THE SENTINEL.

A Man Died of Hydrophobia Forty Years After Having Been Bitten by a Mad Dog.—The Pulaski (N. Y.) *Democrat* relates the particulars of the singular death of one Major King, of the town of Boylston, from hydrophobia. It appears that, about forty years ago, Mr. King was severely bitten by a mad dog, which had no apparent effect on him until within the past four weeks, when he first seemed to act strangely. For a few days he appeared melancholy, and on Monday, the 12th ultimo, after telling his son "he was going to do something," threw off his hat and coat, ran to a pond near by, and, jumping in, endeavored to drown himself. His son followed him and succeeded in getting him out, and induced him to return to the house. When within a short distance he tore himself away, returned again and threw himself into the pond. By this time some of the neighbors, who had witnessed the strange proceedings, arrived, and with their assistance he was secured and brought home. The paroxysm lasted about five hours, when he became rational and requested the bystanders not to allow him to hurt anybody. He remained in this condition for eighteen hours, when another spasm succeeded, and, after suffering terribly for a few days, death came to his relief.

Increase of the Episcopal Church.—The *Church Journal* says:

This week we begin the year 1871 with thirty-nine Dioceses and nine missionary Bishoprics, in place of thirty-seven ten years since; 2,750 other clergy for 2,628; with 222,000 communicants for 139,611, and 2,729 Sunday school children for 113,912. The contributions for last year in thirty-seven Dioceses and two missionary Dioceses amount to $5,602,721 86. These were "contributions for missionary and Church purposes, leaving us to imagine the wealth lying idle, out of which this large own was voluntary offering. The ordinations have been 208, the deaths of the clergy, including two Bishops, were 58; the net increase 150.

Death Warrants Signed.—The Governor of Maryland has signed and sent to the sheriffs of the different counties the following death warrants: John Howard alias Eva Sabina Lewis, convicted of murder in the first degree in Allegany county; Mary Wallis, colored, convicted of murder in the first degree in Prince George's county, and John Marsh, colored, convicted of violence upon the person of a female, in Frederick county. The 5th day of February next is fixed as the day for execution of the above named.

Having purchased the exclusive right for Montgomery county to manufacture and sell

BALDING'S PATENT SUBMERGE
DOUBLE ACTING FORCE & LIFT PUMP
WITH GLASS CHAMBERS,

I would respectfully call the attention of the public to the following advantages:

1st. Its durability, having a Glass Cylinder, in which all the work is performed, and having no rust, and little or no friction.

2nd. Its economy, costing less than any now in use.

3rd. It cannot freeze, because when the Pump is not being worked the water falls to its level in the well or cistern.

4th. The freshness of the water is always insured, coming as it does from the bottom of the well; being unlike all other Pumps where the water stands in the stock, and hence must taste more or less.

While it answers every purpose of an ordinary Well-Pump, it may be used for EXTINGUISHING FIRES, Sprinkling Gardens, Washing Windows, Elevating Water, &c.

It is constructed with a view to durability and simplicity, and, *for all general purposes, is believed to be without an equal.*

I am now prepared to furnish the above Pump, on short notice, fit up complete, and in working order.

ORDER OF PUBLICATION.

PATRICK LAHE AND MARTHA JANE LAHE, HIS WIFE,
vs.
JAMES O. JONES AND OTHERS.

In the Circuit Court for Montgomery County, sitting as a Court of Equity.

The object of this suit, is to procure a decree of the sale of certain real estate, lying and being in Montgomery county, in the State of Maryland, which was devised by Owen D. Jones, late of said county, deceased, to his wife, Elizabeth Jones, during her natural life, or widowhood; and upon the death or marriage of the said Elizabeth Jones, was to be divided among the children of the testator.

The bill states that the said Owen D. Jones, was, in his lifetime, seized and possessed of certain real estate, lying and being in said Montgomery county, and being so thereof seized and possessed, sometime in the year eighteen hundred and sixty-one departed this life, leaving a last will and testament in writing, duly executed in his lifetime, which has been duly admitted to probate by the Orphans Court of said Montgomery county, and is now of record in the office of the Register of Wills of said county; and, among other things in said will contained, is the following devise—to wit:

"Secondly, I will and devise that my beloved wife, Elizabeth Jones, shall keep, have, possess and enjoy the whole of my real estate, both real and personal, and all the emoluments issuing therefrom, during her natural life—provided she shall continue to live single or unmarried until the time of her death; and, at her decease, or in the event of her being again married, that then, and in either case, the whole of my estate shall be equally divided among my children, share and share alike."

