CORRESPONDENCE crowded out of to-day's paper, will receive attention next week.

LAND SALE.—Elias O. Dawson has sold his lot of land near Easton containing 7¾ acres to John Mason for the sum of $525.

P. S.—Mr. Mason has since sold the lot to John Donovan for $600.

ANOTHER.—George C. Graham has sold, per A. P. Jump, Agent, to Levin H. Campbell, one hundred acres of his farm, within 2½ miles of Easton, for the sum of $2,000.

ACCIDENT IN THE BAY AND LOSS OF LIFE.—The steamboat Champion encountered very rough weather yesterday in the bay, says the Balt. Sun of Tuesday, but arrived there safe. She reports that in the gale a small-sized pungy from this city, on her way to St. Michaels, was capsized off Annapolis. The boat had on board a portion of the family of the Rev. Mr. Quigley, who has just been appointed to the Talbot circuit, one of whom—an aunt or other relative of Mr. Quigley—in the cabin at the time, was drowned. The pungy was fallen in with by the steamer Express, of this city, and Mr. Tench F. Tilghman, of Easton, a passenger on board, proceeded to it in a boat and rescued a lady who was clinging to the sails and who had nearly perished. A colored man was also rescued. The captain and mate were missing, but whether they made their escape in the pungy's boats or were lost overboard we do not learn. It is hardly to be supposed that they could have abandoned their passengers, leaving them to perish. The books and furniture of Mr. Quigley were on board, but he was not, having previously arrived at his station.

THE FRUIT, LINE STOCK, &c.—We took a stroll over the farm of Capt. H. J. Strandberg, on Thursday afternoon, for the purpose of seeing the manner in which the Captain does up things in the way of raising fruit, cultivating the strawberry and raising fine cattle. His beds of strawberries are truly beautiful and fascinating to the eye. The leaves green and healthy are beginning to evidence a full growth of the delicious berry. The peach trees are all in full bloom and present an appearance of taste in their arrangement, and by their flourishing condition betoken the interest the grower takes in them. By the recent frosts the Captain will lose not less than from three to four thousand bushels of peaches, so severe and injurious has been the cold.

His stock of Devon Cattle looked exceedingly well and healthy. Several of them took premiums at the last Cattle Show and Fair in Baltimore. He has sold this week two Devon cattle—a heifer one year old and a bull two years old to Mr. John Robinson, of Baltimore city for the sum of $225,00.

The Captain, we venture to say cannot be excelled by any farmer in the county—his premises and farm look so neat and withal like the premises of a gentleman who understands his business.

THE AMERICAN PARTY—*Their prospects for a Victory next Fall.*—From all the counties and districts of the State we constantly receive most encouraging intelligence of the union and harmony that prevails in the ranks of the American party.—In Baltimore, the Gibralter of Americanism—meetings are held every night, and the good cheer that is there elicited sends a thrill of delight to every heart proud of the reign and rule of the party in the State.—Nor is this commendable thing confined to that city. It extends to every county. The sanguine hopes of the successful and overwhelming victory in store for them next fall grow warm and certain as the time slowly approaches. The people of Maryland are justly proud of her position. They may indeed be so. No people in the Union love more, nor reverence greater the Constitution.

Let them hold on to their principles and guard with a zealous care the sanctity of the teachings of the Fathers of his country, and they need never apprehend anything like trouble or dissension in their ranks. Converts to the party are being made every day—and when the slavery agitation, instituted by the Republican Democratic party shall subside, and the principles of all be fairly and equally met, the party will hold the reins of the national government, and purify and cleanse every department thereof, of the material and dingy stuff of which they are composed. Success to the American party.

Fresh Tomatoes are in the Cincinnati market at 25 cents each.

MORE NEW GOODS.—H. C. Mackey, Esq., has just opened at his store room opposite the Court House, a large stock of goods suited to the present and approaching seasons. None need be afraid of not getting suited out of his well selected stock of goods. Give him a call.

