LOCALS.

THE CIRCUS AND MENAGERIE.—The opinions in reference to the good or evil results from Circuses and such amusements passing through the country occasionally, are various, but we believe they are becoming more and more in disrepute among the religious and moral portion of communities. It is true, there are many things connected with a circus that the most religious and refined would enjoy to witness, but when the evils that are connected with them are taken into consideration, many, who at one time patronized them, now see that to do so would be encouraging the various vices that attend them. By them, the Sabbath is not kept more sacred than any other day, a class of people is brought together who become intoxicated and profanity becomes the order of the day. Gambling is also becoming a very prominent feature with the side shows, unsuspecting youths are induced to bet and are fleced of their hard earnings: There are a great many other evils connected with them, of minor importance, but when added together they appear to so largely over balance the good results that there are very few even among those who attend them, that are convinced of their benefit to the morals of the communities through which they travel, and we presume none, who would pretend to say that the condition of showmen themselves are made better by the life they pursue. But as we before said, the opinions on the subject are various. A friend of ours of high standing, of extensive knowledge and if not religious, stands foremost in morals, in speaking of the Circus, writes to us in the following approving style:

"We people who live in the country and small towns are entirely too serious. Foreigners say, the Americans generally are.—We certainly laugh too little. If any one will observe a crowd or assemblage of any citizens he cannot but be struck with the sobriety, amounting to sadness of the countenances of those who constitute these collections. One won'd suppose that some great grief lay upon the common mind. Yet we are not an unhappy people in the main.—Our material wants are well supplied, and anxiety for the future does not or at least ought not to oppress us. But the fact is in questionable we are a very sober, joyless folk. It may be that our religion is of a gloomy character, and has rather repressed than encouraged gaity of disposition. We fear this is so. In its attempts to curb unseemly hilarity, it has fallen into the other extreme of fostering that sadness of countenance condemned by the Master himself.—No doubt, the burden of life weighs heavily enough upon the most of us, so heavy with many as to make the heart sadder than the face. A man who is poor, as most of us are, with a family dependent upon, and looking up to him; a mother who has the very natural anxiety that belongs to maternity and its incident duties resting upon her is but little disposed to hilarity. But really the religious man ought to feel it a duty to laugh when he can, and the prudent provident man ought to see that to laugh helps to keep poverty from the door. That is a sickly piety which is born of misery, and that is weary work, but half performed which is done with a sad heart.

We have therefore welcomed the presence of the Circus and Menagerie to our town—with its clown and monkeys, with its striped mules, and its intelligent elephant—with its fat woman and lean man—with its athletes and equestrinnes—with all its fripperies and follies. For one day our people have been made to laugh, and this we consider a great good. They have been made to forget that wheat is only worth one dollar and a quarter a bushel, while coffee sells for twenty-five cents a pound. They have for a while at least ceased to think of high taxes and poor crops. Who then shall say the Circus has done no good? Even the poor colored people have been lifted out of the dull squalidity of every day life, and been for an hour dazzled with the gay finery of the ring performers. No one is the worse for all this.—Is not every body the better?

TRAPPE ITEMS.

Mr. Arthur C. Mullikin has sold 17 Acres of his farm in Oxford Neck, to Henry Hatter, Esq., of New York, for $1,100. Mr. Hatter's brother will live there, and make a market farm of it.

Mr. Jas. T. Small, Assistant Teacher of the Trappe Grammar School, has gone to Illinois. He has secured a situation there as principal of a school.

The population of Trappe has increased (in the last twelve months) more than one third. It now has about two hundred and sixty inhabitants, and what is most remarkable there is only one family of colored persons.

PIPE-MAKERS—It will be seen by our advertising colums that Mr. Jas. S. Chapman offers his services to the public in making new pumps, digging wells, &c.

Lewis & Williams have purchased the pump tools of Mr. W. H. Salisbury, and also offer their services to the public in conducting the above business.

FARM SOLD.—Mr. C. Van Valkenburg, land agent, on Wednesday last, sold the farm of Jos. Hart, Esq., to Mr. Harris, of Chesapeake city, for $2500: Mr. Harris purchased it for the purpose of starting a nursery.

REPUBLICAN MEETING.—The Republicans of the Eastern Shore, without regard to color will hold a general mass meeting at Boonsville about one mile from Ridgley Station, Caroline county, to-day. All hail to the success of the cause.

MRS. DEMOTT, the wife of one of the managers of Campbell's Circus, remains at Norris' Hotel, in Easton, quite ill with bilious fever. A despatch was sent to her husband on Friday morning.

☞ WE are indebted to Rev G. A. Phoebus, Paster of the M. E. Church in Easton, for a copy of the Minutes of the second session of the Wilmington Annual Conference—from which we take the following statistics:

Number of Members—19,959. Probationers, 4, 415. 295 Churches; estimated value, $ 915,050. 43 Parsonges; estimated value, $119,460. Ministerial Support—Estimates—Senior, $66,184, Junior $5,775. Receipts: Senior—$58, 002; Junior—$4,566,17. The report of the Board of Stewards show the following very gratifying result:—Wilmington District—apportioned $1205,00—raised $1232,30. Dover apportioned $875,00—raised $756,75. Easton apportioned $900,00—raised $911.18.—Snow Hill, apportioned $340,00—raised :57,70—making in the aggregate $3157, 93 raised, and $417.46 more than was paid in last year. There were a great many other items interesting to the public, contained in the minutes, and any one wishing a copy can obtain it by applying to Mr. Phoebus.

