BLOSSOMS OF A WHITE GIRL AND NEGRO MAN.—The extreme loveliness of the new *regime* is developing itself more fully every day. What was once abhorred, is now, thro' the influence of Radical teachings, embraced. Negroes and whites are forced to mix at the polls, and in the nature of things, mix themselves in a social point of view. A case has come to light in Talbot county which forces all decent people to shudder, but which is chuckled over by Radicals as a "good thing." A girl, aged about thirteen years, the daughter of a respectable farmer named Carson, residing in the Chaple District of that county, had been in the habit of teaching a negro named John Hall how to read. While this was going on Cupid sent his arrows at the girl, and one day last week she determined to elope with him, although he objected, and insisted that it would cause trouble. Nothing daunted, however, the loving couple took the boat and went to Baltimore. Search was instituted, and the detectives found the girl in Bath street, probably the most miserable and godforsaken street in the city, while the man was found in Charles county, whither he had fled from fright. Both were arrested, and when questioned both concurred in the statement that the match was the exclusive making of the girl. No evidence of seduction has come to light, but the fact of her being found at the headquarters of prostitutes is of itself indelicate.—It is this sort of thing Mr. President Grant wishes established throughout the nation by the adoption of the Fifteenth Amendment, which he in his blindness imagines will insure peace to the country.

When we first read the above extract from the "Centreville Observer," the idea occurred to us that the mind of our friend, the editor of that paper, had become unsettled by the critical condition of affairs generally and by the situation of the Democratic party in particular. It appears now evident that the 15th Amendment, which has accomplished such wonders elsewhere, has made its appearance in Queen Anne's county, attaching in person the editor of the Democratic organ and developing itself in the manner set forth in the above editorial. We assure our friend there is only one cure for it, and that is the adoption of the Amendment by the requisite number of States, in which event we will guarantee that no emanation similar to the above will ever be found in the "Observer," or any other Democratic sheet, and we respectfully urge our friend to advocate its adoption by all possible means, as the only method of avoiding similar attacks in the future. The state of affairs described by our friend is truly terrible. Something has occurred at which all decent people shudder and the Radicals chuckle. It appears that owing to the 15th Amendment, "Cupid has shot arrows," at a white girl in Talbot county, on account of which she determined to elope with a negro man, that at first he objected, stating that it would cause trouble, but finally, under the operation of the 15th Amendment, he consented, and the "loving pair" proceeded to Baltimore, "nothing daunted." Both were arrested, and concurred in stating that the match was the exclusive making of the girl." Our friend goes on to state that "no evidence of seduction has come to light," which we suppose means on the part of the girl, as the negro at first "objected," and then having arrived at Baltimore against his will, and then, dodging the 15th Amendment, fled to Charles county where he was found uninjured by the officer and restored to his native county. This is an extraordinary state of affairs and one to be deplored by all good citizens. It is enough that women and children should be kidnapped by designing and malicious persons, but that negro men should be thus approached and carried away by the 15, or any other Amendment, is something that should never be tolerated by an enlightened community. But the worst of all is, as the editor tells us, that "it is this sort of thing Mr. President Grant wishes established throughout the nation by the adoption of the 15th Amendment"—that is, the carrying away of negro men under such circumstances as are above stated. If this be the wish of President Grant, (which we are inclined to doubt, as he has manifested no such animosity against the colored race) and if such should be the tendency of the 15th Amendment, we admit it is a just occasion for alarm and we should weigh well the consequences before giving it our support. If, however, it should be adopted, and the white race should feel itself unable to regulate its social intercourse, and especially if the upper-strata or aristocratic portion of the democratic party should be unable to keep the negro element at the same distance they now keep the poor but worthy white man, and an amalgamation of the races should be imminent, then we are willing that an other amendment shall be passed, "that no white man shall be compelled to marry a negro without his written consent," and that Congress "be empowered to enforce this provision by appropriate legislation."