JUDGE CHAMBERS.—We clip from the Baltimore Patriot the following letter in recommendation of Judge E. F. Chambers of Kent county as a candidate for the next Governor of Maryland. The Judge is a gentleman of the highest moral character, unbending integrity, powerful inteltect and one among the best lawyers in the whole country, and if nominated would fill with honor and credit to the State, the Executive Chair:

"The time having arrived when the people are turning their thoughts to the consideration of fit persons to fill the office of Governor of the State the ensuing term—and several having been already named, through the newspapers—we take leave to use the common privilege, and present the name of Judge Ezekiel F. Chambers, of Kent, as a person eminently qualified to fill that important station.

Judge Chambers is so well and so favorably known through every county, town and hamlet in the State as to render commendation of him almost superfluous. His great experience as a legislator, as well in Congress as in the General Assembly of the State—his character as a profound jurist and upright Judge—his general intelligence as a man, and his specific knowledge of the interests and affairs of the State, establish his special competency for the office beyond question. His high moral character as a citizen, and his uniformly consistent and strongly marked course of conduct as a politician of the Henry Clay School, place him among the very foremost of those who cherish, with unabated affection and admiration, the memory of the great Western Patriot and Statesman, his personal as well as political friend; and who it can hardly be doubted, still constitute a large majority of the State, known as

WHIG AMERICANS.

For the Easton Gazette.

MR. EDITOR:—As a Lawyer you will oblige me with an answer to the enquiry below:

It is an old adage that the receiver is as guilty as the thief in the eye of the Law.—Then, I want to know the relation in which men stand, who aid and abet the forger to make his escape from justice—if there be not some affinity also, in the eye of the Law?

The connection may not be so near, yet there must be a relationship: the first I will say are brothers—the second I should think are at least first cousins.

A FRIEND TO JUSTICE.

Talbot County, April 13.

ANSWER.—From Archbold's Criminal Practice and Pleadings—vol: 1, ch: 1, p: 17, we quote the following language:

"After a felony has been committed, if any person receive, harbor or assist the principal felon, knowing him to have committed the felony, he is deemed an accessory after the fact; in law any assistance whatever given to him, in order to hinder his being apprehended or tried, or prevent him from suffering the punishment to which he is liable,—receiving him, allowing him to escape, opposing his apprehension, or the like,—the party knowing at the time that he had committed a felony, makes such party guilty as accessory after the fact to the felony."

BOOK NOTICES.

PETERSON'S MAGAZINE.—This charming monthly is received. Its contents are interesting and engravings beautiful.

GRAHAM'S MAGAZINE.—This ably conducted Magazine for May, has already reached us full of interest and credit to its publishers.

GODEY'S LADY'S BOOK.—We have received the May No. of this interesting Lady's Book, which abounds with beautiful engravings and its wonted compliment of reading matter, &c.

VIVIA OR THE SECRET OF POWER, by *Mrs. Southworth.*—We have received from T. B. Peterson, Publisher, 102 Chestnut street, Philadelphia, this interesting work. The press everywhere speaks of it in a glowing style, and so far as we have perused it, pronounce it charming. It will be sent by mail, postage paid, bound in cloth for $1.25 or for $1.00 paper cover.

THE BORDER ROVER.—We have also received from same Publisher, "The Border Rover," by Emerson Bennett—author of "The Prairie Flower," &c.—in two volumes, paper cover, for $1,00. It is a charming thing and cannot fail to delight all who may just look for a moment at its style and the beautiful manner in which it is got up. It will be sent free of postage to any part of the United States on remitting the price.

