days is hardly sufficient for the ordinary legislative business of the State, and when extraordinary measures are introduced, such as are occupying much of the time during the present session, there is a physical impossibility in its being accomplished in so short a term.

RE-ELECTION OF SENATOR PEARCE.—The following from the Baltimore Sun is only one of many expressions of gratification at the re-election of Senator Pearce, and of admiration for his character, that have reached us. In every quarter the event seems to have excited the warmest satisfaction:

"The legislature of Maryland on Friday last re-elected the Hon. James A. Pearce senator of the United States for a term of six years from the 4th of March, 1861, when his present term expires. There were eighty-five votes cast, eleven members being absent from indisposition. Mr. Pearce received fifty votes, Mr. James U. Dennis thirty-four votes, and there was one blank. Mr. Pearce's majority, fifteen votes. Mr. Pearce was first elected for an unexpired term of four years, then re-elected for a term of six years, again for a term (his present one) of six years, and with the term he is just elected to serve will make, should he serve it out, a period of twenty-two years in the United States Senate. Mr. Pearce is a gentleman of eminent ability, and has for many years occupied a leading position in the Senate of the United States. His re-election we feel confident will give entire satisfaction to the conservative men of all parties."

REMOVAL OF GEN. JACKSON'S REMAINS. Andrew Jackson, Jr., has written a letter to the Governor of Tennessee, earnestly protesting against the propositon before the Legislature of that State, to remove the remains of Gen. Jackson and wife from the Hermitage to Nashville.—Referring to the dying request of the old hero, he says:

He called me and my wife up to his bed side and said: "My son and daughter, it may become necessary for you to sell or dispose of the Hermitage grounds hereafter; but I beg of you to let my remains and those of my dear wife remain together at the Hermitage—a sacred spot to me—there to rest in peace and quiet until the final day of judgement, when our Lord and master will call for us."

THE BALTIMORE METROPOLITAN POLICE BILL.—The arguments upon this case were concluded on Tuesday by the Hon. Reverdy Johnson, who addressed the court for upwards of three hours, in support of the constitutionality of the measure. The case will be immediately carried up to the court of appeals, and decided probably within a fortnight.

HEALTH OF JUDGE TANEY.—The health of Chief Justice Taney was so much improved that he was able to attend a consultation on Saturday. He expects to resume his seat on the bench next week, after the present brief recess. He is 84 years old.

THE UNION PARTY CONVENTION.—The time for holding the nominating convention of the "Constitutional Union Party" at Baltimore, has been set by the National Executive Committee of that party for the 9th day of May next.

CIRCUIT COURT.

The March Term of the Circuit Court for Montgomery county, commenced on Monday last—his Honor, Judge BREWER, presiding. The Court, up to yesterday, has been principally occupied with the appeal docket, which, it is thought, will mostly take up the remainder of the present week. The session will probably continue until the middle, if it does not occupy the whole of the coming week. Below we give a list of the Grand and Petit Jurors:

CHESAPEAKE AND OHIO CANAL.—The Annapolis correspondent of the Baltimore Sun, under date of the 6th instant, says: "The bill to transfer the management of the Chesapeake and Ohio canal to its creditors, upon the payment of the million of dollars to the State, (but not before the present unsecured creditors come in,) passed the Senate to-day, and was referred to the committee on corporations of the House, who it is understood, will report in its favor. There is but little doubt that it will pass the House."

SALE OF THE TOBACCO WAREHOUSES.—The bill providing for the sale of the present State tobacco warehouses in Baltimore, and the building of others out of the proceeds, on deep water at Fell's Point, or Canton, passed the Senate on the 6th instant, and is now a law. It is a very important measure to the tobacco growing counties. Chl. Boulden, Col. Miles and Mr. Wm. Thompson, of R., of this county, are the commissioners under the bill to superintend the work.

ACCIDENT.—On Tuesday last, a negro boy, the property of Mrs. CUMMINGS, but in the employ of Mr. J. L. DUFIEF, while driving the horses attached to a thrashing machine, by some means got his foot caught in the main wheel and crushed so badly, that amputation was rendered necessary. Dr. Madox, assisted by Drs Anderson and Somers, amputated it.

☞ Our County Commissioners, according to previous notice, have been in session during the present week, for the purpose of hearing appeals and making transfers.

URIAH FORREST, Esq., was re-elected, on Monday last, Clerk to that body.

☞ On Sunday and Monday last, we had a real March blow, which, we learn, did considerable damage in some portions of the county, in the way of blowing down fences, hay stacks, &c. Yesterday morning we had a real old fashioned thunder storm.

SALE OF A SLAVE.—Negro girl Henny 15 years old, belonging to Mr. Wm. F. Viers, of Medley's district in this county, was sold a few days ago for the sum of $1100. Mr. Benjamin Cooley purchaser.