☞ It was generally supposed among the colored people on Tuesday last, that Gen. Howard, of the Freedmen's Bureau would be down in the noon boat and address them at their school building that afternoon and night, upon the means of education and their welfare generally, but they were sadly disappointed—he or the boat failed, and the General did not make his appearance. Should the General make up his mind to attend at any future time, we think the Christmas holidays would be a far more auspicious season.

POST OFFICE REMOVED.—The Bay side post office has been removed to the store of Mr. Wrixham, about two miles and a half this side of the site where it has been situated for a number of years. This renders it *very* inconvenient to those living in the lower part of the District and will, no doubt, render it necessary for application to be made for the establishment of a new office some where on Tilghman's Island, as a great many in that section are now fully ten miles from a post office.

LEGISLATIVE.

The Senate on the morning of April 2d, passed the two House bills relating to Talbot county. The House refused to concur in the Senate bill for the modification of the Tobacco inspection laws. Messrs. [illegible] and Frazier with urgency concurred, but the latter opposed it, and finally succeeded in having the Senate non-concur, by a vote of 30 to 30. Twenty-nine Democrats voted with those in favor of absolute repeal.

Both Houses have adjourned over to Monday, and consequently, no conference committee can be had before late on Monday, and it is likely that the most of the first week will be gone before it can finally adjusted. Mr. Butler is willing to accept the bill, if amended so as to give the President the power of making appointments complete during the recess; that is, when he removes a man, and the one nominated in his place is rejected, the office shall be treated as vacant, and the man removed shall not be reinstated. It is thought that this point may be carried by him, but if not, there will be a long wrangling over the subject. The anti-repealers are elated at having increased their vote from sixteen to twenty-in a few weeks and are hopeful of securing enough more to unseat Gov. Swann's nomination in a reality.

SONS OF TEMPERANCE.—The following named officers of the Eastern Division, Sons of Temperance, were installed into office on Thursday night last:

A. W. Fountain, W. P.; D. C. Avery, W. A.; J. Henry Hurt, R. S.; Wm. J. Gelt, A. R. S.; R. C. Lane, F. S.; James H. Greenhawlt, T.; Rev. Dr. Kenny, Chap.; Wm. H. Elliott, C.; John E. Sowers, A. C.; John M. Mowbray, I. S.; Saml. S. Bridgeway, O. S.;

Mrs. Annie E. Loveday, Lady S.; Miss Mary C. Elliott, Lady C.; Miss Belle Lynch, 1st Asst.; Mrs. J. H. Hurt, 2nd Asst.; Miss Fannie C. Harper, 3d Asst.;

After the installation a sumptuous repast was partaken of, and they had a good time generally.

FOR SALE.—We invite the attention of our readers to the advertisement of P. T. Kennard, Esq., as Trustee, for the sale of the house and lots recently belonging to Charles Dobson, deceased. The house is situated immediately on the Easton Point road and is a comfortable two-story dwelling.

☞ The pupils of the High School in Easton, are having their uniforms made up. Prof. Miller expects to receive the guns in a short time, and to put the school through a regular course of military tactics.

FRESH SUPPLY.—Mr. C. Elliott has just returned from the city with a full assortment of boots, shoes, gaiters, children's shoes, &c., suited to the present and approaching season. Step in and examine his well selected stock.

COLORED REPUBLICAN STATE CONVENTIONS.—A call has been issued by John Myers, secretary of the executive committee of the Colored Republican Association of the State of Maryland, requesting the colored republicans of Baltimore and the [illegible] Maryland to appoint delegates to meet in convention in the Douglas Institute on Lexington street, at noon on Whit Monday, May 17. The object is stated to be the organization of republican clubs in the counties, towns and wards throughout the State, and the appointing of a State central committee. This convention appears, however, to conflict with a previous and passing colored political meeting. It will be remembered that a meeting of colored republicans held at Douglas Institute on the evening of the 22d instant, of which Captain George Hackett was president, and [illegible] was appointed to draft a call for a State convention, to assemble in the house on Tuesday, 4th inst., to further the political organization of the State, and for the appointment of a colored republican State central committee.