STATE DIRECTORS.—At a meeting of the Board of Public Works, held at Annapolis, on Tuesday, Directors were appointed to represent the following named Companies:

Kent County Railroad—Wm. T. Spry, Geo. D. S. Handy and Robert Nicholson, of Kent County.

Queen Anne's and Kent County Railroad Company—Washington Findlay, Wm. McKenny and Willard H. Neal, of Queen Anne's county.

Maryland and Delaware Railroad Company—Philip Francis Thomas and Col. Edward Lloyd, of Talbot county; and F. Garey, of Caroline county.

A communication was received from Gen. Tench Tilghman, president of the Maryland and Delaware Railroad Company, requesting the payment of $6,000, claimed to be due from the State to said company, which was referred to the Governor.

The board then adjourned until Tuesday next, May 3d, at 12 o'clock noon.

THE FASHIONS.—Mrs. E. A. Lynch has just opened a very large stock of late style bonnets, bonnet trimmings, and has on hand goods of all sorts and of best quality, such as are usually kept by her. She asks an inspection of her stock.

MILLINERY.—Mrs. E. A. Mason has just returned from the city with an unusual large supply of millinery goods, the latest styles of bonnets, hats and head fixings of all sorts. The ladies are invited to examine her stock.

☞ THE wife of ex-Gov. P. F. Thomas died in Easton, on Wednesday night last. Her funeral will take place to-day at Christ Church, at 3 o'clock P. M.

(Communicated.)

APRIL 20, 1870.

Mr. Editor—I desire, through the *Gazette*, to call the attention of the Town Commissioners to the miserable condition of that portion of Maine street next the Glebe and Centreville roads. The street contains such a number of ridges as to resemble a corn-field, over which it is really dangerous for a carriage to be drawn, not only to the vehicle, but to the occupant; and a ride up Main street (if you get through safe) suggests the propriety of immediately seeking a life insurance company, with a view to securing a policy therein. The holes between the ridges, during a "wet spell," should—and doubtless does—furnish an excellent rendezvous for all the stray pigs, and ducks, and geese in town, where they could roll and dabble in mud and water to their hearts content.

Strangers visiting us surely cannot be favorably impressed with the town upon seeing its principal street in the condition it now enjoys, and it behooves the Town Commissioners to take into consideration the comfort and welfare of our "country cousins," as well as our citizens, and have it immediately put in proper trim. In its present state it reflects anything but credit on those having authority to remedy it. Yours, &c.,

CAUTION.

THE EUREKA
AMMONIATED BONE SUPER-PHOSPHATE OF LIME,

First introduced in 1865 by the Allegheny Fertilizer Company, is and has been since 1867 EXCLUSIVELY manufactured by the Company's Lessee, at the Company's own works, Pittsburg, Pa.,

AND AT NO OTHER PLACE AND BY NO OTHER PERSON OR PERSONS WHATSOEVER.

This Fertilizer was first sold in this city in 1865 by Messrs. Babcock & Seward, as Agents for the Pittsburg Manufacturers; afterwards by Messrs. Woodside, Griffith & Hoblitzell in the same capacity, and since the Spring of 1869, by Messrs. Walker, Corsey & Co., No. 86 Spear's wharf, who are now, and have been for the past twelve months, Sole General Agents for the States of Maryland and Virginia.

The exclusive right of the Alleghany Fertilizer Company to the name of "EUREKA" as a trade mark for its Fertilizer, has been recently vindicated in a case tried before the United State Circuit Court for the District of Marylsnd, in equity, and a perpetual injunction granted against Messrs. Woodside-Griffith & Hoblitzell, to restrain them from the appropriation of the word "Eureka" as a name for a Fertilizer, the manufacturere of which has been recently started in Baltimorr.

Persons at a distance who have heretofore used "Eureka" and desire to use it again, will take notice that the Genuine Article is manufactured exclusively at Pittsburg, Pa., and that every bag is stamped with the name of the Alleghany Fertilizer Company and the place of manufacture.

SEWARD & EMERSON,
Pittsburg, Pa.

In offering this celebrated Fertilizer, which has met with such marked success and given entire satisfaction [even when tried by the side of Peruvian Guano, or the best artificial Fertilizers] it is only necessary for us to say it will be kept up to its highest standard. EUREKA is put up in bags containing 167 lbs. For sale by

Consumption.

SELF AND SISTERHOOD

FOR eight years I have made the treatment of Consumption (Lung and Bronchial) a specialty, and believe that I can arrest any case of this formidable disease (however far it may have advanced) in from Six to Twelve weeks. I do not propose to supply new lungs, nor any large amount of new lung tissue, to a patient; but I do propose to prevent farther progress of the disease, to leave the system in that improved condition, that Robust Health may be speedily re-established. The first case of Consumption which it was my good fortune to successfully treat was of a young lady in 1861. In the years 1862 and 3 I had charge of Hospitals Nos. 2, 3 and 15, Nashville, Tenn., and of the many cases which came under my treatment there, not one resulted fatally. In 1864 I was Mayor and Health Officer of the city of Natchez, Miss., also Surgeon of the 28th Illinois Infantry, and in prescribing for this disease, good health succeeded in every instance. In 1865 I removed to Milwaukee, Wisconsin, to superintend the general United States hospital, and of the twenty or more cases which I there administered to, I was entirely successful. The same results have attended my practice during subsequent years, and I candidly believe that no case exists, however formidable, my treatment will not speedily eradicate.

I refer to the above, that to those whom this may come, that they may not set me down as a quack, for certainly a quack could never attain to such responsibilities
