The Only Known Remedy For
DIABETES,
IRRITATION OF THE NECK OF THE BLADDER, INFLAMMATION OF THE KIDNEYS, CATARRH OF THE BLADDER, STRANGUARY OR PAINFUL URINATING.

For these diseases it is truly a sovereign remedy, and too much cannot be said in its praise. A single dose has been known to relieve the most urgent symptoms.

Are you troubled with that distressing pain in the small of the back and through the hips? A teaspoonful a day of Helmbold's Buchu will relieve you.

Physicians and Others
PLEASE NOTICE.

I make no secret of ingredients. Helmbold's Buchu is composed of Buchu, Cubebs, and Juniper Berries, selected with great care, prepared in *vacuo* and according to rules of
PHARMACY AND CHEMISTRY.

These ingredients are known as the most valuable Diuretics afforded.

A DIURETIC
Is that which acts upon the kidneys.

HELMBOLD'S EXTRACT BUCHU
Acts Gently,
Is pleasant in taste and odor, free from all injurious properties, and immediate in its action.

FOR THE SATISFACTION OF ALL,
See Medical Properties contained in Dispensatory of the U. S., of which the following is a correct copy:

"Buchu—Its odor is strong, diffusive and somewhat aromatic, its taste bitterish, and analogous to that of mint. It is given chiefly in complaints of the Urinary Organs, such as Gravel, Chronic Catarrh of the Bladder, Mortbid Irritation of the Bladder and Urethra, Diseases of the Prostrate and Retention or Incontinence of Urine, from a loss of tone in the parts concerned in its evacuation. It has also been recommended in Dyspepsia, Chronic Rheumatism, Cutaneous Affections and Dropsy."

(From the Phila. *Evening Bulletin*, Mar. 10th.)

We are glad to hear of the continued success, in New York, of our townsman, Mr. H. T. Helmbold, Druggist. His store, next to the Metropolitan Hotel, is 25 feet front, 75 feet deep, and five stories in height. It is certainly a grand establishment, and speaks favorably of the merit of his articles. He retains his Office and Laboratory in this city, which are also model establishments of their class.

The proprietor has been induced to make this statement from the fact that his remedies, although advertised, are

Genuine Preparations,

And knowing that the intelligent refrain from using anything pertaining to quackery, or the Patent Medicine order—most of which are prepared by self-styled Doctors, who are too ignorant to read a physician's simplest prescription, much less competant to prepare pharmaceutical preparations.

A WORD OF CAUTION.

Health is most important; and the afflicted should not use an advertised medicine, or any remedy, unless its contents or ingredients are known to others beside the manufacturer, or until they are satisfied of the qualifications of the party so offering.

SOLUBLE
PACIFIC GUANO.
JOHN S. REESE & CO.,
WHOLESALE AND RETAIL AGENTS FOR
THE PACIFIC GUANO COMPANY,
71 South Street, Baltimore.

THE SOLUBLE PACIFIC GUANO, resembles PERUVIAN GUANO in appearance, color, and composition. The value of all Guanos and Super Phosphate of Lime, of whatever name, depends, as is well known, upon the per cent. of *Ammonia, Soluble Phosphate,* and *Bone Phosphate of Lime* they contain. This Guano differs from Peruvian only in the fact that it contains less *Ammonia*, but this difference in Ammonia is more than made up by the fact that it contains almost *double* as much Soluble, and Bone Phosphate of Lime. This difference makes it a *durable fertilizer*, with all the activity of Peruvian Guano. Although the price of this Guano is only one-half the price of Peruvian, and is not higher than the Super-Phosphates of Lime, yet it contains, as is proven by analysis and inspection, vastly more of *ammonia, soluble,* and *Bone Phosphate*, than is found in the best of them. Hence its economy and intrinsic value must render it an object of great interest to the farmers generally.

We wish farmers to *take especial notice*, that the *conditions* upon which we have the agency of this *Guano* are, that every cargo is regularly *inspected* and *analyzed* by Dr. Lamb, whose authority in such matters is paramount.

This arrangement affords us and consumers a *protection not had* in the purchase of fertilizers generally. It must also be noticed that the phosphates of this Guano are not *mineral* but *earthy* Phosphates, which is greatly to its advantage.

The following is a summary of last cargo

Moisture	10	per cent.
Organic Combustible matter	50 71	"
Earthy matter	50 29	"
Yielding Ammonia	3.40	per cent
Soluble Phosphate of Lime	17 07	"
Bone Phosphate of Lime	24.32	"

FARMERS,
Look to your Interest!

THE subscriber would respectfully call the attention of the Farmers of Montgomery and Frederick counties to J. H. GAMBRILL'S
"Soluble Raw Bone,"
as the most superior Fertilizer ever offered them. It is unlike any other Bone in the market, it being fine enough to apply 150 lbs. per Acre with a drill, all other Bone for sale in this market is either manufactured from boiled or burnt bone, hence it contains very little ammonia. The above article is ENTIRELY FREE *from all adulteration*, nothing used but the bone in its raw state, containing all of its animal matter, hence it contains more ammonia than any thing of the kind in the market, it will act on crops immediately. "I defy competition." The same money expended in the above article, will produce one-third more corn per acre than any Fertilizer used. I care not what it is. Poor exhausted land can be made to produce fine crops for six to eight years by the single application of 300 to 400 lbs. per acre.

