Republican Meeting.

The Republicans of Talbot county are requested to meet at the Court House, in Easton, on

TUESDAY, the 19th of Oct. inst., at 2 o'clock, to consider the expediency of nominating a County ticket for the approaching election.

C. R. MULLIKIN,
C. H. MANSFIELD,
S. T. HOPKINS,
Central Com. for Talbot county.

☞ We see by the city papers, that the Mayor of Baltimore has vetoed the ordinance passed by the city Council for appointing a new building committee for the city hall. The message is very lengthy and severe on the investigating committee and all who have opposed the vast expenditure of money by the present building committee. Much has been said in reference to the squandering of the public funds on the city hall before it reached the second story, but the citizens of Baltimore must still pay for the very great blessing of being governed by the Democratic party. During the Republican administration in the State there was no word in the English language too harsh in denunciation of their course, but now in many instances they are held up by those who once denounced them, as economists and good managers of public affairs. Even now some of the Democratic journals in the State denounce the administration of the nation as being corrupt and wasting the public money, when millions of dollars of the public debt is being paid, while almost every county in our State has been managed so badly the last few years that the people are crying out against it and the Democracy are being split up into factions. To use an old adage, "people living in glass-houses should never throw stones." At present the Republican party in Maryland are powerless to bring about reforms, but if the present state of affairs exists much longer, property-holders and tax-payers of all kinds will be glad to have a change—without regard to party or party names. In all sections of the country where elections have recently been held, the course of the Republican party has not only been approved, but it has been done by a decided voice of the people, and it must so go on until every section of the country is brought under the wholesome influence of that party. As a proof of this, we have no doubt many of our readers have noticed with what avidity Generals, Colonels and Majors have been gobbled up by the Democracy, when they would allow themselves to be used by that party, when an office of great importance is to be filled. The adhesive power of that party is fast giving way, and its nationality is fast being destroyed by its own friends.

☞ A colored man, a few days ago, committed a cowardly assault on a young lady, near Fort Washington, while she was on her way to her school. He was arrested, and identified by the lady. On his way to prison, the officers having him in custody, allowed him to stop at a dwelling to bid his family farewell. While there about twenty men, with nothing on but drawers and shirts, made their appearance and after a short conflict with the officers took possession of both officers and prisoner, carried them to an adjoining woods, tied the officers and hung the villain to the limb of a large oak tree until he was dead.

A Novel Case in Court.—In the Hustings Court of Richmond city, Va., on Friday last, a young man of mixed blood, claiming to be a son of Wm. O. George, deceased, of Richmond, and made legitimate by the marriage of said George to his mother, Caroline Jackson, colored, applied for letters of administration upon the estate of his alleged father. Judge Bramhall granted the application, and the young man qualified as administrator of his alleged father. The papers throughout the United States have estimated the property involved at from $50,000 to $90,000. We suppose Mr. George was worth between $50,000 and $75,000.

Peach Shipment.—The number of baskets of peaches shipped by the Philadelphia, Wilmington and Baltimore railroad from the Delaware railroad and from Baltimore during the season of 1869, as furnished by C. E. Ide, Esq., master of transportation, shows a total of 2,115,500, including 76,092 from Baltimore.

Elected Judge.—Henry A. Clough, formerly a journeyman printer at Centreville, Md., has been elected probate judge of Denver City, Colorado.

☞ Mrs. Stowe has published a card in the Hartford Courant declaring her intention of giving to the world a general review of the Byron case, and her reasons for printing the story for which she has been called to account so severely.

☞ President Grant, General Sherman, Postmaster Creswell and Secretary Cox left Washington on Thursday for Frederick, to attend the Maryland State Fair. Thence they go to the battle-fields of South Mountain and Antietam.

☞ "Dexter" trotted a half mile in one minute and eight seconds, on the Prospect Park Course, on Saturday.

LOCALS.

Patibo.—We see the Bank Company are laying the side-walk the whole length of the Bank property, on Goldsborough street, pavement which will add very much to the appearance of that portion of the street. With a small expenditure of money in paving by each property-holder on that street, it could be made one of the finest promenade grounds in the town. Various other improvements are in progress and others in anticipation.

R. F. Walker, Esq., on Dover street, is erecting a dwelling and store room, forty feet front, and Mr. Chas. Smith intends erecting a store and dwelling on the other side, just out side of the town limits.

The Gas Company have finished their new building on West street, and talk of erecting a dwelling house on an adjoining vacant lot.

