LOCALS.

The M. P. Church.—For several years past the Methodist Protestant Church of this town, has needed enlarging—being inadequate, on many occasions, to accommodate the audience, and otherwise needing repairs, the ladies have taken the matter in hand and their funds have progressed finely, but their funds have become well nigh exhausted, and the debt is yet heavy, but let not anyone such a thing as fail, when putting their wits to work, the ladies have determined to put forth another effort and make another appeal to the good citizens of Talbot in behalf of this edifice. When completed, the building will favorably compare with the other Churches of the town, and to which all denominations should feel an interest. The day has gone when Churches held feelings towards each other as hostile as armies in battle array, but that day has passed and the citizens generally look upon the spirit of improvement, from whatever quarter it may come, with good feeling and delight. This should be and it will be seen by notice in another column that there will be a fair and festival held in the Court House during the session of Court, commencing on Monday next, to assist in liquidating this debt. The ladies engaged in the enterprise have spent work day and night to make the occasion attractive and pleasant. Oysters, terrapins, Bulley Collins, ice cream and everything the taste can desire may be had at the tables while the fair is in operation.

[illegible] a magnificent quilt, which will be disposed of by putting as candidates, to be voted for at a stated amount per vote, the wives of the four ministers of the different denominations in Easton—the one getting the largest number of votes, to receive the quilt. The quilt will be all complete and ready for use. There are many other articles of value, which may be disposed of in a similar way, besides those to be sold at the tables. It is to be hoped that the public will give these ladies a liberal patronage.

TRAPPE ITEMS.

On Saturday last a wagon containing goods belonging to Mrs. Minck in charge of Mr. Craver, was stopped on the road between Oxford and Hole-in-the-Wall by some Rail Road men, all under the influence of liquor, and 4 Blacking Brushes taken therefrom. Constable Rathell, on Wednesday, arrested John Thomas (white) on the charge of stealing the brushes. He was committed to jail by Justice Butler, in default of bail.

Mr. Alfred Kemp left here last Monday for Texas. He intends making Fountain his place of residence.

Mr. Jno. Q. A. Haddaway has removed to Baltimore. M.

Depredations.—We have heard of several depredations recently committed by white laborers employed on the rail road in the neighborhood of Oxford, while under the influence of liquor—such as stopping carts and wagons on the road and running the horses up and down until they were satisfied and then let them go. Of course these parties are alone responsible for such conduct and not the company or officers and they should receive such punishment for their course as will teach them in the future not to molest travelers on the public road. A few days ago four of them took possession of a horse and wagon which was being driven by a small boy, on his way to mill, and was driven up and down the road as long as they saw fit, and then let him proceed on his journey.

☞ A little daughter of Mr. Preston Bidwell, had her person violated on Sunday afternoon last, by a colored man by the name of John Bishop, near Marydell out on the Dividing Creek. The little girl was [illegible] at the time, but as she was coming over her father's fence, and [illegible] into the woods—where his wicked purpose was accomplished. The girl is about 10 years and the man about 20. Bishop was captured by the officers, but was afterwards taken away by an excited populace and summary punishment threatened, but afterwards taking a more calm view of the matter [illegible] over to the authorities of Kent county. [illegible]

[illegible] Sold by G. H. Gibson, Druggist, Easton, Md. Any person in want of an excellent situation will find this an extraordinary opportunity. The sale will take place on the [illegible] of December.

Orphans' Home.—The Managers of the Home for Friendless Children on the Eastern Shore intend to open their Home on the 1st of January, 1871. It may not be generally known that other contributions besides money will be acceptable. Let it be borne in mind, that in opening The Home [illegible] They therefore solicit donations of every kind; house-furnishing articles of every description, dry-goods, groceries, [illegible] meat, vegetables, wood, &c. [illegible] housekeepers, those especially [illegible] their farms, look over their houses and see if they have some articles they can do without and send to the Home. Will not merchants and dealers generally spare something from their stores? [illegible] from their granaries, poultry yards, and other produce, of their farms, in addition to their contributions in money, to this subject?

Is it necessary, in order to stir you up to acts of benevolence on this behalf, to remind you of the design of the institution. It is to gather little ones bereft of paternal care into a home, where they will be sheltered protected, watched over in health, carefully tended in sickness, educated, taught the means of self support, and, more, than all, instructed in the word of God, and brought up in the nurture [illegible]

Help them in every way you can, to establish and sustain such charity, remember Scripture Word assures us, "There is that giveth and yet increaseth."

All donations to be sent to Mr. Elias C. Dawson, Easton, who has made arrangements to receive them for the present.

