There is chrome on the Farm said to be of great value, also quarries of sand and other stone. There are two points on the Farm well adapted for making brick, having clay, water and wood convenient. The Mill can be rented at $400 a year or worked to pay three times. Lime can be delivered on the Farm by Railroad at 16 cents a bushel. The Harden train is now almost daily passing. The land is of first-class soil for Agricultural or Dairy, having streams and springs of the best water running through. WHEAT SEEDING.—The U. S. Commissioner of Agriculture in his 1870 Report says, "J. J. Applied at the rate of 150 pounds per acre, it hastens the ripening of wheat about 5 days, and benefits the succeeding crop of clover 20 per cent."
