DESTRUCTIVE FIRE IN ST. MICHAELS—SIX HOUSES BURNED AND ONE TORN DOWN—FROM $8000 TO $10,000 WORTH OF PROPERTY DESTROYED.

On Monday night last, about 11 o'clock, the citizens of St. Michaels, in this county, were aroused from their slumbers by the tolling of the town bell, and it was soon ascertained that a fire had broken out in the cock-loft or garret of the building occupied as the "Comet" office, and in a few seconds was bursting forth with terrible fury. The wind was blowing very brisk, from the Northwest, at the time and when the citizens arrived at the scene it was found impossible to stay the flames, so all attention was turned to saving the stock of goods on the first floor, in the room occupied and owned by John Valliant. His goods were all removed to a place of safety. The room adjoining Valliant's store, under the same roof, was occupied by John W. Dean and Thos. J. Warren, as an office. The fire now began to make rapid progress and it was evident that the store room north of Dean and Warren's office—occupied by S. Katzenburg, as a clothing store was in imminent danger—being separated by an ally only 10 feet wide. The battle was here fought with a determination scarcely ever heard of and men, women and children exerted themselves to their utmost strength in running water, saving goods, &c. There being no fire aparatus in the town—buckets are their only available means during a conflagration. Katzenburg's store was on fire and burning briskly three different times, but the brave men on the roof won the battle. The attention of the people was now directed to the dwelling of J. L. Lecompt—the flames having already enveloped the store room owned by Jas. Benson, Esq., and occupied as a shoe store by Rev. T. M. Bryan. Next came the old store house formerly occupied by Mansfield and Harrison, belonging to Mary and Joseph H. Harrison. This building was a one story brick. The residence of Mr. Lecompt was separated from this building by an alley three feet wide. Here the fight became even more desperate. Several persons on the roof of Lecompt's house threw water until they were driven, inch by inch, from the roof, and they would not give it up until it was too hot for man to stay and live. These brave fellows being compelled to give up this building to the devouring element, an attempt was made to pull down what is known as the "Bell House," but there was not time to accomplish the object—the flames very soon saving them the trouble. Even up to this time there was a faint hope that the new and commodious building belonging to C. A. Smithman, could be saved but the wind sprang up afresh and the flames quickly ignited and Smithman's house soon shared the fate of the others. At this stage of the fire it was found necessary, in order to save Rd. Harrington's dwelling, to pull down a small building, also belonging to him, and the saving of Harrington's dwelling was carried on with success.—Here the progress of the flames was stayed. The P. E. Church took fire, but water freely applied, soon stayed the burning. The roof of Jerry Harrison's house was kept wet with blankets and brooms were freely used to sweep down the sparks with which it was frequent-covered.

THE LOSS.—The loss of the "Comet" is from $1500 to $2000. Insurance $1000. John Valliant's loss, $1000:—No insurance. John W. Dean lost a number of books and papers. James Benson's loss $800. Insurance $800. Mary and Joseph Harrison's loss, $800 to $1000. No insurance. James L. Lecompt's loss, $2500. Insurance $2,100. Chas. H. Smithman's loss, $2,500 to $3,000. No insurance. This falls very heavy upon Mr. Smithman.—He is a hardworking mechanic, with no other means to get a livelihood than hard toil and his all—from a number of years of perseverance and economy—was invested in this building.

Our reporter says he cannot close with out paying the highest meed of praise to the noble ladies who were so zealous with their buckets and did such valuable service. God bless the fair hands of St. Michaels who assisted in checking the consuming flames.

The parties who had policies on their property were insured through the Agency of Mr. Robert B. Dixon, Easton, as follows—

N. C. Killam, $1000, in Farmer's Mutual, of York, Pa.

James Benson, $500 on store and $200 on Fixtures, in Montgomery Mutual, of Md.

J. L. Lecompt, $1500 on dwelling, $750 on stock, $100 on furniture, and $600 on the Bell house, adjoining, in the Maryland Fire Insurance Co., of Baltimore.

I would also say that our townsman, Michael Ryan, on going upon the P. E. Church roof, finding it so very sharp that he needed feet and hands both, but nothing daunted, he seized a bucket of water in his teeth and ran up and put out the fire.

Chas. R. Blades fell from a shed roof and cut and bruised his face very badly.

Many acts of heroism could be mentioned, but I will conclude by saying that all did their duty and worked with a will. There is a large gap made in the business part of our town which I hope soon to see filled up with buildings that may surpass those that have been destroyed.

Our correspondent further says—

After the smoke has taken away, we look around and find that our energetic citizen, Jas. L. Lecompt, has run up a shed on the ruins of his burnt building, and in a few days will be ready to carry on the tayloring business as usual. C. A. Smithman, will also run out a small building, that was saved from burning, and in a day or two, will be PEGGING AWAY, manufacturing shoes for customers. Our "John"—John Valliant—has taken the store room on the corner of Talbot and Mulbery streets, where he can be found with a good stock of goods, ready to supply his many friends with goods in his line. I am sorry to inform you that our Bro. Bell lost from $100 to $150 worth of shoes after they were taken out of his store. It is supposed that they were SCATTERED.

