LOCALS.

AN OLD LAND MARK GONE.—The old market house, for so many years a resort for loafers, when they could get no where else, a shelter for uncared for horses, and a disgrace to our town, has at last been demolished, and is no more. The old building was erected some where about 1805. In its stead, however, be it said to the credit of our citizens, a new brick building, 90 by 36, is being erected, the corner stone of which was laid on Wednesday morning last. The market house is to be below, while there is to be a town hall above. Messrs. Jno. B. Todd and Mathew Flowers have taken the contract at $6,800. We learn they are thrifty, stirring men, and no doubt the work will be done as speedily as possible.—Messrs. Todd and Sparklin have sub-contracted to do the brick work. The produce and all marketable matter will be deposited inside of the new house when completed, instead of the outside, as was the case with the old one, and three rows of tables will be erected lengthwise the house, with isles of sufficient width, intervening. The butcher stalls will be at the entrance, on each side, and the entrance to the town hall above, will be from the front of the building, on each side of which entrance there will be a door leading into the market. The building's wall will be solid so that it can be closed after market hours—there being sufficient doors and windows to give light and air. This will be a fine building and a credit to our town, but we regret that the committee are restricted to three thousand dollars, for by pining it down to that amount they are unable to run the market walls up more than ten feet, which is at least five feet lower than a building of that size ought to be. If five feet cannot be added three feet more ought by all means to be put on, and it is to be hoped that some of our enterprising citizens will take the matter in hand and secure a sufficient sum to make the market house seahag, as much as thirteen feet. To do this, we learn it will cost only $390.—Let there be no delay. To save $390 let not a work that ought to be an ornament to our town and a convenience to ourselves and our children after us, be an eyesore and a regret. The committee has gone to the extent of its limits and of course it can do no more—the rest remains with the citizens.

TRAPPE ITEMS.

Mr James H. Wooters, had a horse killed by lightnig, during the storm of Wednesday, the 10th inst.

Smoke house of Mr. Jonathan H. Leonard was broken open on the night of Friday, the 19th inst. and robbed of 17 pieces of bacon. Mr. Leonard offers a reward of $20 for the arrest and convic. of the thief or thieves. There is scarcely a week passes but what there is a smoke house or corn house robbed in this district, still there is no clue to the perpetrators.

Mr. Mm. H Caulk died of typhoid fever Thursday morning last, after an illnea of a week or ten days, aged about 25 years. Mr. Caulk was a model young man and his death will be felt by a large circle of friends and acquaintances, in this community.

☞ It is said that the Emperor Napoleon owns a large amount of real estate in Baltimore. If he is compelled to leave France perhaps he will take up his residence in that city. He is shrewd and far-seeing and the fact that he purchased his Baltimore real estate five years ago is an evidence of his great sagacity. Perhaps it some enterprising reporter would look around the the city carefully he would find the little Prince and jewels there. Who knows?

REGISTERS.—Samuel H. Haddaway' Esq., has been appointed Register for Easton District, and Jonathan B. Leonard, Esq., Register for Trappe district, Talbot county, to fill the vacancies caused by the declination of Dr. Henry T. Goldsborough and Isaac W. Jump, Esq

THE MEETING ON TUESDAY.—It will be seen by notice at the head of the editorial column, of this paper, that the Republicans of Talbot will meet in county convention at the Court House, in Easton, on Tuesday next, to select delegates to attend the Congressional Convention, which meets in Cambridge on Thursday next, the first of September. Let there be a full attendance.

GOOSE STOLEN.—One night last week, Messrs. Jas. Willis and Jno. Gossage, of Oxford, lost a flock of forty geese.

REGISTRATION NOTICES.—We see that in other counties the notices of Registers are published in the papers of both parties. This is as it ought to be. There is a great deal of advertising done by the county that is only necessary to be published in one paper, but there is information of great importance to the people that may not be ascertained until too late, if confined to the organs of one party. Election Notices, Notice to licensed traders, Registers Notices and all such, it appears to us, ought to be published for the benefit of both parties. The first two named, the Sheriff shows no partiality in and invariably gives them to the papers of both parties. The Registers notices are of equal importance to the masses of the people, yet the Republicans are left to find out the days of meeting the best they can. It is to be hoped that the Registers will take the matter into consideration and not act with a party selfishness that may come home to them some day not far in the future.

