CITY INTELLIGENCE.

ARREST OF THREE LADIES AND A LITTLE GIRL.—On Wednesday last Mrs. Pamela Smith and three daughters arrived in this city from Washington, *en route* for Richmond, and stopped at the boarding house of Mrs. Waters, on Calvert street, below Lexington. They remained here until yesterday morning, when they were arrested at the instance of a detective police officer from Washington. When arrested, Mrs Smith, with her youngest daughter, was at the boarding house; but the two elder daughters were at the house of a cousin, where they were called upon by this detective and informed that their mother wished to see them. They at once started off, but had not gone far on the street when they were met by another officer, who told them that their mother was at the Provost Marshal's office, and they must go there too, which they did. The baggage of the parties, which at first had been left at the office of the Norfolk boat, was brought to the office of the Provost Marshal and there searched. Nothing "contraband of war" was found in the trunks of either of the ladies; but a lot of winter clothing, in a trunk belonging to a lady in Washington, who had requested Mrs. Smith to take it with her to Richmond for her son, was taken possession of. Mrs. Smith explained to the Marshal that she was not aware that she was doing wrong in carrying the trunk, and she was, therefore, not blamed in the matter. The persons of Mrs. Smith and her little daughter were searched also, but nothing "contraband" found. The entire party were then released, and will leave the city this morning for St. Mary's county, with the intention of waiting for a resumption of flags of truce between Norfolk and Fortress Monroe. Mrs. Smith and her daughters have Gen. Scott's "pass" through the lines.

ARREST OF GEN. THOMAS J. MCKAIG.—Hon. Thomas J. McKaig, State Senator from Allegany county, was arrested at the Eutaw House on Thursday night between ten and eleven o'clock, and taken to Fort McHenry. It will be remembered that Gen. McKaig was arrested at his residence in Cumberland some time since and taken to Ohio, where he was released upon condition that he would not leave that State without permission of the Federal authorities. It is stated that he remained there until within a few days past, when he made application to Gen. Kelly for permission to visit New York, Philadelphia and Baltimore. This was granted, upon his giving his parole that he would report himself to Gen. Kelly at a specified time, which is about twelve days hence. He arrived in this city on Thursday afternoon from Philadelphia, and was consequently arrested as above stated. The cause of his arrest could not be learned.

ANOTHER ARREST.—On Thursday, Mr. John F. Foster, a well-known gentleman of this city, was arrested in Frederick city, on the charge of attempting to get into the Southern Confederacy. This is the third time Mr. Foster has been arrested, and on neither occasion have the authorities been successful in sustaining their charges.

ARREST OF DESERTERS.—On Thursday afternoon two men, named James Ray and James Brown, were arrested on the charge of being deserters from the regular army. They belong to the 11th regiment of infantry, regulars, and escaped from Perryville by means of a small boat, in which they reached a canal boat which was en route for this city. On arriving here, they entered a clothing store for the purpose of providing themselves with citizens' apparel, and while in the act of purchasing, were arrested. They were taken to Fort McHenry, where they are now confined. Both of them professed to be warm adherents of the Confederate cause, and expressed their determination never to serve in the United States army. It was their intention, had they succeeded in changing their uniforms, to make their way, if possible, to Virginia.

REPORT OF INSPECTOR OF GAS FOR THE CITY OF BALTIMORE FOR THE WEEK ENDING OCTOBER 17, 1861:

Illuminating power in Candles.	Sulphur grains in 100 cubic feet.	Ammoniacal Gas.	Sulphuretted Hydrogen Gas.	Carbonic Acid Gas.	Pressure in main minimum.	Pressure in main maximum.	Pressure in gas.	Burning pressure.	Burning pressure during exam.	Bromine condensation.
15	less than 5 grains	in excess	none	none	40 — 10	20 — 10	2 — 10	4.75		

Remarks.—The illuminating power falls a trifle short of that of the last two weeks, but the gas is still very good. No fault can be found with it, except that it contains (according to the experience of other communities) an unnecessary quantity of ammonia and is supplied over a great part of the city under a very unnecessary pressure—that is, unnecessary for the interests of the consumer.

MARYLAND BAPTIST UNION ASSOCIATION.—The annual meeting of this association will take place on Wednesday, the 14th day of November, in the High street church. The annual sermon will be preached at 7 o'clock, P. M., by Rev. F. S. Kennard. The following committees will make report:

On Finance—H. Wood, Jr., G. K. Tyler, and F. Harrison, Jr.

On Sabbath Schools—Franklin Wilson, Wm. H. Hamer and Z. Richards.

On Destitute Fields—S. R. White, Wm. Rowe and T. Mettam.

