LOCALS.

THE MASONIC FAIR.—The fair which has been in progress during the past week in the town Hall, for the purpose of assisting in the erection of a Masonic Temple in Easton, has received the most favorable encouragement from our citizens. The first day, the ladies took in $236. The second day $250, and so on. This speaks well for the perseverance of those connected with it and the liberality of the people. We hope the Order may succeed in all their efforts to secure funds, until a sufficient amount may be obtained to erect a building that will be an ornament to our town and a pleasing sight to every Mason that may look upon it. The following is a list of the officers and assistants, who have control of the fair:

Committee of Arrangements—Richard Thomas, John Baggs, A. W. Fountain, Richard J. Trippe, D. C. Avery, Walter H. Thompson, J. M. H. Bateman, Julius G. Miller, William Hemsley, S. T. Hopkins.

Sub-Committee—A. Matthewson, H. M. Mason, Eugene Arringdale, J. N. Baird.

ALMOST A FATAL ACCIDENT.—A few evenings ago, Mr. S. Oliver Elliott, residing a few miles from Easton, was at the house of a neighbor and attempted to get over a fence with a gun in his hand. He first put the gun over and then threw one leg over the fence, at the same time holding the gun a sufficient distance from him to prevent accident, as he supposed, but by some means the hammer must have been touched. At any rate he cap exploded and the gun discharged its contents—the load passing up by his head sufficiently close to burn his face. About three inches closer would have taken the gun to point immediately under the chin and another most horrible accident would have been the consequence. Fire arms should be handled with the most care possible.

RUNAWAY AND INJURY.—On Sunday last, as J. T. Robinson, Esq., and his wife was riding out in the direction of the rail road depot one of the carriage wheels flew off, which rendered the horse unmanageable and he ran away, throwing Mr. and Mrs. Robinson out.—J. L. Caldwell, Esq., happened to be coming along at the time, in his carriage and conveyed her to her residence, on Washington street, where she remained insensible for a time. Mr. Robinson was not so badly injured. We believe there were no bones broken and most of Mrs. R.'s suffering was caused from the concussion. Dr. Anderson rendered medical aid and she has very much recovered.

☞ Tuthill & Avery offer for sale this season thrashing machines, and farming implements of all kinds. They invite the farmers to examine their stock.

Do not fail to attend the Fair tonight.

PAINFUL ACCIDENT.—On Tuesday last, as Mrs. Doctor Matthews, of Oxford Neck, was coming down the Town Hall steps, in Easton, where she had been attending the Masonic Fair, now in progress there, after passing the platform, about halfway the flight, the heel of her gaiter struck a step. This threw her off her balance and before she could recover or assistance reach her, she pitched head foremost to the bottom step. A very painful wound was received on the upper part of the nose and a cut just above one of the eyes. At first it was feared that the nose was broken. She was conveyed to the residence of John W. Cheezum, Esq., and Dr. Matthews being present, rendered medical aid. The accident occurred about 11 o'clock, and we are glad to state that late in the after noon Mrs. M., had sufficiently recovered to be taken to her own residence—some twelve miles distant.

☞ The Baltimore *American* of Saturday copies two articles from our last issue and credits them to the *Star*. There is no excuse for this, as the name of the *Journal* is printed on every page. This crediting the *Journal's* items to the *Star* is too common to be agreeable, and we hope credit will be entirely omitted if it cannot be done correctly.—*Journal.*

We hope our friend, the *Journal*, did not think itself all alone in these matters. We believe the Baltimore *Sun* promptly credits the locals taken from all its exchanges in the State except to the *Easton Gazette* and when the Gazette's locals are not credited to the Star or Journal, the Sun says, we learn so and so, or such and such a thing occurred in Talbot county.

P. O. BUSINESS.—On and after Thursday, the 1st day of June, the summer arrangements of the Easton Post Office will go into effect. The office will be open as follows:—

From 7½ A. M. to 12 M.
From 1 P. M. to 7 P M.

The 6 o'clock mails which are now closed at 8 o'clock at night will be kept open until 5 o'clock in the morning.

By this means business men can deposit their letters in the front door box any time in the night and reach their destination in proper time.

CHANGE OF TIME TABLE.—J. L. Caldwell, Esq., Superintendent of the Md. & Del. rail road Company, for the accommodation of fruit-growers, has so changed his time table as to make the 10·30 train, on and after Monday, the 22d inst. start from the depot at Easton, at 3.15 P. M. By this arrangement closer connection with the upper train will be made and fruit growers can have all the morning to pick their fruit and then ship it in a perfectly fresh and solid state.—All freight intended for the morning or afternoon trains, should be at the depot thirty minutes before the starting time.

QUARTERLY MEETING.—The first quarterly meeting for Hillsborough Circuit, will be held at King's Creek M. E. Church, on Saturday, the 27th of the present month. On the following day, Sunday, the 28th inst., an all day meeting will be held in the woods adjoining the Church. Preaching at 10½ o'clock in the morning, 3 o'clock in the afternoon and at 7½ o'clock in the evening. The public are cordially invited to attend.

DINNER ON THE 4TH.—We have been requested to say that the ladies of the M. P. Church of Oxford, anticipate giving a dinner on the 4th of July for the benefit of that Church. They expect to have all the delicacies of the season, that the salt water can produce, and everything else calculated to spread a firstclass table, and to give those who may patronize them, the full worth of their money.