We learn that Mr. W. H. Parnott is thinking of erecting a dwelling where his shop now stands and that the Gas Company intend to enclose their whole premises with a neat and substantial fence.

These improvements will add much to the appearance of West street, and we hope they will be pushed forward with all possible speed.

☞ Our Schoolday Visitor comes regularly, richly freighted with good things, to our table.—This magazine gives more reading matter, better illustrations, and more liberal premiums than any other periodical of its class published. It will soon commence its fourteenth year and volume, so that it is safe and solid. In short, we pronounce it to be the cheapest, best, and most worthy young people's magazine of all others. Terms $1.25 a year. Great reduction and valuable premiums for clubs. The publishers give to every subscriber, for 25 cents, a magnificent steel-plate engraving, specially drawn and engraved at immense cost, and worth $2.50 per copy. Agents wanted at every post office in the United States. Sample numbers of the Visitor, and full instructions to agents, sent, post-paid, for 10 cents. Address, Daughaday & Becker, Publishers, 424 Walnut Street, Philadelphia, Pa.

Nomination.—The Republican State Convention which assembled in Baltimore on Wednesday, placed in nomination for Comptroller of the State Treasury, Col. William A. McKellip, of Westminster, Carroll county. Col. McKellip is a leading member of the bar, and a gentleman of high character and standing, well and favorably known throughout the State. He was one of the first men in Maryland to tender his services to the Government at the commencement of the rebellion, and rendered gallant and faithful services in the field. His nomination cannot fail to give universal satisfaction whilst in Western Maryland, as the earnest advocate of a free railroad law, free schools and a reduction of taxation, he will obtain a large vote.

Prof. Van Cleve, who has been in our midst for several weeks, gave a free lecture on his new mode of working figures, in Easton, on Monday last.—He has traveled through a great many States and wherever he has made an exhibit of his powers and his wonderful tact in imparting the knowledge to others, he has received the most flattering notices from the press. The beauty of his system is brevity and rapidity. We learn that he now has a class and we have no doubt its size will be largely increased by the young men of the town who wish a better knowledge of figures.

Seeding Wheat and Saving Corn.—Our farmers have been husking their corn and since the late rains every one that make any pretentions to farming, have been making a general stir in seeding wheat. Although the season is somewhat advanced a number have put their fallow in order and may yet have a good yield next harvest.

Most of the corn on highly improved land is very fine, while that on poor land is very indifferent—some land-renters scarcely making enough for home consumption—which will, of course, cut the corn crop very short.

Fire.—Wm. T. Stitchberry, Esq., lost by fire, on Monday night last, the dwelling house on the farm known as the McQuay farm. The family that occupied it were moving out at the time and we have learned of nothing being destroyed except the dwelling. Mr. S. had an insurance on it of $1285, in the Montgomery Company, through the agency of Mr. R. B. Dixon. The fire is supposed to be the work of an incendiary.

Recovering.—We are glad to learn that the little son of L. J. Catrup, who had his arm amputated last week, on account of several terrible fractures caused from a fall, is fast recovering. He is now able to walk about and appears to suffer little or no pain.

More Boots and Shoes.—Mr. C. Elliott has just returned from the city with a large assortment of Boots and Shoes, which he wishes the public to examine.

State Elections.

The State elections held on Wednesday last shows that the people still have abiding faith in the principles of the Republican party.

In Pennsylvania, the city of Philadelphia has been carried by the Republicans by 3786 votes for Governor Geary, and 4265 for Judge Williams, against Fox's Democratic majority of last year of over 1800, showing a Republican gain for Governor Geary of 1918, and an additional increase of 479 for Judge Williams.

The Inquirer says:—

This great and unexpected Republican majority in the city is principally the earnest protest of the people against the present condition of affairs in the Police Department. Again, the Registry law prevented in a great measure the immense frauds in several of the lower wards, one of the curiosities of the returns being a Democratic loss in the Fourth Ward alone of 2000 votes, in the precincts that were thrown out for fraud are taken into the estimate.

It can not be denied, however, that the vote of both parties in this city was unusually light, it being but 102,380 for Governor, while that of last election for Mayor was 121,195. Part of this discrepancy is undoubtedly owing to the prevention of "repeating" and "colonizing," both of which frauds were so extensively carried on last year, but which were rendered comparatively impossible on Wednesday by the Registry law.

The result may be summed up as follows:—

Governor Geary has been elected by from 5000 to 8000 majority; Judge Williams by probably 10,000.

