FATTEN YOUR POULTRY.—It is said to be the general outcry with the hucksters on the Eastern Shore that the poultry sold for other markets is not fat, consequently cannot compete, in many cases, with those attending the city markets, who make raising poultry, dressing, &c., a business. We do not wish to be understood as underating our poultry, or to do an injury to those raising it, a great deal of poultry is raised in this section is as fine as any raised in the country and we desire to have the produce of the Eastern Shore sought after from all sections. Why would it not pay our farmers to fatten the poultry they intend for market just as they do their hogs? At one time it made but little difference whether poultry was extra fat or not, but now almost everything sells by weight and the fatter poultry, cattle, &c., are, the better it is for the one that sells.—Then if you want to find good prices and ready sale fatten your poultry.

CHANGE IN TIME.—On and after Monday next, the 17th inst., the trains on the Md. and Del. Road will run as follows: A passenger train will leave Easton every morning, except Sundays, at 6 o'clock, and arrive in Baltimore at 1:15, Philadelphia at 11:45, and New York at 4 P. M., and on return will leave Baltimore at 2:40, P. M., Philadelphia, at 5, and arrive at Easton at 11 P. M., thus giving passengers more than an hour in either city and return the same night. A freight train with passenger car attached will leave every morning (except Sunday,) at 10:05, A. M., and arrive in Baltimore at 8:10, P. M., Philadelphia at 5:40, and New York at 10:20, and leave New York at 12:30, A. M., Baltimore at 7:25, and arrive at Easton at 3:05. By this arrangement persons will get their mail early enough in the day to answer their letters the same afternoon for the morning mail.

MAIL CHANGE.—Owing to the change in the time table of the Md. & Del. R. R., the mail train will arrive at Easton at 3:05 in the afternoon and leave at 6 o'clock in the morning. This will necessitate the making up the mail the over night. Persons, therefore, having mail matter to send over the Md. & Del. R. R., or by the way of Federalsburg, will find it to their interest to deposit it in the post office by 8 o'clock at night, as on and after Monday night next, the mail and office will close at that hour.

The Centreville and St. Michaels mails continue as heretofore. The Trappe mail will in other days be changed so as to leave Oxford at 12 M., and arrive at Easton by 3½ P. M., and leave on the arrival of the cars. A schedule to that effect has been proposed to that Department and accepted, so by that means the people of Trappe and Oxford will get their mail through from Baltimore and Philadelphia the same day it starts.

RUNAWAY.—On Wednesday last, a son of Mr. Henry Covey, residing in Chapel District, left his horse and buggy standing in front of the Brick Hotel, and while there the gang sounded for dinner. This was more than the animal could tolerate and off he started at full speed.—[illegible] down Dover street and then turned up the [illegible] street, where he, like any sensible fellow would do on such occasions, broke loose from all incumbrances. The damage was done, however, upon breaking the shafts, upsetting the buggy and slightly cripling one of the horses legs. Persons in the habit of leaving their horses standing on the street had better see that they are "gone" proof.

LATE MAIL.—The mail train did not arrive on Thursday last until 11 o'clock at night.—The delay was caused by the packing in the steam chest, or some part of the works getting out of order while at Slaughter's Station. The fact was not known to the officers here until a couple of men came down on a hand car and reported. Another locomotive was immediately steamed up and sent to the scene of the train and returned to Easton under 11 o'clock at night. This is but another illustration of the necessity of a telegraph line to Easton, for had there been telegraph there need not have been more than about an hour and a half delay, when as it was the train was about six hours behind time. Let the telegraph project by all means be pushed forward.

☞ There is very little doing at present with the Railroad, all hands are turned to remove our readers. What is to be our fate? Traitors of Maryland in the all absorbing question at Annapolis at this time. The conditions for Europe have to furnish Messrs. Merryman and Fowler, of Baltimore, money to pay W. F. Frazier, of Richard Dodson Wattson, of Baltimore city, and Thos. Offutt, of Philadelphia.

In Chancery.—The injunction Geo. Tilghman has filed against Talbot county, [illegible] the long lease [illegible] Easton, [illegible] guarantee would do complete away [illegible]

☞ Lt. J. S. Shubrick, of the Navy, will address a public meeting in Baltimore on the 20th inst., on the key West Expedition. In the key West expedition, we find the following [illegible] Fort Atwater, Dupont, Gilliss, of Key West, have sold the crop of pine apples this year [illegible] and thousand dollars, [illegible] less than an acre and a half of ground. [illegible] hundred and fifty thousand pillars, which will be [illegible] this year, and that there have been [illegible] of pineapples, and it sold at the same rate as this year, they will net high, thousand dollars.—The pine apple crop of Florida this year will exceed one hundred thousand dollars.—Balto.

The Dispatch says, "Tom Sayers, the pugilist" is good thing, [illegible] our valuable friend Baker."

☞ FIRE.—We learn that by the cars yesterday evening, just as we were going to press, at the destruction of three dwelling situated by Sale, in Hillsborough, Caroline county. The house will be occupied by Capt. Kemp, Welsh Morgan and Benj. Colston. The slaughter house several hundred yards from the dwellings was also destroyed. Capt. Kemp's house was nearly new and very little of the contents of the house were saved. The insurance on the house of Capt. Kemp expired a few days before the fire. The fire occurred about 2 o'clock yesterday morning.

MONEY ORDER BUSINESS.—The Money Order system, which is connected with the post office Department, is rapidly increasing and people are beginning to see that it is much better to send from one to twenty dollars safely for ten cents than it is to send it through letter and run the risk of losing it. Since the first day of January, the present year, the Post Office at Easton has issued forty Money Orders—ranging from one dollar to fifty—amounting to $792. Last year only twenty-six were issued in the same length of time, amounting to $292.22.

☞ LAST week, in making mention of the weight of the mail matter passing over the Md. and Del. Rail Road, by some unaccountable caper of the figures, the exhibit appeared in a very ridiculous form. In order that it may stand correct we here give the statement verbatim as handed to us:

Weight of mail received at Easton for thirty days, 1931 pounds. Weight of mail sent from Easton, 937½ pounds. Weight of mail carried over the Md. and Del. Rail Road for one month 5998 pounds.

☞ Our St. Michaels letter shall appear next week.
