WHO IS THE OLDEST CITIZEN?

Centreville Man, So Far As Is Known, Holds This Honor.

A couple of weeks ago The Centreville Observer asked three questions that probably never have been answered in the history of Queen Annes county. They were:

Who is the oldest man in Queen Annes county?

Who is Queen Annes county's oldest woman?

Who has continuously resided in Queen Annes county the greatest number of years?

Since that time considerable interest has been manifested by numerous readers, but so far the town of Centreville has produced the oldest citizen. He is Mr. William Thomas Chambers, who was born on March 19th, 1831, who for this entire period, with the exception of about ten years, has resided in Queen Annes county.

There are at least half dozen other Centrevillians whose ages range from 78 to 84.

Is there any community in Queen Annes county that can offer a citizen who is older than Mr. Chambers. If not, the championship goes to Centreville. But the championship for the oldest woman still remains open. Let those who know of old citizens send in their reports. The Observer will publish a complete list of the county's aged citizens as soon as it seems certain that all sections have been heard from.

Send in a report of the old citizens of your community today.