And which said last will and testament, the said Elizabeth Jones was therein appointed sole executrix; all of which will more fully appear by reference to a properly certified copy of said last will and testament, filed with said bill as part thereof, and marked "Exhibit A."

That some time in the year eighteen hundred and seventy, the said Elizabeth Jones departed this life, intestate, without having married again, leaving as her only children and heirs at law of the said Owen D. Jones, two sons and five daughters—viz: James O. Jones, Benjamin Jones, intermarried with a certain Sarah E. Macomb; Elizabeth, intermarried with a certain James Wright; Frances, who intermarried with a certain William Kilmore, and has since died, leaving her husband, Wm. Kilmore, and a daughter, Elizabeth, surviving her; Mary Ann, intermarried with a certain Washington Dean; Ellen, intermarried with a certain George Streibeck, and the complainant, Martha Jane Lahe.

The bill further shows, that said real estate is not susceptible of division, and that no division could be made except by greatly injuring and depreciating the value of said real estate.

The bill further shows, that the said James O. Jones, Washington Dean, and Mary Ann Dean, his wife, George Streibeck and Ellen Streibeck, his wife, are non-residents of the State of Maryland.

It is thereupon this 16th day of December, in the year 1870, adjudged and ordered by the subscriber, Clerk of the Circuit Court for Montgomery county, that the complainants, by causing a copy of this order to be inserted in some newspaper printed in Rockville, in said Montgomery county, once in each of four successive weeks, before the 14th day of January next, give notice to the said absent defendants of the object and substance of this bill, and warn them to appear in this Court, in person or by solicitor, *on or before the 15th day of April next*, and show cause, if any they have, why a decree ought not to pass as prayed.

KEYSTONE
SEWING MACHINE!
AGENCY OFFICE AND SALESROOM,
816 F STREET, Opposite Patent Office,
WASHINGTON, D. C.

Ladies, in calling your attention to the KEYSTONE, we beg to mention a few facts relative to this machine, from which you are to judge of its superiority over the various other machines offered you.

It is strong, simple and durable in its construction.

It is very little labor to operate it, there being so little friction.

Its movements are all positive—no springs, &c., to get out of order.

The arrangements for adjusting the stitch and tension are perfect, and no wear of the machine, or motion, can alter either; they can only vary by the action of the operator.

It is very easy to learn to operate it, and it is not liable to get out of order.

It will sew, with equal facility, every description of goods, from the finest laces or tissues to leather.

It will do all the work that any other machine will do, and is *the only* machine that will *gather, ruffle or plait*, any description of goods, to any desired fullness, and sew between two bands at one operation.

It uses the straight needle.

It makes the *lock stitch*, alike on both sides, that will not ravel.

It uses a Patented Shuttle Carrier, thereby avoiding any shuttle race or groove, or wear and friction of the shuttle and oiling of the thread.

It is elegant in design and finish.

It has been pronounced by various committees, at Fairs, and by Sewing Machine experts, all over the country, to be the *best* machine ever invented.

☞ Don't buy a machine until you have had an opportunity to see and test this superb instrument.

☞ All machines warranted.

"THE CAMANCHES."

The publishers will shortly issue the History of the 35th Battalion of Virginia Cavalry, C. S. A., more familiarly known as "WHITE'S BATTALION," from its commander, Col. Elijah V. White.

It is a work of over 300 pages, and contains the history of this famous command during all the period of its existence from the formation of its first company, in 1861, to the surrender of Gen. Lee's army.

It shows the operation of the "Ashby Brigade" during the two years that the 35th Virginia Cavalry formed a portion of that gallant command, giving the only published account of the great expedition of Gen. Wm. E. Jones through West Virginia, when the Kanawha river was set on fire, and also the connection of the cavalry with the campaigns of the A. N. V.

The History of the Battalion, as Partizan Rangers, on the Potomac border, and along the army lines of Banks, Pope, McClellan, and other Federal commanders, together with the experience of its men as Scouts, Guides and Couriers for Generals Jackson and Ewell, is given, and the MS. is highly endorsed by the officers of the Battalion who have examined it. Written by FRANK M. MYERS, late Capt. Co. A, 35th Va. Cavalry.

☞ Orders addressed to the author will be promptly attended to. The price of the work is $2.00. AGENTS WANTED. For terms, &c., address
