In view of the prompt service rendered by the telephone operators of the local exchange during the rush season of the J. Langrall & Bro. Cannery, Mr. Elmer E. Langrall, local manager, this week presented each operator with a large box of Morse's chocolates from Sunset Pharmacy. If the telephone company has a rule against partaking of "sweets" while on duty, this rule was probably greatly endangered by Mr. Langrall's thoughtfulness and generosity.

Uniform Crossing Signals.

The long-drawn-out campaign to provide uniform signals at railroad crossings throughout the country is at last about to meet with success. The railroads have agreed, provided the Public Service Commission is satisfied, to place uniform signals of black and white at every crossing. Queen Annes county crossing may soon be given the black and white treatment.

He grasped the hand hold on the car door to swing himself up, when the door fell from its track. He was knocked down and when examined later by a physician was found to be suffering with a fractured bone in his left ankle. The bone was reset and the injured boy is now recovering as rapidly as could be expected.

Three Big Feature Plays.

Three big feature photoplays are scheduled to appear at the Centreville Opera House Monday, Tuesday and Wednesday of next week. "After Dark," Brady's greatest stage success, with Alec B. Frances appearing as old Tom, will be the attraction Monday night. Tuesday evening Manager Cahill has arranged for the wonderful story of city life entitled "The Dragon," with Margarita Fisher as the star of five thrilling acts. Wednesday night Holbrook Blinn will appear in "The Ivory Snuff Box." All three of these productions are leaders and should attract large crowds.

Committees Hard at Work.

The committees appointed last week to supervise the work of registration in the various districts of Queen Annes county have been hard at work during the last few days. Meetings have either already been held or will be held this evening in every district in the county. The committees have obtained lists of those who are entitled to register and those who should be transferred from one district to another. The members of the committees will see that all are properly enrolled either next Tuesday or the Tuesday following. Every Democrat should register and help get all other Democrats on the poll books.

To Hold Big Minstrel Show.

Plans are on foot to hold a big minstrel show in Centreville some time within the next couple of months. The entertainment will be staged two successive evenings and the proceeds will be equally divided between the Good Will Fire Company and the Centreville Public Library. Both are worthy public institutions and it is believed that a good show would attract a packed house each night. It is stated that many of the old time local minstrels, who performed in similar productions twenty-five or thirty years ago, are being asked to participate and that many have consented. This would make the event even more attractive than usual. Detailed particulars will be announced at a later date.

Tuesday Registration Day.

Next Tuesday, October 3rd, will be the first date when persons not already on the county poll books will have an opportunity to register. This should be borne in mind by all who are anxious to participate in the approaching Presidential, Senatorial and Congressional election. Unless you name is on the poll books you will be unable to vote. There will be one more chance after next Tuesday. Tuesday, October 10th, will be another registration day, but this will be positively the last chance. If you have moved from one district or precinct to another, it is necessary to obtain a transfer. If you do not get a transfer your name will be erased. Every Democrat should participate in the effort being made to realize a complete registration of Democrats.

Centreville Boys On Border.

Queen Annes county parents, who have sons on the Mexican border with the First Maryland Regiment, were disappointed yesterday to learn that this Regiment has not yet received orders to return. Tuesday orders were issued for the return of a dozen different Eastern Regiments and many believed that the First Maryland would be among this number. The list, as announced yesterday, shows that the First is still to be kept in Texas. Three Centrevillians in the First Regiment are: William Bennett Tucker, son of Mrs. Mollie F. Tucker; Reed Holmes, son of Mr. and Mrs. Thomas H. Holmes, and George Aldridge, son of Mrs. Margaret Aldridge. Tucker and Holmes are both in the Machine Gun Company of St. John's College. They are expected to return not later than October 1st.