HISTORY OF THE UNITED STATES.—This great national work, by T. A. Spencer, D D., issued in parts, is now being read by millions of people thirsting after a correct knowledge of the history of our country from the earliest period down to the present time. It is embellished with fine Steel Engravings, from original paintings, by Lentze, Weir, Vanderlyn, Powell and Chapman, and now engraved for the first time. Each number contains engravings of some of our Presidents, Statesmen or some important battle or other matter of historic interest. The style of the work is clear, beautiful and fascinating. The type bold and very distinct. Thousands of persons are subscribing for this work daily. We have received several numbers from the delivering agent or carrier, S. Prosser, Esq. All orders for it left at this office will be promptly attended to.

QUICK TRIP.—The clipper ship Great Republic, Capt. Limeburner, arrived at San Francisco Mar. 9, in 91 days from N. York.

THE NEW COLLECTOR AND CUSTOM-HOUSE APPOINTMENTS.—Judge Mason, the newly appointed collector of the point of Baltimore, announces in a letter to a friend that he will enter upon his duties as soon as certain important cases in the Court of Appeals are disposed of which will probably be in a few days. He further says:

"My policy in regard to removals must depend upon circumstances. I will certainly displace no man until I am sure I can supply his place with another possessing as good, if not superior, qualifications. Personal applications and recomemndations will have little weight with me in making my selections. I have already determined to appoint several persons who have not and who will not make application, because I know *personally* their merits as men, as well as their claims upon the democratic party. I care not how strongly individuals may be pressed upon me, they will not be appointed if better men can be found; and I therefore beg that you will discourage as much as you can a course based upon different notions."

"DRED SCOTT" AGAIN.—The joint committee of the Legislature of New York on the Dred Scott case have made a long and windy report, accompanied by a series of resolutions declaring, in substance, that the State of New York will not allow slavery within her borders under any circumstances or pretext—that the Supreme Court has lost the confidence of the people, and that a copy of the resolution be sent to the respective Governors of the States of the Union. Then comes "An act to secure freedom to all persons within this (New York) State," which provides that no person shall be deprived of citizenship on account of African blood; that slaves brought by their masters or coming involuntary to the State shall be free, and making it felony for any person to attempt to hold a slave under such circumstances.

BALTIMORE, Apr. 14—10 o'clk P. M.

Destructive Conflagration at Baltimore—A Half Million Property destroyed.—A terrible fire is now raging on Charles and Lombard streets, the business centre of the city. The following properties are on fire:—On Charles street, the warehouse of Messrs R. Edwards & Co., importers of glassware: Messrs. Norris & Brothers, importers of hardware: Harrison & Co., cap manufacturers: James S. Robinson, paper warehouse. On Lombard street, the iron warehouse of Messrs. E. L. Parker & Co.: the hardware establishment of Messrs. Hodges, Emack & Gran: also the buildings of Gilpin, Bailey & Canby, wholesale druggists, and Wm. Davidson & Co, dealers in chemical paints. The above properties, together with their contents, were destroyed.

Messrs. Fairbanks & Co.'s scale factory is also destroyed. The loss will probably reach $500,000.

10½ o'clock, P. M.—The fire is still burning, but is confied to the premises already given. Several persons are badly injured by the falling walls, and it is feared some have been buried in the ruins.

WASHINGTON, April 13.

Instructions have been issued from the War Department ordering Gen. Harney and troops immediately from Florida to Fort Leavenworth. Col. Sumner, with a force of about 1000 men, has also been ordered against the Iowa and Cheyenne Indians.—On the restoration of peace in those quarters, he will proceed with his troops to Utah—the shameful licentiousness of which Territory the Administration is determined shall be broke up.

It is estimated that early in June there will be at least 3000 United States troops in Kansas, under the command of Major General Harney and Persifer F. Smith.

The arrangements made last fall for a deputation of Choctaws and Seminoles from the west of the Mississippi, to pay a visit to Billy Bowlegs, and endeavor to coax him to remove West, will be carried out in a few days.

Ex-Governor Geary, of Kansas, is still here, but solely on private business. He expects to leave on Wednesday morning.

ST. LOUIS, April 14.