S. Katzenburg's stock of goods was damaged from water. Mr. C. A Smithman, during the fire, took his bacon and put it, as was supposed, in a safe place, but after the fire was over, upon counting, it was found that two hams and four shoulders had WALKED OFF. If they have been taken up, Mr. Smithman would be thankful for such information as would give him possession of them.

Jno. W. Dean and Thos. Warren have taken an office one door east of H. C. Dodson's drug store, where they can be found from 8 A. M., to 5 P. M., ready for business.

☞ An individual made his appearance in our town on Tuesday last, dressed off in Turkish costume and was said to be a genuine live Turk. He professed to cure all sorts of diseases and had for sale a quantity of perfumery beans, which are said to retain their smell for twenty years. On Wednesday morning he engaged conveyance from F. G. Wright, Esq., and left town. Shortly after he left town one of the U. S. stages arrived, driven by a "young man just from the country," and on being told about the Turk, asked a number of questions in reference to his appearance, his business here, &c., when suddenly he said, hello, here he is now. he hasn't left town. Upon the party to whom he was talking, going to the door, instead of seeing the Turk, one of our ministers happened to step into the street with his studying gound on. On being told of his mistake and that he was one of our most esteemed pastors with his studying-gound on, he said "well, if I had to wear that thing before I learnt how to preach, I'd never be a preacher." So George missed the Turk, but got his first sight of a studying gound.

"I COME TO SEE THAT THING START."—On Thursday last some of our citizens and Rail Road employees were somewhat amused at an elderly gentleman from a neighboring county, (JUST ACROSS THE BRIDGE,) who made his appearance at the Easton Depot, with a very nice looking horse and carriage. The old gentleman, after hitching his horse to the fence with a piece of rope, not far from the cars, which were nearly ready to start, said, "look here, I come all the way over here to see this here thing start, and I am bound to do it,"—at the same time taking a general observation of the locomotive—from top to bottom. And while stooping to look under to see how the iron horse was shod, the engineer, who had been very much amused, gave a heavy blast of the whistle. This settled the old gentleman's hash. He jumped about three feet into the air, and when he struck the ground his propellers were in full motion and never stopped until he reached his carriege, when he found that his horse had also broken loose. After that he kept at a respectful distance but said he could not tell why it was that his horse would allow himself driven right up to a steamboat, but as soon as the "rail road whistled he turned a tarnel fool."

TRAPPE GLEANINGS:

The corn house of Carl Engelman, Esq., below Trappe, was broken into on Friday night of last week, and about 250 muskrat hides, (the property of B. Kahn, pedlar,) taken therefrom. As yet there is no clue to the perpetrators of the act.

—— The saw mill, below the Trappe, destroyed by fire, last December, has been rebuilt and is now ready for work again.

—— Rev. Mr. Davis, appointed to Trappe Circuit by the Wilmington Conference, arrived here on Wednesday last.

HENHOUSE BROKEN.—The hen-house of Mr. John Outram, residing near Easton, was broken open on Saturday night last and a lot of poultry stolen. There were, also, on the same night, two fine sheep taken from his pen, carried some distance into his field and skinned. This is one of the boldest thefts that has been perpetrated in our midst for some time past. The thief has not yet been detected, but it is to be hoped that he may receive his just reward.

To CORRESPONDENTS.—We have two very interesting letters from our correspondent "B," which are crowded out by a heavy run of advertisements. They shall appear next week.

☞ HIGGINS, on the corner, has just arrived with a new supply of Hats, Boots and Shoes.

DR. WISTAR'S WILD CHERRY BALSAM.—This Balsamic compound has become a home fixture. Let all who suffer, and have in vain attempted to cure their coughs, colds, bronchial or pulmonary compliments, make use of this unequaled remedy. It can be relied upon, the mass of testimony that has been published since its introduction, being ample proof of its efficiency.

☞ WALK in and see Beaston's last stock of new Hats, of latest style and best quality.

RAILROAD MEETING AT TRAPPE.

According to announcment, the citizens of Trappe District favorable to the Maryland and Delaware Railrod running to Trappe, and from thence to Chancellor's Point, met at Trappe on Saturday last. The meeting was a very large one, and organized by appointing Capt. T. H. Leonard President, and Dr. Jas. S. Chaplin, Sec'y.

The President stated the object of the meeting, and on motion, a committe of five was appointed to draft resolutions. The committee retired and after consultation, the majority reported as follows.

Whereas, the route and tirminus of the Maryland and Delaware Railroad, through our district are subjects of importance; and whereas, we consider it due to ourselves, and also to the company of said corporation, to express our opinion concerning the same, therefore resolved—

1st. That the proposed route and terminus at Oxford is the least beneficial to our interest of any which could be selected.

2d. That a terminus at Chancellor's Pt., with a route running very near Hole-in-the-Wall and through Trappe, is plainly the proper location both for the interest of the Road and the people it is intended to serve.

3d. That the thanks of this meeting are due and hereby tendered to Col. Wm. R. Hughlett for his very liberal offer of contribution for such route and terminus, and also to the many citizens who have determined to grant without compensation the right way.

