The Greatest Invention since the Sewing Machine!

VAN GAASBEEK'S Sash Stopper and Lock.

SIMPLICITY, DURABILITY, CONVENIENCE, COMFORT AND SECURITY COMBINED.

THE STOPPER AND LOCK,

Supports either Sash at any point;
It can be applied to any window in a few minutes;
It does not interfere in taking out a sash;
It is not affected by any jarring action, and prevents the rattling of sash;
It is a perfect and secure lock in itself;
It is self-acting in all its work, and makes it impossible to forget to lock the window;
It allows proper ventilation without leaving windows unlocked;
It acts by gravity, has no spring, and can never get out of order;
It does not wear out, but will last while the house stands;
Windows that have only one sash moveable, may be changed, so as to move both, at a trifling expense.

COST.

Stopper & Lock complete $1.50.

Perhaps nothing in itself, so essential to man, has submitted him to so much insecurity, annoyance, inconvenience and discomfort as our windows. Excepting in our large cities, not one window in twenty has weights and pulleys, and cannot have, because not designed for them; consequently they have none of the advantages of a modern window. To those the Stopper and Lock is of prime necessity; for all dwellings not properly ventilated, must be uncomfortable and unhealthy—and health should be our first care. But even where weights and pulleys are used, the Stopper and Lock is equally applicable and desirable, and must come into general use for its radical advantages as a self acting, burglar-proof lock and ventilator.

☞ The undersigned having purchased the sole right of the Sash Stopper and Lock for Montgomery county, would respectfully inform the citizens of that county, and the public generally, that they are prepared to furnish County Rights, or sell the Stoppers and Locks at a reasonable reduction.

☞ Orders addressed to him at Cross Roads, Montgomery county, Md., will receive prompt attention.

N. B. FIVE CARPENTERS, to whom will be given constant employment at remunerative wages, can hear of application by addressing the undersigned, or by personal application at the Cross Roads. Good workmen only need apply.

Examiners' Notice.

WE the undersigned, having been appointed Examiners to ascertain and determine whether the public convenience requires that the private road leading from Colesville road to Rockville, by Sligo Spring, and running through the lands of James Bomfant, then by the most eligible route through the lands of Mrs. Lazenby, and passing along the boundary line between the lands of Dr. Powell and Henry Lanham, to the Washington and Brookeville turnpike, and intersecting the road leading from this point to Rockville, near Mill Dam, thus making a continuous and direct road from Colesville to Rockville, do hereby give notice to all concerned, that we will meet at Colesville, at 10 o'clock, A. M., on

On WEDNESDAY, the 12th of June next,

to hear the parties, their witnesses and counsel, if any attend, when and where we may be instructed by law to act in the premises, when and where all persons interested may attend if they think proper, when and where they may be heard if they think proper, when and where we will be ready to hear the parties, their witnesses and counsel, if any attend, when and where we may be instructed by law to act in the premises
