Suspension of the Public Schools.

THE Citizens of Montgomery county are informed that the Public Schools will be closed for the present School Year, on the FIFTEENTH OF APRIL NEXT.

This suspension is rendered necessary by the obligation resting on the Board of School Commissioners, to provide additional School Houses and Furniture in the several districts of the county.

The act establishing Public Schools throughout the State, designed that the County Levy should continue in force during two years subsequent to its passage, for the very purpose of providing a Building Fund, absolutely necessary at the beginning.

In consequence of the failure to make such levy, the Board are compelled to divert a portion of the fund arising from the State tax, which would otherwise be sufficient to carry on the schools for the four regular terms. They hope to be able to do better next year.

BASHAW by KOSSUTH.

WILL MAKE THE SEASON OF 1866, at the stable of the Proprietor, from the 1st of April to the 1st day of August at $30 THE SEASON, and $50 to INSURE. In all cases $1 to the Groom.

BASHAW, sired by Kossuth, dam thoroughbred, by Alamode; Alamode by Imported Margrave. Kossuth's pedigree is given to show his abundance of Messenger blood, considered by all to be the best ever disseminated.

Kossuth was by New York Black Hawk, out of the celebrated trotting mare, Lady of the Lake; her dam was out of a Messenger mare. New York Black Hawk was by Andrew Jackson; the sire also of Jackson, Kemble Jackson, Henry Clay, Young Andrew Jackson, and many other fast ones. Andrew Jackson was by Young Bashaw; Young Bashaw was by imported Bashaw; the dam of Andrew Jackson was by Whynot, and he by old imported Messenger; the grand dam of Andrew Jackson was also by imported Messenger.

New York Black Hawk's dam was the distinguished trotting mare, Sally Miller, who trotted her mile in 2 m. 30 sec., and she was not excelled by any horse of her day. Sally Miller was by Tippo Saib, he by imported Messenger.

It will readily be seen that Bashaw is related to the best horses of our country, and that the fresh infusion of thorough blood through his dam gives him superiority for producing colts of speed and endurance, as blood will tell.

Any gentleman from the county sending a mare to the horse, will have her fed each day free of charge. The person bringing her will also receive his meals free of charge.

Coe's Super Phosphate,

FINE GROUND BONE DUST,

PACIFIC GUANO

ALL of which I offer to the Farmers of Montgomery at *PRICES MUCH LOWER* than they have been sold for several years.

The Peruvian Guano is a part of the only cargo that has been imported for four years.

My EXCELSIOR this season is being made up of the very best New Peruvian Guano—the bone is well dissolved, fine and dry, and the two are combined by process that makes a fertilizer superior in immediate and permanent effects to any fertilizer used in this part of the country. I can refer to a large number of Farmers who have used this Guano for several seasons past, who endorse it as the best in use.

COE'S SUPER PHOSPHATE is now being used all over the country, and is so well known as a CORN, GRAIN and GRASS GROWER, that few persons care to know more than where the genuine article can be had.

I AM SOLE AGENT FOR THE ARTICLE MADE BY Mr. COE HIMSELF, and each barrel is branded, "E. F. Coe's Ammoniated Soluble Phosphate."

The BONE DUST is very finely ground, and its purity guaranteed.

The PACIFIC GUANO combines the qualities of Peruvian Guano and Bone Dust.

Mr. O. Z. MUNCASTER, of Rockville, is authorized to take orders for any of the above articles, and to deliver them at Rockville or his Mill, where I shall keep small lots; charges added.