☞ It will be seen by notice in another column that the tax-paying inhabitants of Easton, are invited to meet at the Court House at 7½ o'clock on Monday evening next, to give expression of opinion in reference to giving more pitch to the new Market House. It is to be hoped that there will be a full attendance. It is true that money is scarce, but we think an extra effort ought to be made to put the ceiling at least five feet higher—making it fifteen feet. Not only ought the citizens of the town to take hold of this matter, but we have no doubt that were the county authorities applied to properly, they would show a pride for their county town by making an appropriation sufficient to assist in making this building an ornament to their county town and pleasant and desirable to those from the country who may bring their produce to sell.

☞ Some rascals broke into the house of Dr. G. W. Betson of Greensboro,' on Thursday of last week, and stole a can of lard, some butter, and apples, and a suit of clothes belonging to Dr B. They effected an entrance through a window.

☞ The grading on the Md. & Del R. R. from Easton to Oxford is progressing finely. It is supposed that the grading will be done by the time the bridges are completed and that the whistle of the locomotive will be heard at Oxford inside of three months.

☞ On Friday of last week Messrs Cooper & White, brick-makers, lost a very fine gray mare from colic. She was one of a match of very fine animals and were held at $525.

UPSET.—On Sunday last Capt. C. R. Leonard in turning a corner too suddenly, on Dover street—upset his carriage. There were two others in besides himself but no injuries were sustained except some damage to the carriage.

CAMP MEETING.—The Methodist Protestant Camp Meeting commenced at Royal Oak on Friday. We presume this is the last Camp that will be held in the county this season.

[COMMUNICATED]

Dawning of the Political Millennium.

I often read strange and startling things in the newspapers, which for the time a maze and set me to thinking. And it was so when I opened the Easton *Star* of Tuesday last, and among a surfeit of editorial matter I read as the heading of an article :—"A voice from the South—North Carolina speaks." What! I immediately exclaimed, can be the matter in the region of swamps and air? What has happened in that benighted section to cause one of the Carolina's, which had scarce *said* or done enough heretofore to constitute for herself a history, to speak? So we commenced to read, and we soon discovered the cause of her "much speaking." It appears that in North Carolina, as in other sections of our country, elections are sometimes held. And this "speaking" was on account of the result of this election. And the Sun of the Star actually says the *Democrats* carried this "glorious old State." Wonderful discovery! Now, indeed, has the political millenium dawned! Grant may as well retire from the contest in 1872, for a Democratic President is about to hold the reins of government'—*because* North Carolina has gone against the Republican party! We recollect of reading a few weeks ago in the telegraphic dispatches of the daily press that the election in this obscure State had resulted in favor of the *conservatives*, called *Democrats* on the Eastern Shore. Now, Mr. Editor, let the record of those just elected to positions in that State be examined, and how many will be found who have been identified with the Democratic party? They will be *non est*. And how ridiculous in a public journalist to herald to the world in such schoolboy language, that this is a Democratic victory. Democracy had nothing to do with it. The Rebel element have not yet resumed their old power, and we can assure the Star that while such patriots as Gov. Holden "hold the reins of government," the State is safe. But oh! we are told the "rude of retribution is fast reaching its flood."—That these mighty and valiant *Democrats* who cannot live without office, are arising in their majesty from "Currituck to Cherokee"—(we suppose these are the names of counties) and that Holden, Kirk, and such fellows, must stand from under. And oh! the degradation they were subjected to in this great uprising. 'Tell it not in Gath,' publish it not in the streets of Askelon,' these mighty men of valor had to go to the polls with the negroes—the same that helped to whip them into the Union,—with only a rope between.' This caps the climax—this is the straw that breaks the camel's back.