Western Items—Dissatisfaction in Kansas—Mount Vernon Association, etc.—The Lecompton correspondent of the Democrat says that the appointment of Hon. Robert J. Walker as Governor of Kansas gives the greatest dissatisfaction and is regarded as favorable to the formation of a slave State. That the instructions to carry out the census act arouses indignation. The same letter also says that a spirit of violent, reckless lawlessness is beginning to be exhibited under the appointment of the new administration.

A Mount Vernon Association was organized here last night by a large number of ladies of this city.

Miss Heron was received in the most enthusiastic manner last night at the St. Louis Theatre.

The steamer Rescue was sunk by coming in collision with the Rock Island bridge on the 10th. Several other steamers have been injured since the resumption of navigation.

ELECTIONS.

TRENTON, N. J., April 14.—The whole democratic city officers have been elected by three hundred majority. The common council is also democratic.

CHICAGO, April 14.—The election returns from Iowa indicate the success of the republican candidates for State offices by a majority equal to that obtained at the November election.

ALBANY, April 14—The charter election held in this city has resulted in the election of six democratic and four American aldermen: republicans none—an American gain of two since last spring. Of the supervisors, six democrats, three Americans and one republican were elected. A democratic assessor and justice were elected by large majorities.

BEVERLY, N. J., April 14.—The entire American ticket for mayor, council, treasurer, assessor, marshal, &c., has been elected by on average majority of 28 over the democratic ticket.

NEW ORLEANS, April 13.

Rumored Relief of Walker.—It is rumored that preparations are being made to send a thousand men from Charleston for the relief of Walker, and that Charleston and New Orleans contribute $5,000 towards the defraying of expenses.

ST. LOUIS, April 13th.

Later From Kansas.—Kansas advices to the 7th inst. have been received. Robinson and Deitzler appeared at Lecompton on the 6th instant to stand their trial for alleged treason, but the time, place, and the court being changed, they were directed to appear on the first Monday of May. The requirements of the law not being carried out respecting the census lists, no voting will be allowed at Lawrence or Lecompton. Two obscure places have been designated for holding the polls.

BOSTON, Apr. 14.

Another Clergyman in Trouble.—A clergyman at Cohasset is being examined before a church council on charges of adultery, lying, and indecent exposure of person. He is about thirty-five years of age, preached for $500 a year, and has a wife and seven children. A member of his church is the accuser. Elder Paul Townsend presides over the examination, which causes great excitement in Cohasset and vicinity.

HAGERSTOWN, Md, April 13.

Hagerstown Election.—At the municipal election held here to-day the American council ticket was elected by 78 majority.

IMPORTANT VERDICT TO RAILROAD COMPANIES.—We learn that at the April term of the Supreme Court of Taylor county, now in session, a case of public interest has been tried, involving the liability of railroads for damages, in negligently killing a passenger. In December, 1855, Uriah Paulk, a worthy citizen of Alabama, was killed by a collision between two passenger trains upon the Southwestern Railroad, near Flint river, in Taylor county. An action for damages under the Act of 1850, was brought against the Company by the legal representative of Mr. Paulk, and the trial at common law came off this week, and resulted in a verdict for the plaintiff of $20,000 damages. We learn the defendant has taken an appeal to a special jury.—*Mobile Register.*

A telegraphic dispatch from Montreal says that the ice is piled up forty feet on the banks of the St. Lawrence river.

HOLLOWAY'S PILLS.—Persons of bilious habit, or who are liable to attacks of dyspepsia, should fortify their systems against the relaxing heats of Summer by a course of this mild aperient and alterative in the Spring. It not only regulates the secretions, and removes obstructions from the bowels, but braces and revitalizes the digestive powers, when weakened by indulgence, or rendered rapid by a sedentary life.—The testimony of invalids of both sexes and that all ages in every part of the globe, demonstrates beyond question all internal diseases not resulting from malformation, are capable of being cured by this great remedy.