APPOINTMENT OF A CONSTABLE.—The Commissioners yesterday appointed Mr. John H. Johnson a constable for the 4th election district of this county.

☞ Mr. Kenneth Rayner, of North Carolina, has come out with a card denying that he sustains, in his remarks before the late opposition State convention, the course of Henry Winter Davis in voting for Pennington. He adheres, however, to his declaration that Mr. Pennington is as sound on the slavery question as Mr. Hasit, whom the convention nominated for Vice President.

DWELLING HOUSE DESTROYED.—We regret to learn that the dwelling of MANSHAM WARRING, Esq., in the Forest, was entirely destroyed by fire on Sunday last, with much valuable furniture, and his private papers, together with about $3,000 in money, which was in it. We have not learned any further particulars, but Mr. WARING's loss is probably quite large.—*Marlboro' Advocate.*

THE VIRGINIA TRIPLE MURDER.—*The Messrs. Witcher Acquitted.*—The Lynchburg Republican of Wednesday, February 29th, says that Mr. Vincent Witcher and his grandson, who killed the Messrs. Clements, in Franklin county, Va., on Saturday, surrendered themselves to the authorities, and were promptly acquitted, on the ground of self-defence.

SUDDEN DEATH.—John E. Cacey, Esq., a prominent citizen of Kent County, and formerly a State Senator, died suddenly on the 1st inst.

☞ Fourteen negroes, supposed to be fugitive slaves, passed through Sandusky, Ohio, one day last week.

☞ The communication of "P" will appear in our next issue.

Resolved, That we deprecate the election of a Black Republican as speaker of the popular branch of the national legislature, and hold in utter contempt all those who have directly or indirectly been instrumental in bringing about such a result, and therefore sanction the action of the Maryland Legislature in voting for a resolution of censure for the course H. Resolved, That we are highly gratified that the Hon. JAS. A. Letter from the State Capital.

[Correspondence of the Baltimore Sun.]

ANNAPOLIS, March 7, 1860.

The passenger railway matter did not come up last night, nor has it been yet up prior to the adjournment at 7½ o'clock this evening.

There was quite an excitement to-day here in consequence of the resignation of Mr. George Freaner, of Washington county. It appears that Mr. Freaner was in California several years ago, where in 1856 he was a Buchanan elector, returning to his native county in December of that year. He was elected last November to the Legislature, without residing in the State (having temporarily lost his residence) three years next preceding his election, and not knowing himself that there was such an article in the constitution.

Judge Stump had a recounter here last night in the rear yard of Walton's hotel with Col. McKaig, Senator from Allegany. It appears the Judge was standing in the yard talking with some one, and Col. McKaig in passing saluted him in a friendly way. The Judge gruffly replied that he would speak to no man who would sign a report against him without reading the testimony. Col. McKaig replied that if he said he signed the report without reading the testimony, he was a liar. Judge Stump then raised his cane and struck Col. McKaig, and the latter struck at the Judge, who, stepping backwards, fell on his back.—Several blows were exchanged with the canes, and both were said to be broken, but they were separated before any damage was done. The affair has not done the Judge any good. His case comes up to-morrow for final action in the Senate, and judging from a vote there in a matter relative to it to-day, he will go out almost unanimously. Mr. Yellott is making a feint of a fight for him, but it won't save him.

The Senate in executive session to-day confirmed all the military appointments of the Governor. The civil appointments were not finally acted upon.

The bill to regulate the free colored population of the State was rejected in the House this evening, but reconsidered, and will have another vote on it.

The Senate adjourned at an early hour last night for the purpose of enabling the Senators of the American party to hold a caucus at the government house. (to enable the Governor to be present.) It is supposed that the subject of the Governor's appointments was under consideration.

VALUABLE FARM

AT AUCTION.

TRUSTEE'S SALE.—In virtue of a Deed of Trust, executed to me, as Trustee, by Wm. Robinson, dated 11th day of February last, and recorded in the office of the clerk of the Superior Court of Baltimore city, and Prince George's county, the undersigned, trustee, will offer at public sale, at Laurel, on the Washington Railroad, at 12 o'clock, noon, on

Wednesday, April 11, 1860,

a valuable *TRACT OF LAND*, containing *88 ACRES*, more or less, in the highest state of cultivation, and under good fencing.

This Farm is situated about 400 yards from the Depot at Laurel; about an equal distance from Baltimore and Washington.

There is a railroad switch for the convenience of loading and unloading cars at Laurel. It is now under a high state of cultivation, having been heavily limed and manured during the past few seasons. About fifty acres of this tract is fine meadow land, with a never-failing stream passing through it.

The improvements are a *FRAME DWELLING* and Barn, Ice-house Corn-Crib and Hay Barracks, with the best of water near the building.

This Farm possesses unusual advantages, being directly on the line of a railroad—equally distant from the cities of Baltimore and Washington, and being at the Laurel Depot, makes it exceedingly desirable either for a Dairy or Garden Farm.
