LET US HAVE A BETTERMENT CLUB.

The Observer is pleased to learn that an effort is on foot to organize a Civic Betterment Club among the ladies of Centreville. For years this newspaper has advocated the formation of a band of ladies to work for the public good, and it is extremely gratifying that steps are now being taken with this end in view.

There is not the slight doubt but that a band of determined and patriotic women could work wonders in beautifying and improving the town of Centreville. It has been said that the hearts of women are in their good works, and in the event of the formation of an organization of women banded together with the fixed purpose of accomplishing good, the effects and results would soon be noticed and appreciated.

The Observer takes this opportunity to assure the ladies of Centreville that it will do everything in its power to assist in bringing about any improvements for the public welfare that they may advocate, and to wish their good efforts in their effort to make our town a better and better place.

Let us have a Civic Betterment Club at once.

DO NOT FAIL TO REGISTER

Two days yet remain upon which citizens of this county may register and thereby put themselves in a position to vote at the general election on November 3rd, to wit: TUESDAY, OCTOBER 6th and WEDNESDAY, OCTOBER 7th. The registration office will be open between the hours of 7 A. M. and 5 P. M.

It requires but a few minutes to register, and if not already registered should do so at the earliest date possible. If the man on the books at Tuesday or Wednesday of this week will not do so, he will be prevented participating in the primary election in February and November next year. If a man is not a qualified participate in the primary or general election next year.

The registration on Tuesday and Wednesday of last week was very light, and yet there may not many who will take the trouble necessary to register than there are who think they are not qualified to register. Hundreds of citizens who are qualified to register will not do so, and will then blame the party for not allowing them to participate in the primary election next year.

The registration on Tuesday and Wednesday of last week was very light, and yet there may not many who will take the trouble necessary to register than there are who think they are not qualified to register.

Let every Democrat who wishes to uphold the hands of President Wilson and the Democratic party see that his name is on the registration books so that he will be qualified to vote in November for the election of a Congressman and a Congressman who are sympathetic with the Wilson Administration.

Let every Democrat who wishes to participate in the important Primary Election to be held next year, which candidates will be nominated for County Officers who will nominate Democratic Delegates to the next Legislature, be registered before November 3rd.

Next Wednesday evening a meeting will be held at the Court House at which time the party will discuss next year's primary election. It is therefore a matter of the highest importance that every Democrat should be present at the meeting.

The Democratic party in Maryland at this time is the only party that is asking the people to place the control of the State Government in the hands of a party pledged to the people and constructive legislation. It is every person's duty to vote, especially the young man who is about to assume the responsibilities of citizenship and who will be affected most by the acts of the party he may support.

In the words of the platform of the Democratic party, the Democratic party has become the party of the people, for the people and by the people.