On Temperance—B. H. Benton, W. B. Graves and S. C. Boston.

On Publications and Colportage—Geo. W. Samson, C. C. Meader and Alexander Butcher.

To Visit Columbian College—F. S. Kennard, G. P. Nice, E. M. Viers, Wm. Crane, Richard Fuller, A. Rothwell, W. S. McDowell, John Berg and T. Meurl.

On Bible Distribution—Richard Fuller, J. F. Stidham and T. U. Walter.

MARYLAND INSTITUTE.—The exhibition of the Maryland Institute continues to attract a large number of visitors, who bestow more attention upon the articles deposited than has been the case at any former exhibition. An additional attraction is offered this afternoon in the presence of the House of Refuge Band, composed of boys connected with that institution. The machinery department will also be in operation, which is not usually the case in the day-time.

Of the ornamental articles exhibited, none is more deserving of notice than the case of magnificent hair jewelry deposited by Messrs. Chas. Blake & Co., No. 217 Baltimore street, which for beauty of style and finish is unsurpassed. This case of goods attracts considerable attention from visitors, and is particularly admired by the ladies, many of whom turn from it with a longing, wistful glance.

In the absence of McLain, the perfumer, his place is well supplied by Mr. Francis Drexel, of this city, who spreads to the admiring gaze of the visitor a choice collection of colognes, extracts, and all articles for the toilet. He is constantly surrounded by a crowd of ladies, who are the best judges of the merits of his goods.

RECEIVING STOLEN GOODS.—A German woman named Elizabeth Hoffender was on Thursday arrested upon the charge of receiving a quantity of stolen goods. The circumstances which led to her arrest are that Daniel Maloney, a merchant on Lexington street, was robbed of two pieces of calico, valued at thirteen dollars, by two negro women, who were watched and traced to the residence of the accused, which is on Little Sharp street. Upon search being made the goods were found in her possession, together with other articles which were supposed to be stolen. She had an examination before a magistrate, which resulted in her being committed to jail to await the action of the Grand Jury.

A SPREE BETWEEN SOLDIERS AND A POLICEMAN.—A difficulty occurred yesterday afternoon between a party of soldiers and policeman Owens, of the Middle district, during which the policeman had occasion to rap one of the soldiers over the head with a billy, in reply to which, one of the soldiers fired his gun at the policeman, who responded with his revolver, but without effect. The soldier was taken to the Adams House Hospital, where his head was dressed, and the policeman will have a hearing this morning.

FIRE.—Between four and five o'clock yesterday morning a policeman discovered fire in an unoccupied two-story frame dwelling on Chappel street, belonging to James Blunt. An alarm was sounded from the box located on the corner of Pennsylvania avenue and Fremont street, but before the fire department arrived the flames had been extinguished. The loss, estimated at $25, is covered by a policy of insurance in the Associated Firemen's office.

SEIZURE OF A VESSEL AND CARGO.—The Surveyor of this port yesterday morning seized the sloop Bill Byrne, belonging to parties in this city, laden with one hundred and fifty barrels of sweet potatoes, upon the charge of being intended for Virginia. They were placed in the care of the United States Marshal.

SUDDEN DEATH.—A colored woman named Rebecca Dembey died quite suddenly at her residence on Orchard street on Wednesday. She had for some time been subject to hemorrhage of the lungs. An inquest was held by Coroner Greentree, and a verdict rendered that she came to her death from natural causes.

SEVERE ACCIDENT.—Yesterday morning Mr. A. R. Shipley was engaged working on the roof of a shed on his premises in Alice Anna street, near Bond, when he lost his footing and was precipitated to the ground. He fell across a pile of timber and broke two of his ribs. Dr. Ereck rendered medical assistance.

BODY FOUND.—The dead body of a white female child was yesterday morning found in the rear of house No. 71 Franklin street, between Lorew's alley and Park street. Dr. Grsentree, coroner, was notified, and held an inquest, the jury rendering a verdict that the child had been still-born.

ASSAULTING A WOMAN.—The policemen of the Western district yesterday arrested Conrad O. Ablin, upon the charge of committing an assault upon Laura Hays. He was arraigned before Justice Logan, who released him on bail to appear at Court to answer the charge.

FATAL ACCIDENT.—Mr. Hugh Bannan, No. 7 Rose street, fell from an engine last evening at the Bolton depot, and had both his legs cut off. He lived three-quarters of an hour. Deceased was 45 years of age, and leaves a widow and six children.

FOR FORT LAFAYETTE.—Mr. Robert Renwick, whose arrest on Wednesday last has heretofore been noticed, has been sent to Fort Lafayette, in charge of an officer.