A Singular Rumor.—On Thursday last, early in the morning, it was currently rumored in town that W. H. Collier, store keeper and post master at Tavern, Robert Woods, had been found murdered in his store on the night previous. As our people heard of the rumor of course considerable interest began to be manifested, and Bell Dillon began to brighten up, ready to search out the supposed murderer, when the Coinfield train arrived and put an end to further conjecture.—Mr. Collier was reported well and has not received a scratch.

The Highland Light.—This commodious and swift steamer continues her trips to Easton and Oxford on the Choptank as usual. After the first of November her time of travel will extend as far as Denton, thereby giving the citizens of that town and county facilities for travel they have not for some time before possessed. We hope to see her liberally patronized.

Sudden Death.—On Tuesday afternoon last, Mrs. Elizabeth McNeal, widow of the late Jas. H. McNeal, Esq., was suddenly stricken down with apoplexy and expired about 3 o'clock on Wednesday morning. Mrs. McNeal was a model woman. Amiable, kind, and above all, she was a lady of confirmed piety. She leaves a large circle of friends to mourn their irreparable loss.

That Iron is Valuable as a Medicine has long been known, but it is only since its preparation in the particular form of Peruvian Syrup that its full power over disease has been brought to light.—Its effect in cases of dyspepsia and debility is most salutary.

Those who have lost their Roosters since the day of election, can find them by looking into the Democratic papers.

Thirty-Sixth Annual Report of the "Union Dorcas Society."

The Board of Managers of the "Union Dorcas Society" of Easton, in presenting their Thirty-Sixth Annual Report, feel under deep sense of obligations to God for His goodness and mercy through the year that has passed, and find cause to lift the voice of praise to Him who holds the hearts of all in His hand, that they have been so liberally sustained in their operations, and have been enabled to continue carrying relief to the suffering within the narrow sphere allotted to us.

When it is remembered that each year we tread the same beaten track of limited, but real usefulness, we can have nothing in our annual report which will attract by its novelty.

We should here offer our grateful acknowledgments to the friends of the Society, the merchants and citizens especially—who have cheered our hearts, and relieved our embarrassments by their prompt and generous donations. We also offer our acknowledgments to our friends in the country for their liberality in furnishing us with money, wood, &c, thereby enabling us to supply the wants of the poor more extensively. Nor would we forget the honor conferred upon our Society by the Grand Jury, who made us a liberal donation, which was most gratefully received.

Our little band has been blessed with a good degree of health—yet our Heavenly Father, knowing that affliction is good for His children, has seen fit in His wise providence to remove one of our number, and with saddened hearts we have borne her to the silent tomb. It will be long ere we cease to feel the void caused by the death of Mrs. Kersey, and truly may we say that her gain is our loss, for the poor will miss a kind and benevolent friend, and, we, a gentle but active coworker.

The Committee appointed for monthly duty report the following as the number of persons who have been visited and received aid from the Society since the last Annual meeting:

Twenty-one persons, twelve of whom are regular pensioners, who have received assistance, and 231 visits have been paid them during the year.

In February we lost one pensioner by death, after a long and painful illness, which he bore with christian fortitude. In July we lost another, one of our oldest pensioners.

The following is the Treasurer's report:

Received from Donation and Subscription Committees,	$344 61
Received in Merchandise,	72 5
" " Wood,	40 00
" " Medicine,	15 00
Total,	$471 11
The amount now in Treasury is,	$53 03
as shown by the following statement—	
Nov. 1, 1869, To balance in Bank,	$33 33
To am't deposited at sundry times,	211 78
	244 61
To am't expended as per Checks,	191 56
Am't now in Bank, Nov. 1, 1870,	53 05

Anna K. Dawson, Treasurer.

From the above Report it will be seen that our Treasury contains but a small surplus; only a few dollars will be left up after the demands of the present month have been satisfied, and we feel assured that the noble generosity which has upheld us for so many years, will not fail now. In looking forward to the approach of Winter these poor people are coming [illegible] the Society will be [illegible] them, their already burdened hearts must sink.

The Board, acting as almoners of your charities, have nothing to offer in return for your benevolence but their prayers for your temporal and spiritual welfare. Your reward is with the Majesty on high; look forward, then, ye friends of the poor, till we meet at the throne of our Saviour. The daughters of penury and affliction [illegible] the helpless Orphan, whose feet your bounty has turned from the path of vice to the temple of the living God will hail you as their benefactors, presenting you to the Judge of all the earth, saying, "Father, these are they, who, when I was hungry, fed me, and when naked, clothed me, receive them into the Kingdom of Thy righteousness."

Ere we close, Patrons and Friends, again we turn to you for a continuance of your favor. Past experience makes us confident in saying, we have no fear for the result of our appeal. Nobly heretofore have you given, and generously you will continue to do, remembering "That whoso giveth to the poor, lendeth to the Lord."
