CENTREVILLE OBSERVER.

TUESDAY, MORNING, JULY 4, 1876.

LOCAL NEWS.

Divine Service will be held this morning at 8 o'clock at the P. E. Church.

Sale of a Farm.—Chas. W. Clements, Esq., has sold to Capt. Redd S. Fred, a farm in Kent Neck, containing 70 acres, for $51.50 per acre.

Errata.—In the equation solution published last week two unimportant errors occured, which the reader no doubt readily detected as misprints.

A Base Ball Match between the Kent Id and club and the Centreville club is to be played this morning on the grounds of the latter, commencing at 10 o'clock.

Sale of "Round Top."—Richard Hynson, Esq., as trustee, sold on Wednesday the "Round Top" peach farm, containing 203½ acres, to Mr. Black, of Chester, Pa., for $11,000.

If there are any persons in this, or any other vicinity, wishing a first class Piano or Organ, whose eye shall rest upon this item, let them pause, reflect, look through other columns, and send to Daniel F. Beatty, Washington, N. J., for any information they may desire concerning them. They are highly commended by the Press and People, and are beyond a doubt very superior instruments.

Washed Out.—The piles forming the abutment at the Kent Island end of the Kent Narrows bridge have washed out leaving the bridge in a dangerous condition. Persons have been warned not to venture upon it, for fear of its giving way and precipitating many persons over the stream. The current is so strong, however, that the row can be used only on slack tide, which causes great delay, and loss of time. Thus we are reaping the fruits of this gigantic humbug.

Be Careful.—It may be of service to those who shall by various means attempt to exterminate potato bugs to be informed that one of our northern exchanges gives warning that the potato beetle must be handled cautiously by persons having cuts or bruises through which poison may be disseminated, and utters an especial caution to avoid the inhalation of volatile odors arising from scalding, burning or crushing considerable numbers at a time. This work should not, therefore, be committed to children.

The Potato Bugs Leaving.—Our exchanges in New Jersey report the Bugs as leaving that State. They take to their wings and fly away in myriads. The Tom's River Courier reports an army of the beetles on the wing which was so great that it took them an hour to pass any given point. The absence of the bugs is also noticed about Paulsboro', in Gloucester county, very few being now found where they were formerly so numerous. Those left behind do not seem to possess as much vitality as former swarms, and their ravages are not so great.

The New Cashier.—The Westminster *Advocate*, published at the home of Mr. Wm. A. Cunningham, the gentlemen who has been elected as cashier of the Centreville National Bank, thus speaks of that gentleman:

"Mr. Cunningham was the Cashier of the First National Bank, this city, for a period of 10 years. We extend our congratulations to him upon his appointment, and can assure him that he will be thrown into the society of first-class business men and gentlemen of high social position. To the officers of the bank and the community in which he is to live, we can say that Mr. C. is an efficient business man, and is in every way qualified to make a [illegible] of the institution. Socially he [illegible] the respect of all."

Commencement Exercises.—The closing exercises of St. Paul's Parish School, Miss Mary N. Zeade, Principal, took place in the hall of Court House, on Wednesday evening at 8 o'clock. In consequence of the absence of Dr. Kirkus, who was expected to deliver an address upon the occasion, some disappointment was occasioned. The exercises were opened with prayer by Rev. Mr. Kimmel; and, after instrumental and vocal music, the reward of certificates of distinction in various studies were awarded to the pupils. The condition of the school, we understand, is highly satisfactory to the patrons thereof. On Tuesday evening the school gave a concert at the residence of Jno. H. Brown, Esq., in the presence of a large company. The music of the school was fine and showed that great care had been taken with that branch of their studies.

The Children's Jubilee.—The Centennial Jubilee for the children which is to take place in this town to-day promises to be very interesting. The Easton Band will be here to furnish music for the occasion. The Court House green has been very tastefully decorated by the ladies with arches, emblems, &c., and a liberal display of the national colors is observed. A procession to consist of the band, the marshal for the day and four aids, thirteen ladies on horseback to represent the thirteen original states, a representation of the old ship "Constitution," a representation of George Washington and his wife and other attractive features is to parade through the principal streets. An oration is to be delivered by Mr. A. R. Weedon, by invitation of the ladies, and the Declaration of Independence is to be read by P. B. Hopper, Esq. A liberal supply of refreshments for the children has been procured, and altogether, and much credit is due to the ladies of the town who have inaugurated and conducted the affair.

Orphans' Court.—Present, Hon. Richard C. Tilghman, chief justice, and Augustus McCabe and Samuel T. Earle associates. Ordered, that the release from Sarah C. Cooper and Charles W. Cooper to Wm. Barnes and Wm. W. Roe, administrators of John F. M. Roe, deceased, be received, filed and recorded. On application of Capt. Daniel Ford, guardian to Peter King and Celia King, minor children of Joseph King, deceased, ordered, that a warrant issue to Jas. F. Graves and Richard A. Skinner to appraise the real value of the real estate of said minors. On application of Mr. Carter, executor of Mrs. Mary M. A. Talbot, deceased, he received, filed and recorded a will, whereupon the Court passed the following order, viz: Ordered, this 27th day of June, 1876, by the Orphans' Court for Queen Anne's county, that by authority of the last will and testament of Mrs. Mary M. A. Talbot, late of Queen Anne's county, deceased, he said Jas. M. Carter is authorized and directed to assign, transfer and deliver over to the said John M. Carter, as sole legatee of the said Mary M. A. Talbot, all the Baltimore city stock of the [illegible] 1895 and 1896, to the amount of $[illegible] upwards, received by him as executor of Elisha Brown, of Baltimore city, deceased, being the distributive share of the said Mary M. A. Talbot, of said Elisha N. Brown's personal estate.

