Terrible Storm at SEA!

All Hands near Being Lost, But Everything Turns up Right.

THE Steamer Hero left Baltimore during a stormy night and arrived at Annapolis harbor. But strange to say, though many were made awfully sick, not a soul was lost. All goods destined for Easton reached there by about 11 o'clock next morning, and made a terrible excitement on the "Flats." Such a rushing of men, and boys and dogs, and all sorts, to the front door, never was seen before. Windows were thrown up, heads put out, as the general inquiry was made as to what had caused the excitement, which, let it be said, it was cast loads, and wagon loads, and dray loads of Goods destined

Bitter Cordial.

THIS most delicious preparation is now offered to the public as a vegetable substitute for the many worthless compounds which now flood the market. It is composed of vegetable extracts of various kinds, combined in such a way as to produce a most agreeable cordial, to be used as a TONIC. ALE, but by its peculiar and delicate influence upon the Heart, Liver, Kidneys, Intestines and Bowels, it exerts a most marked and decided influence for many, very many, valuable purposes. It is a most pleasant and effectual remedy for Dyspepsia, Liver Complaint, Dysentery, Bowel Complaint, Dyspepsia, Loss of Spirits, Fainting, Sick Headache, &c. In Chills and Fevers it is a valuable tonic, and in cases where all other remedies have failed, it has proved a most efficacious remedy. It is also a most pleasant and effectual remedy for Nervous Complaints, Weakness, Want of Appetite, Pain in the Side, Back and Limbs, and Nervous Prostration, and in all cases where a tonic is required it will be found invaluable. It is also a most pleasant and effectual remedy for Nervous Complaints, Weakness, Want of Appetite, Pain in the Side, Back and Limbs, and Nervous Prostration, and in all cases where a tonic is required it will be found invaluable.

Union Pacific Railroad.

GREAT
PACIFIC
RAILROAD
IS NOW COMPLETED!
The Last Rail Laid!
The Last Spike Driven!
—OF—

Besides a donation from the Government of 12,800 acres of land per mile, the Company is entitled to a subsidy in U. S. Bonds on its line as completed and accepted, at the average rate of about $25,500 per mile, according to the difficulties encountered, for which the Government takes a second lien as security. Whether subsidies are given to any other companies or not the Government will comply with all its contracts with the Union Pacific Railroad Company. Nearly the whole amount of bonds to which the Company will be entitled have already been delivered.

First Mortgage Bonds

BOUGHT AND SOLD.

By its charter, the Company is permitted to issue its own FIRST MORTGAGE BONDS to the same amount as the Government bonds, and no more. These Bonds are a First Mortgage upon the entire road and all its equipments.
THEY HAVE THIRTY YEARS TO RUN, at SIX PER CENT., and both
Principal and Interest
ARE
PAYABLE IN GOLD.

Such securities are generally valuable in proportion to the length of time they have to run. The longest six per cent. gold interest bonds of the U. S. (the '81's) will be due in 12 years, and they are worth 112. If they had thirty years to run, they would stand at not less than 125. A perfectly safe First Mortgage Bond like the Union Pacific should approach this rate. The demand for European investment is already considerable, and on the completion of the work will doubtless carry the price to a large premium.

Security of the Bonds.

It needs no argument to show that a First Mortgage of $25,500 per mile upon what for a long time must be the only railroad connecting the Atlantic and Pacific States is perfectly secure. The entire amount of the mortgage will be about $30,000,000, and the interest $1,800,000 per annum in gold. The present currency cost of this interest is less than $2,500,000 per annum, while the gross earnings for the year 1868, from way of business only, on an average of less than 700 miles of road in operation, were more than

FIVE MILLION DOLLARS.

The details of which are as follows:

From Passengers,	$1,034,865 19
" Freight,	2,040,283 79
" Express,	61,833 57
" Mails,	136,235 00
" Miscellaneous,	91,686 33
" Government troops,	104,077 77
" " freights,	449,440 33
" Contractors' men,	201,179 00
" " material,	968,430 33
Total,	$5,088,051 64

This large amount is only an indication of the immense traffic that must go over the road when it is finished, when the great tide of Pacific coast travel and trade will begin. It is estimated that this business must make the earnings of the road from three to twenty millions a year.
As the supply of these Bonds will soon come, parties who desire to invest in them will find it to their interest to do so at once.
A new Pamphlet and Map was issued last, containing a report of the progress of the work to that date, and a more complete statement in relation to the value of the bonds than can be given in an advertisement, which will be sent free on application.
