THE EASTON GAZETTE.

SATURDAY MORNING, NOVEMBER 14, 1868.

EASTON, MD.

S. M. Pettengill & Co.,

No. 37 Park Row, New York, and 6 State St. Boston.

are our Agents for the GAZETTE, in those cities, and are authorized to take Advertisements and Subscriptions for us at our *Lowest Rates.*

BUSINESS NOTICES.

Merchants and others advertising by the year will be charged extra for advertisements out of their regular line of business.

☞ It will be seen by a notice in another column, that the M. E. Church at Royal Oak, will be re-opened for divine service, on the 22d inst. This Church was moved from the original site some time last winter and now stands but a few yards from the thriving village of Royal Oak, where it has undergone a thorough repairing and now presents an appearance almost equal to any frame Church edifice on the Shore. We noticed, on passing it a few days ago, that R. H. T. Councell, Esq., was having the finishing touch put upon it, in painting.—Rev. Mr. Cookman, from Wilmington, a minister of great power in argument and fascination of eloquence, will preach on that day and should the weather prove favorable, we bespeak for him a crowded house.

Mr. Lancisi, a Government detective or agent ii making a circuit of the Eastern Shore for the purpose of looking into the affairs of the Banks. He made his appearance in Easton, on Thursday last, and in company with the officers, consumed the whole night, in examining books and giving a general overhauling the business of the Easton National Bank. And much to the credit of the officers, he complimented them very highly for the system and excellent condition in which the institution was kept.—The officers also speak of the agent in the highest terms and as being a gentleman of great skill and aptness in the discharge of his duties.

☞ Hon. Geo. Vickers, U. S., will accept our thanks for a copy of the "official Army Register for 1868."

Also for a copy of the letter of the President of the National Academy of Sciences, communicating a report of the operations of that Society for the past year.

☞ We see that the Democrats have taken the names of Seymour and Blair from the flag which has been floating from the top of their Hickory, in Baston, since before the election. The National Emblem looks much better as it was, than it did when wearing the Seymour and Blair regalia.

☞ The New York Herald has a report that a movement is on foot to have the Democratic electors cast their votes for Grant and Colfax, and thus make their election unanimous. This is but another dodge on the part of the Democratic politicians to get into the good graces of the President elect.

☞ We are authorized, says the Washington *Chronicle* of Tuesday, to say that the statement that President Johnson and General Hancock have visited General Grant on his return to Washington is erroneous.

☞ Gov. Geary has written a letter in which he declares that as he has permitted his name to be used in connection with the nomination for Governor of Pennsylvania, he is not a candidate for United States Senator.

☞ The Philadelphia *Morning Post* suggests that the Democrats, after they are through trying to steal General Grant, might attempt the larceny of the Rocky Mountains.

Fresh Arrival.—Jesse Hughes, Esq., has just returned from Baltimore, with a new supply of boots and shoes, for the present and approaching seasons.

More New Goods.—Mr. James H. Grace has in store, recently received, a splendid lot of goods for Fall and Winter use.

☞ "Reminiscences of the Frontier," by "H," will again occupy a space in our columns next week. These sketches are very interesting and instructive.

News Items.

Washington dispatches say that Secretary Seward declines any sort of arbitration of the Alabama claims, saying that the appointment by England and the United States of a joint commission should be equivalent to an acknowledgment by England of her wrongs to the United States by recognizing the belligerency of the South, and that there is no necessity for an arbitration previous to the appointment of a commission. The British Minister objects to the arbiter deciding whether England was right in recognizing the belligerency of the South, and Secretary Seward makes his action the basis of his decision.

The remains of Col. Henry Pope, who was recently murdered by Rebel assassins in Louisiana, were lately consigned to the grave in Peoria, Illinois. The funeral sermon was preached by Rev. H. H. Northrop, Baptist; text, 23d Psalm and 5th verse. In the course of his sermon he laid his left hand on the coffin, and raising his right hand, said, "I unswear fealty to the cause for which he was murdered," and all the congregation, raising their right hands, repeated the obligation.

Four hundred and seventeen male and twelve female convicts in the Indiana Penitentiary have made that institution self supporting during the past year, and added a little to its treasury.—The State appropriation of $12,500 has not been touched.

The total vote of Baltimore city was 30,805 votes; of nearly 7,000 less than the total number registered. Grant and Colfax received 9,103 votes, and Seymour and Blair 21,702, making the Democratic majority 12,599.

The crowning statue for the Gettysburg national cemetery monument, just arrived, is a twenty-feet-high Goddess of Liberty, weighing 14,000 pounds, and cut by Randolph Rogers in Italy.

A queer kind of combustion occurred at Elk Grove, Green county, Wis. A farmer was threshing wheat with a machine, when the wheat ignited from the machine, and threshing machine and appliances were all consumed.