For the city offices, the change from the municipal election to 1868 may be compared as follows:—

Joseph F. Marcer, the Republican candidate for City Treasurer, is elected by 3818 majority; Colonel Leech, the Democratic candidate for Register of Wills, had 1304 majority last year.

Thomas M. Locke, Republican candidate for City Commissioner, has a majority of 3613; Major Weaver, Democrat, being elected in 1868 to a similar office by a majority of 973.

John A. Houseman, Republican candidate for Recorder of Deeds, having a majority of 2718 against Colonel Leech's Democratic majority of last year, as above stated, of 1304.

Thomas Ashton, Republican candidate for Clerk of the Court of Quarter Sessions, has a majority of 4104.

Wm. K. Hopkins, Republican candidate for Prothonotary of District Court, is elected by a majority of 3805.

Wm. Taylor, Republican candidate for Coroner, has a majority of 3426.

In Select Council we have not received satisfactory returns.

In Common Council Iowa has large Republican majority.

The Legislature is Republican.

OHIO.

Columbus, O., October 13.—Returns and the opinions of both parties indicate that Hayes is elected by about 3,000. The House is Democratic, and the Senate Republican. The Democrats claim that the election is so close it will require the official count to determine who is elected Governor.

IOWA.

The Entire Republican Ticket Elected.

Philadelphia, October 13.—The entire Republican ticket in Iowa has been elected, as follows: Governor, Saml. Merrill; Lieutenant Governor, Madison M. Walden; Supreme Court John F. Dillon; Superintendent Public Institutions, Abraham Skissell.

Republican Majority 25,000.

Chicago, October 12.—A despatch from Des Moines says the Republican majority will be between 25,000 and 30,000. The Legislature will be almost entirely Republican.

These elections show that the economy, honesty and statesmanship of President Grant's administration meet with the hearty approval of the country, and makes patent the fact that the integrity of the Government in its determination to pay the debt of the nation, dollar for dollar, will be sustained. Politicians and statesmen may be sometimes wrong and corrupt, but the people of America, as a people, are always right and always honest.

☞ A man named Fox tried to kill the conductor of a railroad train, from Little Rock, Ark, to Memphis. The conductor, in self-defence, slew Fox, surrendered himself, but was acquitted.

MANHOOD.

IN THE YOUNG AND RISING generation, the vegetative powers of life are strong, but in a few years how often the pallid hue the lack-lustre eye and emaciated form, and the impossibility of application to mental effort, show its baneful influence. It soon becomes evident to the observer that some depressing influence is checking the development of the body. Consumption is talked of, and perhaps the youth is removed from school and sent into the country. This is one of the worst movements. Removed from ordinary diversions of the ever-changing scenes of the city, the powers of the body too much confined to give zest to healthful and rural exercise, thoughts are turned inward upon themselves.

If the patient be a female, the approach of the menses is looked for with anxiety, as the first symptom in which Nature is to show her saving power in diffusing the circulation and visiting the cheek with the bloom of health. Alas! increase of appetite has grown by what it fed on; the energies of the system are prostrated, and the whole economy is deranged. The beautiful and wonderful period in which body and mind undergo so fascinating a change from child to woman, is looked for in vain; the parent's heart bleeds in anxiety, and fancies the grave but waiting for its victim.

Helmbold's Extract Buchu, for Weakness arising from excesses or early indiscretion, attended with the following symtoms: Indisposition to Exertion, Loss of Power, Loss of Memory, Difficulty of Breathing, General Weakness, Horror of Disease, Weak Nerves, Trembling, Dreadful Horror of Death, Night Sweats, Cold Feet, Wakefulness, Dimness of Vision, Languor, Universal Lassitude of the Muscular System, Often Enormous Appetite with Dyspeptic Symptoms, Hot Hands, Flushing of the Body, Dryness of the Skin, Pallid Countenance and Eruptions of the Face, Pain in the Back, Heaviness of the Eyelids, Frequently Black Spots Flying before the Eyes, with or without Suffusion and Loss of Sight, Want of Attention, Great Nervous Mobility, Restlessness, with Horror of Society, Nothing is more desirable to such patients than Solitude, and nothing they more dread, for Fear of Themselves; and Relapse of Manner, no Earnestness, no Speculation, but a hurried Transition from one question to another.

These symptoms, if allowed to go on—which this Medicine invariably removes—often follow Loss of Power, Fatuity, and Epileptic Fits, in one of which the patient may expire.
