For Loans generally the market was steady. Maryland 1870 6's closed at 53¾ bid, and Baltimore City 6's left off at 79¾ bid, 80 asked for 1875's, and 82 bid for 1890's. The *Herald* says:

The imports and exports of the port during last week very nearly balanced each other—leaving out of view for the present the specie movement. The chief item of import was tea, of which over half a million was entered at the Custom House; next to this in amount were guns, wool, sugar, coffee and hides. Of dry goods we took $580,000—more than the average for some weeks past. Our exports consist mainly of articles of food—France being the chief buyer at present. Of our present exports of wheat nine-tenths go to France.

The Sub-Treasury balance ran down last evening to $4,741,060; so that the banks must have gained some six millions in specie from this source alone, exclusive of the receipts from the Mint and the country. It is therefore safe to look to-morrow for a handsome increase in the average.

Foreign exchange closed dull on Saturday at 107⅞@⅞ for bankers' bills on London, and 5 31¼@5 33¾ for francs. There was little or no demand, and the supply of bankers' bills was very light. Mercantile bills are scarcer than they were a few days ago. Brokers expect, however, a full supply this week, and a decline in rates in consequence.

Money is less active than it was at the beginning of the week, owing to the check which Mr. Seward's circular gave to the stock market. Still many of the bankers lend all they have at 6 per cent; the leading houses of the street are well supplied at five by their friends. First class mercantile paper is scarce, and sells at 6@7 per cent, without difficulty. Names which have been injured by the troubles of the past year are passed with difficulty, and at very high rates.

The following table shows the course of the stock market during the past week and last month:

Bacon Shoulders are bringing 6,@6¾ cts, Sides 6¾@6¾, and Hams range in price at from 8 to 11 cts., but the sales are only making in retail lots. There is no Bulk Meat selling and we can give no reliable quotations for it. Lard is steady at 6¾ cts. for City, and 8¾@9 cts. for Western. RICE.—Rice is firm at 7¾@7¾ cts. for good to prime. There is however very little here, and it is only selling in retail lots.

SUGARS.—There has been but little inquiry for Sugars for some days past, and there is less buoyancy of feeling in the market than there has been, but the stocks here are light, and holders are still quite firm in their views.