This election did not seem to be noticed by any but the editor of the Star.—Strange! passing strange! that such an event, fraught with such consequences should be passed by unnoticed by almost every one else. He tells us too, that 'the people everywhere are jubilant.' But that 'everywhere' must surely mean the Star office. We have failed to notice it elsewhere. The rebel papers of North Carolina are strangely silent about it, and none of them that we have seen take as much space in hearling its 'glorious' results to the world, as does the luminary of Talbot county. He must have read the returns with double extra magnifying glasses, or he could never have drawn such inferences. But then if he has drawn consolation from them, we do not wish to wrest it from him. He certainly needs it, in the divided and distracted condition of his party at home, as evinced by his paper of Tuesday, and for some time back. *Maryland* may not give "five, ten, fifteen thousand majority," and "two thunders" in the next General Assembly, as North Carolina is alleged to have done, but which the returns do not justify. We can tell him that the friends of progress and reform are rallying in good old Maryland, which has a history of which every son may be proud, and that ere long from Allegany's ice-capped hills to the ocean washed shores of Worcester will arise the shout of the redeemed from Democratic misrule and thraldom. The rebels of North Carolina labored hard and "*Parturiunt montes nascetur ridiculus mus*" is the result.

VINDEX.

Trappe, Aug. 25th, 1870.

At every session since the war closed Congress has reduced taxation by tens of million. Duties on tea, coffee, and sugar have been largely reduced, and the free list greatly extended. The internal revenue taxes have been swept away so clean, that the enormous list imposed by the necessity of war only those remain on liquors, tobacco, cigars, incomes, national banks gas, and stamps.

Coughs, Sore Throat, Etc

No medicine or treatment can equal the powerful curative power of

DR. SIMMS'

Whit Pulmonic Balsam:

It cures with a rapidity unequalled by any other remedy offered for Throat and Lung diseases. It is recommended by over 2,000 persons in Wilmington, and hundreds in Philadelphia, Baltimore and other cities and communities throughout the country. Mr. Pennington, of Wilmington, Illinois, writes that there is not (with a few exceptions) a family in that city who will be without it if possible to procure it. Such is its popularity wherever it is known—and this popularity arises from the fact that it universally cures all who use it. There is no case of COUGHS, COLDS, SORE THROAT, ASTHMA, BRONCHITIS, CROUP, BLOOD-SPITTING, HOARSENESS, and even PULMONARY CONSUMPTION, where the system is not broken down with the wear of the disease, or pretended medicine, or inexperienced advice, that this Balsam will not cure if carefully used, according to directions. They are the GREAT BLOOD PURIFIER and LIFE GIVING PRINCIPLE, a perfect Renovator and Invigorator of the System, carrying off all poisonous matter, and restoring the blood to a healthy condition. No person can take these Bitters, according to directions, and remain long unwell.

$100 will be given for an incurable case, provided the bones are not destroyed by mineral poisons or other means, and the vital organs wasted beyond the point of repair.

For Inflammatory and Chronic Rheumatism, and Gout, Dyspepsia, or Indigestion, Bilious, Remittent, and Intermittent Fevers, Diseases of the Blood, Liver, Kidneys, and Bladder, these Bitters have been most successful. Such Diseases are caused by Vitiated Blood, which is generally produced by derangement of the Digestive Organs.

They invigorate the stomach, and stimulate the torpid liver and bowels, which render them of unequalled efficacy in cleansing the blood of all impurities, and imparting new life and vigor to the whole system.

Dyspepsia or Indigestion, Headache, Pain in the Shoulders, Coughs, Tightness of the Chest, Dizziness, Sour Stomach, Bad Taste in the Mouth, Bilious Attacks, Palpitation of the Heart, Copious Discharges of Urine, Pain in the regions of the Kidneys, and a hundred other painful symptoms which are the offsprings of Dyspepsia, are cured by these Bitters.

Cleanse the Vitiated Blood whenever you find its impurities bursting through the skin in Pimples, Eruptions, or Sores; cleanse it when it is foul, and your feelings will tell you when. Keep the blood pure and the health of the system will follow.

PIN, TAPE, and other WORMS, lurking in the system of so many thousands, are effectually destroyed and removed.

For full directions, read carefully the circular around each bottle, printed in four languages—English, German, French and Spanish.

Manhood: HOW LOST, HOW RESTORED.

The celebrated author in this admirable essay, clearly demonstrates from a thirty years' successful practice, that the alarming consequences of self-abuse may be radically cured without the dangerous use of internal medicine or the application of the knife; pointing out a mode of cure at once simple, certain and effectual, by means of which every sufferer, no matter what his condition may be, may cure himself cheaply, privately and radically.

This Lecture should be in the hands every youth and every man in the land.