A wealthy lady in Buffalo, who recently lost her pocket-book containing a large sum of money, rewarded the ragged little boy who followed her several squares and restored it to her by giving him an apple.

There are more than a thousand stands in Paris for the sale of roasted chestnuts. The nuts come from Northern Italy, and the venders from Savoy. The receipts average about twenty dollars a month for each stand.

Maine has a population of 700,000. She has 42 towns, each with a population of three or more thousands. Portland has 35,000, Bangor 20,000, Lewiston 10,000, No other town reaches 10,000.

A man in Coventry, Vermont, recently presented a bill of $50 against a school district for water that the scholars had drank from his well.

Mrs. Partington (F. B. Shillaber) was a democratic candidate for the Massachusetts Legislature in the recent election, and was defeated.

Paris has now thirty establishments for the sale of horseflesh for the table, which consume 2,500 horses annually.

Knoxville, North Carolina, with scarcely a hundred inhabitants, has sent North this fall nearly $100,000 worth of dried fruit.

Garibaldi don't succeed well with his sheep raising on his Caprera farm. Two hundred have died.

A telegraph cable was laid across East river, between New York and Brooklyn, on Monday.

Cologne, the seat of the perfume manufacture, is the foulest smelling city of Europe.

Hon. Horace Greeley declines being a candidate for United States Senator from New York.

The Wisconsin State Bank, at Milwaukie, has suspended, with reported heavy liabilities.

Perfumed toothpicks are the latest novelty.

Thirty-Fourth Annual Report of the Union Dorcas Society of Easton.

The revolving seasons have again brought us to the time when it is customary for the Officers and Managers of the Union Dorcas Society to lay before the citizens of Easton and vicinity their Annual Report.

For the thirty-fourth time we lay before the public the condition of our Society, knowing that our claims have only to be presented to this community to be acknowledged and responded to with the generosity for which our people are universally noted.

For thirty three years never have we received a stone when we asked for bread; the poor dependent upon us for food and warmth have not been turned away to suffer from hunger and cold, and the cry of those ready to perish has not fallen upon deaf ears; but the widow's heart has been made to sing for joy—the industrious poor whose strength and health have failed them by reason of sickness and old age bless the day when the charitable hearts of the people enabled us to dispense their bounty to those so greatly in need of it.

During the past year we have had an unusual number of casual pensioners besides those entirely dependent upon us, which has drawn heavily upon our treasury and left us with but a small sum to meet the demands of the approaching winter. To those pensioners over one hundred and fifty-six visits have been paid during the year by the committees, and we subjoin an account of receipts and expenditures:

TREASURER'S REPORT.

To balance in Treasury December 1st, 1867,	$98.24
To cash received from subscription committee,	49.00
To cash received from Donation Committee,	222 85
To cash returned by Visiting Committee,	17.29
Total in Treasury,	$387.48
Amount expended,	336.77
Balance in the Treasury,	$50.71

You will perceive that we need immediate aid to keep up this noble Charity, which was founded by those whose memory will long be cherished in this community, and whose bright example we desire to follow.

It is true that the providence of God has withheld from us again this year the teeming crops and overflowing barns of former years; but if luxuries have been in a measure withheld, we have lived in peace and safety, no enemies have molested us; no flood has carried away the hard-earned savings of a life-time in an hour; no pestilence has walked at noonday in our streets, nor has the devastating earthquake swallowed up our all.

We, therefore, in this section should acknowledge the goodness and mercy of God as a community by doing good while we have the opportunity, remembering as we look abroad and see the sufferings of others that we may not always remain exempt from such fearful visitations.

"Be merciful after thy power. If thou hast much give plenteously; if thou hast little, do thy diligence gladly to give of that little; for so gatherest thou thyself a good reward in the day of necessity."

"Largely Thou givest gracious Lord,
Largely Thy gifts should be restored;
Freely Thou givest, and Thy word
Is—"Freely give."
Be only who forgets to hoard
Has learned to live."

Maryland Elections.

The following table shows the vote cast at the Gubernatorial election of 1867 for Bond (Republican,) and Bowie (Democrat,) and the vote cast on Tuesday last for the Presidency.—In some of the counties the vote of the recent election is not official, but will vary but little from the official figures:

	Governor. 1867.		President. 1868.	
Counties.	Bond.	Bowie.	Grant.	Seymour.
Allegany,	2,125	2,884	2,336	2,819

The Pacific Railroad in Winter.—Nature and the seasons seem to favor the Pacific Railroad. The working season has been so far prolonged that it is estimated that by the end of the current month there will not be over three hundred miles of the Through Line remaining incomplete, and of that distance a good part of the grading will be done. The great question of fuel seems also to be satisfactorily settled.—Rich beds of coal have been discovered on the head-waters of the Humboldt river, and on the steps of the Wasatch mountains where Eastern and Western lines of the Road will next summer will undoubtedly witness the binding of the Atlantic and Pacific waters by a continuous line of Railroad 3,300 miles in length.