The above notice is taken from a Baltimore paper of Wednesday. Should further notice be given through the city papers, we shall endeavor to keep the colored people posted as to any new developments.

BITTERS.—In the medical world, now-a-days, Bitters are all the rage. In the form of shackles, under one name or another, they bind their votaries to a drug-shop, and keep them there. Some, pretending to cure all ills that flesh is heir to, form a hedge on the beach, and hail pay. Of their efficacy in general we know nothing, but there is one variety concerning which we can speak from all we know—or believe—to be genuine. This is Hoofland's German Bitters. This is not a mere proportion of some cheap liquor and bitter herbs and barks, but a Medicine designed for Diseases of the Stomach and Bowels, and of great power and usefulness. We have not made these assertions without consulting those who know, and are competent to judge, and they all fully endorse what we say.

The above remarks are copied from the Editorial columns of the "EAGLE," Poughkeepsie, N. Y. You will recollect that HOOFLAND'S GERMAN BITTERS is entirely free from any alcoholic ingredient.

HOOFLAND'S GERMAN TONIC

Is a combination of all the ingredients of the there with pure Santa Cruz Rum, Orange, Anise. It is used for the same diseases as the Bitters, in case where some Alcoholic Stimulant is necessary, and make a preparation delightful to the taste and agreeable.

The applicant must make oath, as heretofore, before the Clerk of the Circuit Court of the county where he is engaged in business, of the amount of goods kept on hand at the principal season of sale; or the oath may be administered by a Justice of the Peace when the person wanting the License applies through an agent. If the latter course be adopted, the following form will be deemed a sufficient compliance with the act:

Talbot County to wit:

On this ——— day of ——— 1869, before the subscriber, a Justice of the Peace of the State of Maryland in and for said county, personally appeared ———, and declared, that he intends to apply for a trader's license, under the laws of the State, to the Clerk of the Circuit Court for Talbot county, and made oath that the amount of stock of goods generally kept on hand by him (or by the concern in which he is interested, in case it is a partnership) at the principal season of sale, (or if the applicant has not previously engaged in such trade, that the amount of the stock of goods which he expects to keep, &c.,) does not (or will not,) exceed $ ———.

Sworn before, ———, a Justice of the Peace.

If the oath be administered by a Justice of the Peace out of the county in which the application is made, there must be attached the certificate of the Clerk of the county in which the Justice resides.

The rates of License of persons vending merchandise, whose stock at any season of the year does not or will not exceed $500, is $6,50. If their stock does or shall exceed $500 the rates are the same as those of Traders' License, and the same form of application must be observed.

The law requires all persons proposing to sell spirituous or fermented Liquors, or Lager Beer, in quantities not less than a pint, to apply to the Clerk of the Circuit Court in person, or in making the oath before a Magistrate as above, state that he desires a license to sell spirituous or fermented liquors, as the case may be, and the amount of stock in trade, in the same manner as those applying for Trader's License. If the amount of stock does not or shall not exceed $500 the rate is

To the Clerk of the Circuit Court for Talbot County:—We, the undersigned, freeholders of Talbot county, living in the immediate vicinity of ———, who is about to apply to you for a license to keep an Ordinary at ———, in said county, do hereby recommend him as a suitable person to obtain the license.

The applicant must then make oath to the Clerk to the following effect: That he has bona fide, and without intending to evade the requirements of the Acts of Assembly of this State, regulating the issues of Licenses to ordinary keepers and traders, provided and expects to maintain six good beds with sufficient clothing therefor, and three rooms more than sufficient for private use of said applicant, and stabling and provender for five horses at least.

In addition he shall make oath to the Clerk of the rate of rent or annual value of the house or place at or in which the business to be authorized by the License may be done or is intended to be done. If the said rent or annual value does not exceed $100 the rate is
