No Aches or Pains
Peruna Did It for Me.

"I find Peruna an excellent spring and summer medicine and am glad to call the attention of my friends to it. I know by experience that Peruna is a good medicine and always recommend it whenever I have an opportunity. I can truthfully say that I have no trace of my stomach complaint, and have neither ache nor pain, and enjoy life. Words cannot express my appreciation for the good Peruna has done me."

PERUNA THE SPRING AND SUMMER MEDICINE.

"I used to get cramps in my stomach. I had also headaches. My stomach nearly killed me. My family physician only gave me temporary relief. I got out of patience and had given up all hopes of recovery. I then wrote to Dr. Hartman and he advised me to take Peruna. I got a bottle of Peruna and commenced using it. Soon I got better and am now entirely cured and feel like a new woman. Peruna is my comfort. I will never be without it." Mrs. Thomas M. Morgan, R. F. D. 2, Wadsworth, Ohio.

Just What the Kirschbaum Guarantee Means to You

Our Kirschbaum Clothes are guaranteed to be all wool. That promises wear. Before any fabric is accepted by the A. B. Kirschbaum co. it is proved 100 per cent pure wool by chemical test.

Next, the color is fast. It was tested with nitric acid. Kirschbaum clothes will not fade.

Then the woolen was shrunk by the original London cold water process, which is the most thorough method of its kind.

The skillful hand tailoring given Kirschbaum clothes insures their permanent handsomeness.

And every point of strain is sewed with silk thread. No opened seams, no prematurely broken stitches.

These five points are covered by the guarantee which will come with your Kirschbaum. "Yungfellow" Clothes $12, $15 and $20. See the guarantee and price ticket on the sleeve. You will readily see that no other clothing is sold in such a business like way.

Why not choose your clothes where your assortment is largest. The "Yungfellow" clothes for young men are the best buy possible.

Don't fail to see our line of

Ladies' Tailor-Made Suits

now ready for your inspection. Stunning values.

Prices Range From $10 to $20

GOOD ROADS CONGRESS
Will Convene at Atlanta, Georgia, in November. Special Trains to be Run by the Railroads.

Elaborate preparations are being made by the railroads to accommodate the good roads workers who will gather at Atlanta, Georgia, for the Fourth American Road Congress during the week of November 9. A special train will be operated by the Pennsylvania Railroad and the Southern Railway, leaving New York on Saturday, November 7, and arriving at Atlanta on November 8. Special cars will be cut on for Philadelphia, Baltimore, Washington, Richmond and Norfolk. Delegates from the west and middle west will have the advantage of a special train leaving Chicago on the evening of November 5 and passing through Indianapolis, Cincinnati and Chattanooga en route to Atlanta. Arrangements are now being made for special service from Texas and southwestern points. Exceptionally low rates have been granted, particularly in the territory south of the Potomac and east of the Mississippi, where the rate per mile will average 1½ cents. Greatly reduced rates have also been granted in western territory, as well as on the eastern trunk lines, so that all delegates and visitors will find travel possible at an exceptionally low cost.

On account of the great improvement made within the past few years on the public highways south of Washington, considerable interest is manifested in touring facilities. Among the parties arranging to make the trip by automobile are members of the State Board of Public Works of Rhode Island, who expect to attend the Congress in a body. Not least among the important factors which have made for better road conditions between Washington and Atlanta is the cooperative object lesson in maintenance inaugurated by the American Highways Association and now in practical operation by the U. S. Office of Public Roads. Despite the general impression which exists to a certain extent in other sections of the country that the South is backward in the use of modern road building methods, Fulton county, Georgia, of which Atlanta is the county seat, is planning to show the delegates actual samples of what can be done in the construction of permanent roads of a type adapted to modern traffic conditions.

An interesting exhibit in this connection will be made by the various states and the results achieved by the use of modern methods, materials and machinery will be shown. The New York State Highway Department is planning an exhibit of such state, county and town improvements, and a representative of Rhode Island will be present to show what has been done in the Ocean State. Temporary structures are being prepared to house the exhibits which will be shipped to Atlanta by the Department of Agriculture.

MARYLAND WILL BE NEXT
Former Anti-Saloon League Leader Believes Old Line State Would Go Dry if Given Opportunity

Wm. H. Anders, superintendent of the New York Anti-Saloon League, and the former active leader in that state, in an interview in New York Wednesday said Maryland would be the next state to go dry if given the opportunity.

Mr. Anders said that New York, Pennsylvania, Ohio, Illinois, Indiana and Kansas are the states in which the prohibition movement is now most active. He said that the Anti-Saloon League is calculating on the adoption of a national prohibition amendment and that the other necessary states will soon take the same action.

Mr. Anderson believes that all of the necessary states will promptly ratify a national prohibition amendment and that the others necessary will soon take the same action.