Levy Court.—Present, Messrs. Temple, president, Carville and Larrimore. Minutes of previous meeting read and adopted. The Court was engaged the entire day hearing the protest filed against the report of the Examiners appointed to locate a Public Landing and wharf at Centreville Landing.

Murder will Out. The following, which we clip from the Smyrna *Times* strikes us with surprise. The statement may be well authenticated, but we must add that it is the first we have heard of it:

"Five or six years ago Remy Gilmorette, a Frenchman, was murdered near Chestertown and his wife was left in a supposed dying condition. Suspicion pointed strongly to a colored woman who was called Martha, and who lived in the family. Gilmorette and his wife were tenants of the late Judge Chambers, and resided on his farm in Queen Anne's county, near the foot of the bridge which spans the Chester River at Chestertown.—They were supposed to possess a considerable sum of money, as they always paid the cash for everything they bought, and plunder was evidently the object of the murder. The colored girl was arrested, thrown into prison and tried, and was acquitted the right by the discretion of a young lawyer, Master Jones, a relative of Judge Chambers, a nephew, we believe. Jones had visited the girl in prison, and from her had extorted a pretended confession with promises of some character, which destroyed the value of her testimony and led to her acquittal. Public sentiment, however, adjudged her guilty, and but for the action of Jones she would have been deprived of her life. For, recently, the perpetrator was discovered. He is a colored man now serving a term in the Maryland Penitentiary for another crime. The prison officials intercepted a letter, not long ago, in which allusion was made to the murder, and by which his guilt was fully established. We understand that after the expiration of the term of the convict he will be tried for the murder."

BUTTER IN 20 MINUTES.

Lincoln Butter Powder is an entirely harmless article, made from a celebrated English recipe, and now in daily use by many of the most noted farmers in the butter counties around Philadelphia.

In fact, wherever this Powder makes butter should, firmer and sweeter than it usually is, and keeps it from turning rancid. It also removes the strong flavor of turnips, garlic, weeds, corn stalks, cotton seed oil, and by increased yield of butter, much more than pays the trifling expense of using it.

LIFE, GROWTH, BEAUTY

London Hair Color Restorer.
London Hair Color Restorer.

Nature's Dye; makes harsh hair soft and silky; cleanses the scalp from all impurities; causes the hair to grow where it has fallen off or grown thin. Can be applied by the hand as it does not stain the skin or and the finest lines. As a Hair Dressing it is the most perfect the world has ever produced. The hair is renovated and strengthened and natural color restored without the application of mineral substances.

Since the introduction of this truly valuable preparation into this country, it has been the wonder and admiration of all classes, as it has proved to be the only article that will absolutely, without deception, restore gray hair to its original color, health, softness, lustre and beauty, and produce hair on bald heads of its original growth and color.

This beautiful and fragrantly perfumed article is complete within itself, no washing or preparation before or after its use, or accompanying it any wash and being required to obtain these desirable results.

HERE IS THE PROOF
OF ITS
SUPERIOR EXCELLENCE.

Rev. Chas. Deane, Cambridge, testified to by Edward E. Garrigues, one of the most competent Druggists and Chemists of Philadelphia, a man whose veracity none can doubt.

I am happy to add my testimony to the great value of the London Hair Color Restorer, which restored my hair to its original color, and has now appeared to be permanent. It is also a beautiful hair dressing and promotes the growth. I purchased the first bottle from Edward E. Garrigues, druggist, 10th and Dock streets, who can also testify my hair was quite gray when I commenced its use.

MRS. MILLER,
No. 730 North Ninth street, Phila.

Dr. Swayne & Son. Respected friends.—I have the pleasure to inform you that a lady of my acquaintance, Mrs. Miller, is delighted with the success of your "London Hair Color Restorer." Her hair was falling rapidly and quite gray. The color has been restored, the falling off entirely stopped, and a new growth of hair is the result.

Druggist, cor. Tenth and Dock, Phila.

BOSTON TESTIMONY.

July 22d, 1875.—*Dr. Swayne & Son.*—Lewis Walter's residence in Trenton, N. J., I procured six bottles of "London Hair Color Restorer," which I like very much, in fact better than anything I have used in the last nine years. If you please, send me one dozen more. C. P. HUNT, Care of W. S. Figler & Son, Druggist, No. 723 Tremont street, Boston. Respectfully yours,

ADA BAKER,
No. 58 Rutland Square.

"London Hair Color Restorer and Dressing" has completely restored my hair to its original color and youthful beauty, and caused a rapid and luxuriant growth.

THE LUNGS!!

Consumption!

This distressing and dangerous complaint, though it usually results from neglected colds, &c., yet it is curable, when the proper remedies are used for it.

DR. SWAYNE'S
Compound Syrup of Wild Cherry

Has been used with the greatest success in all the pulmonary affections, such as Coughs, Colds, Bronchitis, Incipient Consumption, Spitting of Blood, Pain in the Side and Breast, Difficult Breathing, Night Sweats, Loss of Flesh, Loss of Appetite, Debility, and all other diseases of the organs of the lungs.

Dr Swayne's Compound Syrup of Wild Cherry

strikes at the root of disease by purifying the blood, restoring the liver and kidneys to healthy action, invigorating the nervous system. This syrup is a sure cure for Coughs, Colds, Bronchitis and all pulmonary complaints. Consumptives, or those predisposed to weak lungs, should not fail to use this great vegetable remedy.

It has marvelous power, not only over consumption, but over every chronic disease where a gradual alterative action is needed. Under its use the cough is loosened, the night sweats lessened or entirely stopped, the pulse comes into natural standard, the stomach is improved in its power to digest and assimilate the food, and every organ has a purer and better quality of blood supplied to it, and a healthy vitalizing and plastic material is made. Prepared only by
