VENERAL DISEASES.

AS Dr. WARNER's practice has been very extensive both in public and private daily experience convinces him of the priority of his method of removing the venereal disease, in preference to any medicine vended or known in Baltimore. He has removed the most desperate cases with care and dispatch, after the failure of some of the ablest physicians both in Europe and America. Complaints of the urinary passages and debility thereof, from various causes and accidents, removed in the shortest possible space of time—As there are persons from various causes cannot personally apply, it may be necessary to inform them, they may be relieved from a description of their complaint.

Dr. W. warrants a cure in all cases. Masters of vessels and travellers may have their medicine so prepared that a safe, effectual and expeditious cure may be effected, without the least restriction in drink or diet.

Digest of the Laws of Maryland,

BY THOMAS HERTY,

Of the city of Washington, conveyancer and notary public, alphabetically arranged, of all the public acts of Assembly now in force and of general use, from the *first* settlement of the state to the end of the session, 1803, with referrences to the acts at large.

To which is added the Acts of Congress for the District of Columbia; from the assumption of jurisdiction, to the end of the session, which terminated in April 1804, inclusive.

Also, a variety of precedents (adapted to the several acts) for the use of justices of the peace, &c. And also, a table explanatory of sundry technical law terms. In 2 vols. price 7 dollars 50 cents per set.

No situation in life, no uprightness of heart, no prudence or circumspection of conduct, should tempt a man to conclude, that he may not at some time or other be deeply interested in these researches. The infirmities of the best among us, the vices and unguarded passions of others, the instability of all human affairs and the numberless unforeseen events, which the compass of a day may bring about will teach us, upon a moment's reflection, that to know with precision what the laws of our country have to bid or forbid, and the deplorable consequences to which a wilful disobedience may expose us, is a matter of universal concern.

NOTICE

To the Owners and Planters of Tobacco, throughout the State of Maryland, Virginia and elsewhere.

UNDER a late law of the General Assembly of Maryland a large, spacious and commodious Tobacco Warehouse, built on the end of the centre Market space and Frederick-street dock is now ready for the reception, packing and inspection of Tobacco. It is presumed that the great and many advantages attached to this Warehouse, both from its central situation in the city of Baltimore, or being more than 300 yards from the Custom House of the United States—the little danger from fire and its easy, and immediate accessibility by water, without any charge for wharfage, will deserve and claim the attention of all persons interested. It is very convenient and near to the merchants who principally buy and deal in Tobacco—always to be approached by the large craft, bay and coast, with sufficient navigation for all vessels employed in the exportation of this article in drawing more than twelve feet water. Its exemption from risk by fire and from wharfage, are also considerations offering pecuniary advantages. The subscriber promises always to use the utmost dispatch, care and attention for the interest of those who may please to consign their tobacco to his charge.

THE Managers of this Lottery flatter themselves, from the elevated and healthy situation chosen by the commissioners appointed for erecting the Market house, that it will be of the greatest utility and advantage, to that part of the city, and to the community at large, and beg leave to recommend it as an object worthy of their encouragement.

As the above scheme offers every possible encouragement to adventurers, from the many valuable Prizes it contains, and there being considerably less than two blanks to a Prize, and all Prizes payable in 60 days after the drawing of the Lottery is completed without any deduction, the Managers entertain sanguine hopes of such a speedy sale of the tickets, as may enable them to commence drawing without loss of time.

Such Prizes as shall not be demanded within six months after the drawing is finished, will be considered as relinquished for the benefit of the Market house.

For the satisfaction of the public, it may not be unnecessary to inform them, that the Managers have given bond to the State of Maryland in the sum of 30,000 dollars, for the due performance of the trust.