As Summer Bone offered for sale is adulterated, I have satisfied myself by a visit to the different manufacturing establishments.

I invite every Farmer interested, to call and see for once a genuine article. I will have ready for the spring crop, about 100 tons, which I will sell at $50 per ton, parties furnishing their own bags—put up in packages for $55 per ton. I have also on hand at all times a large stock of
Ground Plaster.

Parties can be supplied at any season of the year.
☞ Terms in Cash and Cash.
For sale by JONATHAN TYSON, Agent, Railroad depot, Frederick, and HENRY C. REICH, Araby Mills.

RECOMMENDATIONS:
URBANA, FREDERICK COUNTY, July 24th.

JAMES H. GAMBRILL, Esq.:
Sir: I used your "Raw Bone" on the crop of which I have just gathered to my entire satisfaction, and I gave it and Cox's Phosphate and Wilson's Guano a fair trial, side by side, across a 40 acre field, and it was as good, if not a little better than either, Wilson being behind. You may recommend it with safety to any Farmer. Yours truly,
CHAS. E. WORTHINGTON.

NEW MARKET, July 18, 1865.
Mr. J. H. GAMBRILL:
Dear Sir: I sowed with a drill one ton of your Ground Bones on about nine acres of wheat in the fall of 1864—the crop harvested this season is very fine. I feel satisfied that I have been amply repaid for the outlay. There is no experiment in the use of your Raw Ground Bones as a Fertilizer, as it comes up fully to all you claim for it. Very truly,
WM. DOWNEY.

I fully concur in what Mr. Downey says of Gambrill's Raw Bone.

BONE FLOUR,
UNADULTERATED,
MANUFACTURED BY THE
Boston Milling & Manufacturing Co.

THE VALUE of Unburnt, Unadulterated Bone is well known. When reduced to the condition of FLOUR, it is as active as if dissolved by acid, and is far better, because it retains all its phosphates. Its superiority over the common BONE DUST is two-fold or more. It is a consummation sought for in vain for the last half century, and is destined to give new value to BONE AS A FERTILIZER, and work a revolution in its issue. The BONE FLOUR is made only by the above Company, and is branded with their trade mark, which is the guarantee of its genuineness.

Order of Publication.

THE object of this suit is to procure a Decree for the sale of certain Real Estate, devised by John Hill to his wife, Cloe Hill, during her life.

The bill states that John Hill, late of Montgomery county, deceased, departed this life some time in the year 1858, having, in his lifetime, made a last will and testament, devising certain real estate to his wife, Cloe Hill, during her life, and, after her death, to be sold and the proceeds divided among the following devisees: One-eleventh part to Verlinda Howser, wife of William B. Howser; one-eleventh part to the children of Susanna Offutt, wife of Thomas L. Offutt; one-eleventh part to Rachel A. Henderson, wife of William Henderson; one-eleventh part to Eleanor Burriss, wife of Marshall Burriss; one-eleventh part to Mary J. Offutt, wife of Thomas W. Offutt; one-eleventh part to Julia A. Hill; one-eleventh part to Leanna Hill; one-eleventh part to George W. Hill; one-eleventh part to Levi Hill; one-eleventh part to Wm. Hill, and one-eleventh part to Margaret A. Pennifield, wife of Levi Pennifield—one hundred dollars to be deducted from Margaret A. Pennifield's share.

The bill further states that certain of the devisees have died, leaving certain heirs, named therein, as complainants and defendants.

The bill also states that Philip Stone and John Offutt were constituted and appointed Executors of the last will and testament—that Philip Stone took upon himself the execution of the trust, and that John Offutt declined to act.

The bill further states that the real estate is unproductive and valueless to the said Cloe Hill as a tenant for life; that the said Cloe Hill is advanced in life, and that a sale of her life estate would only realize a nominal sum, and that the purchaser would only use the land to its detriment, and without regard to its value hereafter.

The bill alleges that it would be to the interest and advantage of all the parties interested to have the said real estate sold, and invest the proceeds of such sale for the benefit of the said Cloe Hill, and upon the death of the said Cloe Hill, that the proceeds be distributed, in accordance with the devise, among the heirs and representatives of such of the devisees as have died.

And the bill further alleges that the said Lloyd Hill, a son of John Hill, deceased, left this State a number of years ago, and that his place of residence is unknown to the complainants, and they do not know whether he is living or dead.

It is thereupon adjudged and ordered that the complainants, by causing a copy of this order to be inserted in some newspaper published at Rockville, once in each of four successive weeks before the 1st day of March, 1866, give notice to the said absent defendant of the object and substance of this bill, and warn him to appear in this Court, in person or by solicitor, on or before the Second Monday of August next, to answer the premises and show cause, if any he has, why a decree ought not to pass, as prayed.