SHOW BEAR.—Mr. J. H. K. Shannahan had his fine beef decorated with wreaths of flowers and evergreens, yesterday, and on exhibition on Washington street. He weighed 1041 and was butchered for to day's market. We doubt whether there ever was finer beef at Easton Market. Any one wishing a cut of this well fattened beef can be supplied from Mr. Shannahan's stall, at the market.

PREPARE FOR HARVEST.—We invite the attention of farmers to the advertisement of Wm. C. Bray, Esq., in another column. He is prepared to do all kinds of wheelwrighting, blacksmithing, &c. At this time he is paying particular attention to the manufacture and repairing of wheat cradles, at moderate prices. Give him a call.

A BEAUTIFUL BOUQUET.—Oh, ye young bachelors and old bachelors if you could only see the beautiful bouquet we received the other day, you would sigh down to your very boot tops. It was composed of evergreens, flowers of brilliant colors, interspersed with white ones, and all tastefully arranged.

RETURNED.—We have no doubt the many friends of A. A. Townsend, Esq. are highly gratified at his return to Easton. For some time past he has been practising law in the Baltimore Courts, though not entirely disconnected from our Courts. He has now returned, however, to make this his residence.

THE LAST DAY.—We have been requested by the ladies who have in charge the Masonic Fair and Festival, that all articles not sold up to the hour of 8 o'clock this evening will be put up at public auction and sold.—We have not been advised as to whether the auctioneer will be one of the fair sex, but bespeak for the ladies a good audience for the occasion and liberal bidders for the goods.

SODA WATER.—Messrs. Henry & Goldsborough have set up their Soda fountain. They have all the popular syrups of the day and any one desiring to slake their thirst, have only to drop in and partake of their pure, sparkling soda.

BOOKS AND PACK.—On wednesday last, a man by the name of Peters, a resident of Caroline county, but at the time was on his way from the Delaware Bay, with a load of trout—fell from his wagon and broke his neck. We think he was under the influence of liquor.

READY FOR HOT WEATHER.—R. J. Trippe, Esq., Has just put up his fountain and received from the city, a supply of fresh soda water and a variety of syrups. He invites the public to try the delicious beverage.

Trustee's Sale
OF
Two Valuable Farms
IN
Island Creek Neck.

BY virtue of a decree of the Circuit Court for Talbot county, sitting in Equity, the undersigned, as Trustee, will offer at public sale, in front of the Court House, in Easton, on

Tuesday, 23d day of May next,

between the hours of 2 and 5 o'clock, P. M., of said day, all that valuable real estate known by the name of

'WAVERLEY,'

situate in Island Creek Neck, Talbot county, in manner following. First

Farm No. 1,

embracing that portion lying on Island Creek, known as the

'HOME PLACE,'

(saving and excepting a field separated by a cove and narrow on the left in entering,) and embracing also a portion of the farm over the road, exclusive of the buildings on the latter place, and containing

150 ACRES of LAND,

more or less, of which 29 3-4 Acres is in wood land.

This farm is admirably situated on Island Creek, within a mile and a half of the steamboat landing at Clara's Point, in a delightful neighborhood, with spacious lawn, and an abundance of fish, fowl, crabs, and all the luxuries of the salt water at the door. The oysters are the finest in the State, and are in large quantities within a few yards of the dwelling, several acres of ground being condemned for the purposes of bedding and entirely secure from depredation. This land is adapted to the growth of grass, grain, fruit and vegetables. It is especially noted for its wheat growing properties, and here was first grown in the State of Maryland, the beautiful white wheat known as the "New York Flint," now so celebrated and generally adopted.—There is an abundance of marl on the Shore, and in fact, underlying the surface of the whole farm. This marl is of the very best quality, and was spoken of in the report of the State Geologist, Duchatel, years ago, as with one exception, superior to any other to be found on the Shore. The improvements consist of a comfortable

FRAME DWELLING,

and the necessary out buildings, including stabling, carriage house, granery, tenement house, &c. By throwing a bridge across Island Creek, the whole neck will be brought into close connection with the Maryland & Delaware Railroad. Persons desiring a first class situation, with all the advantages of health, productiveness and a fine neighborhood, are invited to call and examine this property.

Farm No. 2,

comprising the field separated from the above described tract by the ravine and a line running in the country road, and also the remaining portion of the farm over the road, the line of division running nearly with the line extended from the ravine, containing

94 Acres, 1 Rood & 28 Perches, more or less,

of which 28 3-4 Acres is in woodland. The purchaser to have the privilege of removing the buildings which are near the line of division.

This farm has all the advantages of farm No. 1, including water situation, productiveness, marl and luxuries of the salt water. To one wishing a farm of this size the strongest inducements are offered.

Plots containing an account and description of both farms may be seen at the office of the undersigned in Easton.

Terms of Sale.

The terms prescribed by the decree are, one third of the purchase money to be paid in cash on the day of sale, and the balance in two equal instalments of one and two years from the day of sale, the credit payments to be secured by the bond of the purchaser, with approved security, bearing interest from the day of sale. Stamps and title papers at the expense of the purchaser.