By the advertisement of the Financial Agents of the Central Pacific Railroad Company, it appears that great success has attended their negotiations of the First Mortgage Bonds, issued under the sanction of Congress, the important aid granted by the nation, together with excellent credit, enables this Company to push on the work with undiminished vigor. Fifteen thousand men and three thousand teams are engaged on the line. Twelve hundred miles of iron have been laid since the 28th of June last or at an average rate of two and one half miles per working day. From Salt Lake to the Pacific Ocean the line must once only (in crossing the Sierra Nevada Range) to the altitude of heavy snows. Over this stretch of about thirty miles, substantial sheds have been built which will enable the line to be worked at all seasons, in spite of drifting snows. The business on the Pacific end of the line is already greater than the present facilities will accommodate.

Shooting Affray.—A case of probable fatal shooting occured at Williamsburg, in Dorchester county, about five miles below Federalsburg, on Saturday night last. The victim was John White, who was drunk at the time, and the perpetrator of the deed was Martin Smith, clerk in Isaac W. Lowe's store. The attendant circumstances are enshrouded in mystery, there being no one present, it seems, when the shooting occurred. He was found about an hour afterwards lying upon the ground, and when interrogated as to what he was doing there he replied that he was shot. An examination proved it to be only too true, for a bullet had passed through his lung, inflicting an ugly and dangerous wound. Dr. Noble was called in, who rendered the necessary medical aid, and he pronounces White's condition to be very critical. The occurrence is generally thought to be the result of a drunken debauch.—*Denton American Union.*

A New, Cheap and Valuable Inventor.—Some of our readers will remember that a few years since Mr. J. H. Emerson endeavored to settle a patent pump in the ground on which this office now stands, by driving down a hollow tube and placing on the top of it a pump possessing great powers of suction. They will also remember that it proved a failure. But this patent has been so improved upon that its failure is now impossible. The improvement consists of a cylinder of bell metal, which is proof against rust, perforated with small holes through which nothing but water can pass, and into cylinder is placed within the tube at the bottom. In all other respects the pump is the same as the one first spoken of. Mr. Joseph Sauerby, agent has purchased the right for this county, and will soon be able to furnish the pumps.—They are very simple and very cheap, and can be fixed in the kitchen as well as anywhere by simply boring an augur hole through the floor. A specimen can be seen at Mrs. Taylor's, and an examination will satisfy any one of its utility.—*Ib.*

BOILS.

Like the volcano, Boils give issue to the foul and fiery contents of the deep interior. To remove the cause of such suffering it is only necessary to vitalize the Blood by supplying it with its *Life Element,* Iron.

THE PERUVIAN SYRUP,

(a protected solution of the Protoxide of Iron) will do this effectually, and give *strength, vigor* and *new life* to the whole system.

Extract of a Letter from Rev. Richard S. Ewe, *of Boston, Mass.*

"For years I was a sufferer from Boils, so that my life became wearisome through their frequent and persistent recurrence. Finally a carbuncle formed in the small of my back. During its progress large pieces of decomposed flesh were every day or two cut away, and the prostration and general disturbance of the system were great. Before I had recovered from this attack two smaller carbuncles broke out higher up, and I was again threatened with a recurrence of the sufferings to which I had so long been subjected. It was at this time that I commenced taking the PERUVIAN SYRUP. I continued taking it until I had used five bottles; since then I have had no sign of the kind. For years I was one of the greatest sufferers. Other medicines gave me partial and temporary relief, but this remarkable remedy, with a kind and intuitive sense, went directly to the root of the evil, and did its work with a thoroughness worthy of its established character."

☞ WOMAN.—Females, owing to the peculiar and important relations which they sustain, their peculiar organization, and the offices they perform, are subject to many sufferings. Freedom from these contribute in no small degree to their happiness and welfare, for none can be happy who are ill. Not only so, but no one of these various female complaints can long be suffered to run on without involving the general health of the individual, and ere long producing permanent sickness and premature decline.—Nor is it pleasant to consult a physician for the relief of these various delicate affections, and only in the one first spoken of. Mr. Joseph Sauerby, the most urgent necessity will a true woman so far sacrifice her greatest charm as to do this. The sex will then thank us for placing in their hands simple specifics, which will be found efficacious in relieving and curing almost every one of those troublesome complaints peculiar to the sex.

Helmbold's Extract of Buchu.—Hundreds suffer on in silence, and hundreds of others apply vainly to druggists and doctors, who either merely tantalize them with the hope of a cure or apply remedies which make them worse. I would not wish to assert any thing that would do injustice to the afflicted, but I am obliged to say that although it may be produced from excessive exhaustion of the powers of life, by laborious employment, unwholesome air and food, profuse menstruation, the use of tea and coffee, and frequent childbirth, it is far oftener caused by direct irritation, applied to the mucous membrane of the vagina itself.