The majority reported an additional resolution, as follows:

4th. That any route of so little practical advantage to our common interest as the proposed one to Oxford, would justify the citzens of Trappe district in urging their most decided protest against the payment of the proposed county appropriation.

The resolutions were all adopted by the meeting with great unanimity, and on motion, the meeting adjourned.

THOS H. LEONARD, President.
JAS. S. CHAPLAIN, Secretary.

After the meeting adjourned, Gen. Tilghman was called for and addressed the persons present. He was followed by Dr. S. A. Harrison, both urging the completion of the road to tide water.

TEACHERS MEETING

EASTON, March 26, 1870.

A meeting of the Teacher's Association of Talbot county was held to-day, in the room of the School Commissioners M. C. Berridge, President in the chair. Roll called—20 members present—and proceedings of last meeting read. Mr. Warren moved that the regular order of exercises be dispensed with as this was not the regular quarterly meeting, and the teachers were not prepared to respond to the duties asssigned to them last meeting, but our worthy President (a more sagacious man never trod the Soil of Maryland) thought that a teacher of Talbot county ought always to be prepared to read or to debate matters pertaining to the schools, without any previous preparation. After considerable argument by several members, the Association proceeded to the regular order of exercises.

Choice selections were then read by Messrs. John S. Redman, P. H. Mayo, J. G. Miller, and Chaplain and C. F. Castleman. The selections though not prepared for the occasion, were then read with great eloquence. Afterwards J. C. Mullikin favored the Association with what he conceived to be the best mode of teaching reading, or rather his mode of teaching it, which was very entertaining and instructive. The debate was next in order, but as the hour was late, it was agreed to postpone it until the next meeting.

Mr. Berridge then offered the following resolutions, which were adopted:

Resolved, That we, the Teachers of Talbot county, have been the recipients of uniform courtesy and kindness from the President and Officers of the late School board, do hereby make known to them our hearty appreciation of the interest, energy and ability which they displayed in performing the duties of their offices; and further Resolved, That in order to show the high esteem in which the members of said Board are held by this associate body, and of its appreciation of the valuable services by them rendered in their official capacity that these resolutions be published in each of the county papers; and thirdly.

Resolved, That these resolutions be adopted as part of the minutes of the last meeting of this Association.

On motion of Mr. Mayo, the chair appointed a committee to select questions for debate, and present the same to the standing committee on the day of the next meeting of the Association.—The standing committee will select one of these questions to be argued at the following meeting. Committee A Chaplain, J. G. Miller and J. . Smith.

Order of exercises for next meeting, 1st, Call to order—2d, Roll call and reading proceedings of last meeting. 3d. Reading selections, by Misses S. A. Wollaston, A. Houghton and E. S. Stevens. 4th, Essay, by T. J. Warren, 5th Debate—"Resolved that Corporal Punishment in the Schools is expedient." Affirmative—James H. Smith, F. A. Henrix, Samuel C. Trippe, Negative—John S. Redman, J. Haddaway, Alex. Booth.

On motion, adjourned to meet on the call on the Secretary.

JOS. N. WYATT, Sec'y

1115 HOOP SKIRTS, HOPKIN'S "OWN MAKE." 1115

In all the New Spring Styles for Ladies, Misses and Children; the quality and prices of which will recommend themselves to every customer. Corsets! Corsets!! Corsets!!! Just marked down to gold at par; making our present prices less than they can be afforded, until gold declines to that point, and 33 per cent., less than the price one year ago. We were the first in Philadelphia to give silver in change to our customers, and now take the lead in giving them full advantage of the return to a specie basis, in advance of the Gold market; which will be fully appreciated by all who examine our extremely low prices. Hoop Skirts, Our Own Make, at 37, 40, 50, 55, 60, 70, 75, 80, 85, 90, 95, $1, &c., to $2 20.

Hand-Made Whalebone Corsets at 50, 60, 75, 90, $1, to $1 75. Superior French Woven Corsets at 74, reduced from $1; $1 reduced from $1.38; at $1.25 reduced from $1,75. &c., to $5 reduced from $7.

R. Werly Corsets at 2.00 reduced from 2.50, &c.

Thompson's Glove Fitting Corsets at 1.75, reduced from 2.20, &c. Mrs. Moody's Patent Self Adjusting Abdominal Corsets at a reduction of 21 cts., to 1.00 per pair, according to quality. All other goods proportionally reduced.—Skirts and Corsets made to order. Altered and repaired, Wholesale and Retail—one price only—call or send for descriptive circular,

TILE! TILE!

FARMERS, if you would improve your farms, and make good crops, without the expense of buying fertilizers for every season, TILE your land, *especially your low springy land*, It is impossible to make good crops, or to improve land without thorough drainage. This is the season for putting in tile. Every farmer should try a few acres. The expense is trifling in comparison with the advantage gained. Try it.

COOPER & WHITE, EASTON,

Have on hand a large supply of egg shape TILE from 2 to 7 inches, vent, which they are offering cheap.

They also have on hand half a million common and pressed *hand made* BRICK, which they are selling at the lowest market prices.

All necessary information given for putting in tile. Wood taken in trade.
