LOCALS.

QUITE A ROW.—On Monday last there were a large number of colored persons in town for the purpose of getting registered and everything passed off quietly until late in the afternoon, when about 5 o'clock a disturbance broke out at the north end of the town between a crowd of some fifty or sixty from Miles River Neck and one or two colored, residing in Easton. The crowd having partaken very freely of whiskey a terrible excitement and furor, soon ensued. The bailiff attempted to quell the riot but it had assumed too formidable dimensions for his capacity and he went for the Sheriff.—The Sheriff, as he passed along the street, summoned a small posse to assist him; but the crowd was so furious, brought about, we learn from very reliable sources, by some three or four colored men from Easton, who appeared to be determined to provoke a rencounter. After accomplishing their object they left, and it was the object of the Miles River men to punish these parties, for their "cheek" and "jaw," and when the Sheriff met them the second time, about the time the Sheriff arrived. The first time they started, by the kind advice of a gentleman who knew one of the most prominent of them they were dissuaded from their intention; but the effort was renewed and the Sheriff endeavored to prevent it, and a collision took place. The Sheriff took one of the Miles River men under arrest, when his friends made an effort to rescue him, and sticks and bats were freely used upon those having him in charge, and one attempted to use a knife. By this time the posse got in possession of several revolvers and used them pretty freely. At length they reached the jail door, but before the Sheriff could get the door unlocked the man in custody was taken and borne off. About this time a colored man drew a pistol but was shot at with a gun—but we believe with no serious effect. Several shots were fired at them as they passed up West street, in the direction of Miles River road.—Another of the party, who is said to have resisted the Sheriff, was afterwards arrested and committed to jail. The occurrence, of course, brought forth a great many threats, expressions of opinion, &c., which are very much out of place and are more calculated to do evil than good. Especially upon the youth do such things have a very demoralizing effect. Many men will say that they would like to have an opportunity to do thus and so, when they would shrink from it, if put to the test. The youth hear these wicked expressions and it strikes their fancy as showing manhood and courage and it creates an excitement which they delight to feel upon. We think the Sheriff did right in suppressing the riot and we condemn those who resisted him in the discharge of his duty, nor do we think the arrests should be confined to those who were in immediate action, but the originators, let them be who they may, ought to share the same fate. The fact of the Sheriff having such a small posse shows at once what little experience our officers have in suppressing riots, for there is always less danger of bloodshed when ample force is at hand. Some of the colored men acted badly in the matter, but others acted nobly. We have heard it from some of the whites who were present, that a great many of them used their endeavors to bring about peace, and we have not heard a dissenting voice, among the blacks, other than the whole trouble was occasioned by the easy access they had to whiskey and the course that was pursued towards those from Miles River by a few living in Easton. We are happy to state that no one was seriously injured.

ALL SORTS OF RUMORS.—After the excitement of Monday somewhat subsided, all sorts of rumors were used by the Democracy, in discussing the principal features of the disturbance, which at length it was settled upon as a fact that a white Republican of great influence among the colored people, residing on Miles River Neck, was sitting in his wagon on the road during the whole time, and urging them on to violence. We have this statement so frequently repeated, we have taken the trouble to make inquiry, but notwithstanding the frequency of the report, we have been unable to find a single one—black or white, that saw him there during the fight. Even if so, we would not attempt to shield him, or any one else engaged in so wicked a cause, but we understand the gentleman referred to left town before the fight occurred.

FALL FASHIONS.—Jno. Schofield has received his fall and winter fashions.—Call and get fitted for coat, pants and vest.

TRAPPE ITEMS.

The colored people turned out in full force on Monday last, for the purpose of [illegible] voters. They were very quiet and orderly. The work was carried on quite briskly, there being 208 voters registered on that day. During the three days there were registered 61 whites and 346 colored men, which in addition to those registered heretofore, will give us a voting population in this district of about 900.

Mr. Chas. P. Craig intends discontinuing [illegible] business. He has purchased the house and lot opposite the Episcopal Church for $1500.

Mr. John A. Boyles has sold his farm adjoining Trappe, to Mr. Thos. S. Haddaway, for $4000.

THE REGISTRATION.—We have received the number of Registered voters in all the Districts except Chapel. In Bay Hundred there has been 87 whites and 458 colored persons registered. In St. Michaels 31 whites and 278 colored: Bay Hundred 6 whites and 81 colored—making, [illegible] 168.

P. S.—Since the above was put in type we learn that 45 whites and 223 colored persons were registered in Chapel District.

"Five Minutes for Refreshments:"—Everybody who has traveled by railroad has heard the above announcement, and has probably suffered from eating too hastily, thereby sowing the seed of Dyspepsia. It is a comfort to know that the Peruvian Syrup will cure the worst cases of Dyspepsia, as thousands are ready to testify.

SALE.—It will be seen by examining our advertising columns, that Messrs. Jno. H. and Isaac Bowers will offer their farm for sale, in front of the Court House, in Easton, on the 11th of October. This farm is situated on a branch of Thirdhaven Creek, is of a light loamy soil and produces fine crops.

AT THE NEW STAND.—M. M. Higgins, at the corner of Front and Dover streets, has just returned from the city with a new stock of hats and caps, he thinks superior to any he ever before kept. As you pass drop in and see him.

ACCIDENT.—Dr. P. Stack met with an accident on Thursday last, while generating gas, which he uses in extracting teeth, by getting one of his hands scaled. The wound is not serious, however, and the Doctor will soon be on duty again.

MANTUAMAKING.—Mrs. Georgeana Hughes intending to commence the mantuamaking, she has just returned from the city with a full supply of the latest fashions. Having secured the services of a lady of considerable experience from the city, she feels confident of giving satisfaction.

THE MARKET HOUSE.—The walls of the new Market House have been run up fifteen feet, and now the workmen are raising the heavy timbers which are to be the base of the hall floor.

AT THE OLD STAND.—Beaston, the old Hatter, has just received a supply of hats and caps suited for fall and winter wear. He may be found at the old stand.