When reviewing the causes of these distressing complaints, it is most painful to contemplate the attendant evils consequent upon them. It is but simple justice to the subject to enumerate a few of the many additional causes which so largely affect the small of my back. During its progress large pieces of decomposed flesh were every day or two cut away, and the prostration and general disturbance of the system were great. Before I had recovered from this attack two smaller carbuncles broke out higher up, and I was again threatened with a recurrence of the sufferings to which I had so long been subjected. It was at this time that I commenced taking the PERUVIAN SYRUP. I continued taking it until I had used five bottles; since then I have had no sign of the kind. TO CONSUMPTIVES.

The Rev. Edwin A. Wilson will send (free of charge) to all who desire it, the prescription with the directions for making and using the simple remedy by which he was cured of a lung affection and that dread disease Consumption. His only object is to benefit the afflicted and he hopes every sufferer will try this prescription, as it will cost them nothing, and may prove a blessing.

REV. EDWARD A. WILSON,
No. 165 South Second Street, Williamsburg, N. Y.
sep 14-1

CONSUMPTIVES READ!

A Physician, who had consumption for several years, with frequent bleedings of the lungs, cured himself with a medicine unknown to the profession, when his case appeared hopeless. He is the only physician who has used it in his own person, or who has any knowledge of its virtues; and he can ascribe the degree of health he now enjoys to nothing but the use of this medicine; and nothing but utter despair and entire extinction of all hope of recovery, together with a want of confidence in all others, induced him to hazard the experiment. To those suffering with this malady he recommends a treatment he confidently believes will cure the disease.—Medicine sent by express. Send for circular or address

TRUSTEE'S

Public Sale

OF A BEAUTIFUL

SALT WATER SITUATION.

UNDER and by virtue of a Deed of Trust from J. A. Wisner and Emeline M. Wisner, George W. Rogers and Elsie D. Rogers, bearing date the 24th day of October, 1868, the undersigned, as Trustee thereunder, will offer at public sale, in front of the Court House, in Easton, on

TUESDAY, 8th of December next,

between the hours of 12 M., and 2 o'clock, P. M., of that day, that FARM situated in Bay Hundred District, whereon J. A. Wisner lately resided, being a part of the original tract known as

"Rich Neck,"

This farm contains

100 ACRES OF LAND,

80 acres of which are arable, and 20 acres heavily set in OAK and PINE TIMBER, and the Steam Saw Mill of Messrs. Tunis & Son is within half a mile of the woods. The farm is improved with a good

TWO STORY

FRAME DWELLING,

a large BARN and STABLES and TENEMENT HOUSE, all in good repair. Also

500 YOUNG PEACH TREES.

This property is beautifully located on Miles River and the Eastern Bay, and in full view of the Chesapeake Bay. Oysters, fish and terrapins abound in their season, and it is one of the finest ducking shores in the county. The farm will be sold subject to the mortgage, which will be in two and four years from the 1st of May next.

TERMS OF SALE

Are $500 in cash on the day of sale, and $1500 on or before the 1st day of May, 1869, the balance in two and four years, secured by the bond of purchaser, with approved security, bearing interest from day of sale. Stamps and title papers at the expense of purchaser.

ALPHEUS A. TOWNSEND,
nov 14 Trustee.

Church Re-Opening.

THE M. E. Church at the Royal Oak, Md., having been recently repaired and much improved, the congregation will hold special services in it on Sabbath, Nov. 22d, — Preaching at 10½ o'clock, A. M., and 7 o'clock, P. M., by Rev. Alfred Cookman, of Wilmington, Del. Friends cordially invited.

VALUABLE PROPERTY

FOR SALE OR RENT.

THE MOST DESIRABLE LOCATION IN THE TOWN OF EASTON.

THE subscriber offers at private sale the well known property on Dover street, in the town of Easton, where he at present resides.—It comprises nearly one Acre of ground, improved with frame DWELLING, PANTRY, SMOKE HOUSE, WOOD SHED, STABLING for 4 horses, Corn House and Cow Shed, all in tolerable state of repair.

The Dwelling

contains Eight Rooms with Hall entrance, besides Kitchen with two Servant's rooms above, and large two room dry cellar, and Gas through the house.

THE GARDEN

is one of the largest and best in the town, being exceedingly rich in soil, and well set with almost every description and variety of Fruits, Shrubbery and Flowers.

There is also a large shade yard, small side yard, and commodious back yard, with a pump of excellent water almost at the kitchen door.

Situated on a beautiful street, and near the terminus of the Md. and Del. R. R., it presents altogether the most eligible site for building purposes in the town. For terms apply on the premises, or to
