Baltimore's Best Store Offers Absolute Security with Every Purchase

Whatever you buy at Baltimore's Best Store is returnable, within reasonable time, for refund or exchange, if you are not entirely satisfied with it.

This is not new. It was part of our policy when this store opened, nearly eighteen years ago, and it has been carried into effect every business day ever since.

It is this which makes this store an especially pleasant place to deal with by mail. With the best intentions in the world, you may order something and find that it is not what you want, or we may send you something which, upon examination, you find is not fully satisfactory. It is good to know that you are dealing with a store that "money backs" its goods without question or argument.

"WETS" AND "DRYS" COUNTING NOSES

BIG FIGHT IN PROSPECT

Anti-Saloon League and Its Opponents Anxiously Scanning List of Newly Elected Senators and Members of the House of Delegates. Queen Annes Sends Delegation Favorable to "Drys."

A quiet but very eager counting of noses among the members of the next Legislature is now being made by both the Anti-Saloon League people of Maryland and its opponents. While neither side is giving out information it is the general belief that the Anti-Saloon League people occupy a very strong position and will be able to compel the passage of an act at least giving people in "wet" sections an opportunity to vote on the prohibition issue.

Queen Annes county sympathizers with the "dry" movement are elated over the fact that this county will be represented by three legislators all of whom are pledged to give the Anti-Saloon League a fair and square deal. Hon. J. H. C. Legg Senator-elect and Messrs. Eugene L. Dudley and J. Edward Stevens who will represent the county in the House of Delegates have already expressed themselves as favoring the plan to submit the issue to a vote.

It is taken for granted that the fight will be between state wide prohibition and State wide local option. The opponents of the Anti-Saloon League which wants prohibition have attempt at first to prevent the passage of any legislation favored by that organization. But it is believed the majorities of the members of the next Legislature will be found favorable to the passage of a State wide local option law. Legislation of this character will be introduced early in the session and the Anti-Saloon League people will be in a position to compel its passage by threatening to oppose the passage of any other legislation desired by the opponents of the Anti-Saloon League. Hence it is believed that legislation favored by the Anti-Saloon League will be passed.

Working For Prohibition

May Be Asked Pass Dry Act

Hold Over Senators a Factor

The 14 votes members of the State Senate must be secured very early if State wide prohibition is to be put through. There are 27 Senators as follows: Spencer of Garrett, Zihlman of Allegany, Jones of Montgomery, Holmead of Prince Georges, Archer of Harford, Chesley of St. Marys, Mudd of Charles, Williams of Cecil, Cooper of Caroline, Collier of Talbot, Shepherd of Dorchester, Harrison of Worcester and Ogden of Baltimore city. It is impossible to say where most of these men stand on prohibition but doubt may be expressed as to whether Zihlman, Jones, Holmead, Archer, Chesley, Mudd, Cooper, Collier and Shepherd would vote for prohibition as against State wide local option and it is known that Ogden opposes prohibition.

Bearing in mind that 14 votes are needed to pass a bill through the Senate that three recently elected city Senators Peter J. Campbell, George Arnold Frick and William J. Norris are opposed to prohibition, that Frank M. Duvall the new Senator from Anne Arundel is likewise and that George L. Kaufman the new Senator from Frederick is supposed to be wet it will be seen that prohibition is by no means assured not counting the possibility that others of the new Senators may be antagonistic. These other new Senators are L. Atwood Bennett of Wicomico, Parsons of Somerset, Morris of Kent, Legg of Queen Annes, Allen of Baltimore County, Warfield of Carroll, Johnson of Howard, Joy of Calvert, and Bomberger of Washington.

It may be worth while to explain that State-wide prohibition with a referendum means that the people of the entire State will vote to determine whether the State as a whole shall be "wet" or "dry." Under such a vote it would be possible for the counties to make Baltimore city "dry" even though the majority in the city voted "wet." State wide local option on the other hand means that the people in each county and the people in Baltimore city would vote to determine whether that unit should be "wet" or "dry" without regard to the vote in any other unit.

CAMP PRESENTS FLAG

PRETTY CEREMONY AT PRICE SCHOOL LAST SATURDAY ABOUT 150 PRESENT

One of the prettiest flag raising ceremonies ever witnessed in Queen Annes county was staged at Price school last Saturday afternoon at 2 o'clock when Washington Camp No. 69, P. O. S. of A. formally presented the public school there a handsome American flag with appropriate exercises in the neighborhood of 150 persons witnessed the presentation and flag raising ceremony.

The ceremonies opened with a prayer by W. J. Massey followed by the singing of "America" by the children. J. F. Sudler, President of the Price Camp, then made a short address and introduced Rev. J. R. Burke, President of the Centreville Camp who delivered the presentation address. The flag was a gift from the Camp. The flag was accepted for the school by William James Hearn, President of the Board of Trustees. H. A. Wright, State Secretary of the P. O. S. of A. and National Vice President, then made an address. His address was followed by a few remarks by Rev. J. R. Burke after which the flag was raised by Misses Ruth Price and Ruth Hearn
